

**Summary of additional changes recommended by the chairs of the Committee on Energy and Commerce and the Committee on Science, Space, and Technology to the text of H.R. 6213, as ordered reported. (*Summary provided by majority staff of committees.*)**

The following reflects differences between H.R. 6213, the “No More Solyndras Act,” as reported favorably by the Committee on Energy and Commerce on August 1, 2012, and Rules Committee Print 112-31:

- Sections 3(b), 3(c), and 7(c) have been revised to ensure that reports or analyses completed by the Department of Energy, the Department of the Treasury, and the Government Accountability Office that are provided to the Committee on Energy and Commerce shall also be provided to the Committee on Science, Space, and Technology.
- The scope of Section 6(a)(1) has been revised to clarify that administrative disciplinary actions taken pursuant to this section means those disciplinary actions available under Title V of the United States Code, or other applicable federal law, such as removal from office or suspension without pay.
