Rept. 113-499 (House report) accompanying H.R. 5013 (House bill) and S. Rept. 113-195 (Senate report) accompanying S. 2499 (Senate bill) as though stated in this explanatory statement, unless specifically directed to the contrary. This explanatory statement, while repeating some House and Senate report language for emphasis or clarification, does not negate such language unless expressly provided herein.

The agreement modifies language in section 7019 by including all funding directives referenced in this explanatory statement. In executing the directives provided in this explanatory statement, the Secretary of State, the Administrator of the United States Agency for International Development (USAID), and the Broadcasting Board of Governors (BBG) shall exercise the authority provided in section 7019(b) of this Act in a limited manner and in response to extraordinary circumstances. Additionally, the agreement assumes that the report required pursuant to section 653(a) of the Foreign Assistance Act of 1961 (FAA) shall be submitted within the specified time frame established by such Act.

In lieu of the funding directives in the House and Senate reports for Afghanistan, Pakistan, and Iraq, the Secretary of State shall submit to the Committees on Appropriations proposed funding levels for such countries in the report required in section 653(a) of the FAA and in the spend plan required by section 7076 of this Act. Prior to the submission of both reports, the Secretary of State shall consult with the Committees on Appropriations.

The Department of State, USAID, and other Federal agencies, as applicable, are directed to report to the Committees on Appropriations, not later than 90 days after enactment of this Act, on the estimated cost and steps required for the Department and such agencies to provide the compensation information requested under Executive Salaries and Compensation in the Introduction of the Senate report.

Section 7076(e) of this Act directs the Department of State and USAID to submit congressional budget justifications (CBJs) concurrent with the President's fiscal year 2016 budget request, including justifications for multi-year availability for funds requested under Diplomatic and Consular Programs and Operating Expenses. The Department of State, USAID,

and other agencies shall also include in CBJs, as applicable, the information in the Introduction of the Senate report under Congressional Budget Request and Justifications, on reimbursement agreements, the Economy Act, Working Capital Fund, office closures, and representation expenses.

The Department of State, USAID, and other agencies funded by this Act are directed to notify the Committees on Appropriations of—

- 1) reprogrammings of funds, as required by sections 7015 and 7019 of this Act, at the most detailed level of the CBJ, this Act, or explanatory statement;
- 2) significant departures in funding from the CBJ or the final report submitted pursuant to section 653(a) of the FAA; and
- 3) commitments requiring significant funding and staffing in future fiscal years.

The regular notification procedures of the Committees on Appropriations, including CBJ documents and operating and spend plans, shall not suffice for purposes of satisfying special notification requirements contained in this Act.

With respect to prior year reporting requirements referenced in the House and Senate reports, if such reporting requirements were completed prior to the enactment of this Act, the reporting agency shall consult with the Committees on Appropriations to determine if an additional report is required in fiscal year 2015. With regard to reporting requirements and instructions contained in prior year Acts that have not yet been submitted, unless specifically stated to the contrary, the agreement does not terminate such reporting requirements.

With respect to appropriations contained in this Act, the term “program, project, and activity” shall mean any item for which a dollar amount is specified in this Act or explanatory statement. In addition, the definition of program, project, and activity in section 7023 of this Act shall apply to the accounts listed in such section.

TITLE II
UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT
FUNDS APPROPRIATED TO THE PRESIDENT
OPERATING EXPENSES

The agreement provides \$1,090,836,000 for USAID Operating Expenses, of which \$163,625,000 may remain available until September 30, 2016, and an additional \$125,464,000 in title VIII under this heading is designated for OCO/GWOT pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985.

No funds are provided under this heading to increase the number of employee positions at USAID in fiscal year 2015. In addition to the reporting requirements regarding USAID staff included in the House and Senate reports, the USAID Administrator shall include the staffing levels and position titles for all Washington-based employees by bureau, office, or other unit. The USAID Administrator shall consult with the Committees on Appropriations prior to the submission of the report.

Section 7031(a)(1)(A)(iv) of this Act requires that “no level of acceptable fraud is assumed” by any implementing agency or ministry of a foreign government that receives direct government-to-government assistance. Recognizing that the risk of fraud exists in all countries, the USAID Administrator is directed to implement such section by ensuring that each implementing agency or ministry has fraud risk mitigation procedures that appropriately protect against fraud and the misappropriation of funds.

The agreement does not include a House provision that would authorize funds under Operating Expenses to remain available for an additional 4 years if such funds were initially obligated prior to expiration. The independent audit of USAID’s fiscal year 2014 consolidated financial statements, dated November 17, 2014, states that USAID’s process for de-obligating unliquidated obligations is ineffective and identifies this process as a significant internal control deficiency. In response, USAID set a target date of June 30, 2015, for completing actions to implement the audit recommendation. The USAID Administrator is directed to report to the Committees on Appropriations, not later than July 31, 2015, on the status of the implementation of the recommendation, any additional steps USAID has taken to improve the process for de-obligating unliquidated obligations, and the total unliquidated obligations by fiscal year funded in Operating Expenses.

Section 7057(j) of this Act directs the USAID Administrator to submit to the Committees on Appropriations, not later than 180 days after enactment of this Act, a plan to modify USAID's Foreign Service training, assignment, and promotion practices to enable all Foreign Service Officers to effectively incorporate local sustainable development practices into USAID assistance programs.

Using existing authority, funds are included under this heading for USAID to support the salaries and benefits for Global Development Lab (the Lab) program staff. No new authority is included to fund personnel from other accounts in this Act. USAID is encouraged to find innovative solutions to development challenges through the Lab and is further encouraged to seek buy-in from countries that the Lab programs seek to benefit. The USAID Administrator shall regularly consult with, and ensure the participation of, nongovernmental and governmental entities in developing countries at all stages of the Lab's activities. problems with existing dams in the country in the same river basin are being addressed before investments in new dams; and

Section 7034(o) modifies section 7034(p) in the Senate bill to direct the Secretary of State to report to the Committees on Appropriations on the uses of funds to implement section 620M(c) of the FAA.

Section 7034(r) includes the authority to establish and operate one or more enterprise funds for Egypt and Tunisia. The head of each such organization is also directed to consult with the Committees on Appropriations, not later than 90 days after enactment of this Act, on ways to reduce the amount

Funds made available for Middle East Response shall be made available to meet the directives in sections 7041(d) and (h), regarding assistance for Jordan and non-lethal assistance

to address the Syrian conflict, respectively. The agreement does not provide funding in a new Counterterrorism Partnerships Fund proposed by the Administration, and instead includes funding for similar purposes under existing headings.

In addition, funds should be used to disrupt and deny the financial revenue of extremist groups, counter violent extremism in accordance with section 7060(b) of this Act, and prevent the formation of splinter extremist groups.

Such training should be conducted in an inclusive manner that reduces ethnic and clan rivalries. Prior to the initial obligation of funds appropriated by this Act for such assistance, the Secretary of State, in consultation with the heads of other relevant federal agencies, shall submit to the appropriate congressional committees (as defined in section 1206(e) of Public Law 113-66) the updated strategy on Somalia required by section 1206(b)(3) of Public Law 113-66 and consult with the Committees on Appropriations on the content of such strategy, including specific program details, funding levels, and objectives. The Secretary shall also submit a report to such Committees, not later than September 30, 2015, detailing any obstacles encountered in implementing such strategy during the previous 12 months, and challenges for the future.

available as appropriate. The agreement recognizes that the United States provides the majority of international donor assistance for the MVM, and directs the Secretary of State to leverage assistance from other international donors to the extent practicable.

Sudan.—The Secretary of State should review United States assistance provided to the central government of any country that admits President Omar al-Bashir of Sudan and should consider reducing such assistance if the admission was for any reason other than to bring President Bashir to justice or to further the peace process between South Sudan and Sudan.

Sec. 7043. East Asia and the Pacific (Modified)

The agreement does not include language proposed in the Senate bill regarding calculations for the Asia Rebalancing Initiative. However, in preparing the report required by section 7043(a)(4) of the agreement, the Secretary of State shall be guided by the direction in section 7043(a)(4) of the Senate bill, except that for purposes of such calculations the baseline fiscal year shall be 2011 instead of 2012, and may include programs initiated prior to fiscal year 2011 for which significant funding increases were proposed for the Initiative in subsequent fiscal years.

Prior to the obligation of funds for the purposes of section 7043(a)(7), the Secretary of State shall submit the report required in such section in the Senate bill in the manner described.

- 2) implementing a policy of promoting army personnel who demonstrate professionalism and respect for human rights; and
- 3) taking steps to ensure that the Philippine army and paramilitary groups under its control are not engaging in acts of intimidation or violence against journalists or human rights defenders.

Afghanistan.—Section 7044(a)(2)(B) provides the Chief of Mission in Afghanistan with the responsibility for determining whether the Government of Afghanistan or other Afghan entities are capable of sustaining programs funded by this Act pursuant to the requirement of such section. Submission of congressional notifications for assistance for Afghanistan shall include a description of determinations on program sustainability for each program being notified.

Section 7044(a)(7) provides funding for an endowment to empower women and girls in Afghanistan, and the Secretary of State and USAID Administrator, as appropriate, shall submit a concept proposal and consult with the appropriate congressional committees prior to obligating funds for such purpose.

Sri Lanka.—Section 7044(e) continues restrictions on assistance, export licenses, sales and transfers of equipment for the Sri Lankan military unless the Secretary of State certifies and reports in writing to the Committees on Appropriations that the Government of Sri Lanka is—

Sec. 7045. Western Hemisphere (Modified)

Central America Migration Prevention and Response.—Section 7045(a) requires a strategy to address the key factors in the countries in Central America contributing to the migration of unaccompanied, undocumented minors to the United States. The Secretary of State, in consultation with the USAID Administrator, shall designate a lead office that is responsible for coordinating the strategy.

To implement such strategy, the agreement provides \$130,000,000 above the budget request under Development Assistance for El Salvador, Guatemala, and Honduras and under Economic Support Fund and International Narcotics Control and Law Enforcement for CARSI. Economic and social development programs funded under Development Assistance and Economic Support Fund should aim to improve prosperity in the region by focusing on education, vocational training, and employment opportunities, and should seek to strengthen families, including by reducing child abuse and neglect and facilitating foster care and adoption. Funds provided under International Narcotics Control and Law Enforcement should be

prioritized for enhanced border security initiatives, anti-trafficking and anti-gang programs, and counternarcotics and law enforcement activities.

Colombia.—The Government of Colombia has taken steps to improve respect for human rights and to dismantle illegal armed groups. However, significant challenges remain. In accordance with section 7045(b), 25 percent of the funds under Foreign Military Financing Program that are available for assistance for Colombia may be obligated only if the Secretary of State certifies and reports to the Committees on Appropriations that—

- 1) cases involving members of the Colombian military who have been credibly alleged to have violated human rights are subject only to civilian jurisdiction and the Colombian military is cooperating with civilian prosecutors and judicial authorities in such cases;
- 2) the Government of Colombia is upholding its international obligations by investigating, prosecuting, and punishing persons responsible for crimes against humanity, war crimes, and other gross violations of human rights, and is not offering amnesty to such persons; and

In accordance with section 7045(d), funds under Foreign Military Financing Program may be obligated for assistance for the Guatemalan army only if the Secretary of State certifies and reports to the Committees on Appropriations that—

- 1) the Government of Guatemala is implementing a credible plan to build a professional, accountable police force and end the army's involvement in internal law enforcement; and
- 2) civilian judicial authorities are investigating and prosecuting current and retired army personnel who are credibly alleged to have committed gross violations of human rights, and the Guatemalan army is fully cooperating in such cases, with the Inter-

American Commission for Human Rights, and with the International Commission against Impunity in Guatemala, including providing timely access for investigators to witnesses, documents (including archival documents), forensic evidence, and other relevant information.

Honduras.—In accordance with section 7045(f), 25 percent of the funds under International Narcotics Control and Law Enforcement and Foreign Military Financing Program that are available for assistance for the Honduran army and police may be obligated only if the Secretary of State certifies and reports to the Committees on Appropriations that—

- 1) agreements between the United States and Honduras concerning counternarcotics operations, including assistance for innocent victims of such operations, are being implemented;
- 2) the Government of Honduras is implementing policies to protect freedoms of expression, association, and assembly, and due process of law, including in the Bajo Aguan Valley, and taking steps to prevent threats and attacks against social activists and human rights defenders; and
- 3) civilian judicial authorities are investigating and prosecuting army and police personnel who are credibly alleged to have violated human rights, including forced evictions, or to have aided or abetted armed groups involved in such acts, the Honduran army and police are cooperating in such cases, and judicial proceedings are making steady progress.

Mexico.—The agreement supports assistance for Mexico to combat drug trafficking and related violence and corruption, and to strengthen judicial and law enforcement capacity. In recent years, Mexico has undertaken positive judicial reforms, including changes to the Code of Military Justice and enactment of the National Penal Procedures Code. However, significant challenges remain.

In accordance with section 7045(g), 15 percent of the funds under International Narcotics Control and Law Enforcement and Foreign Military Financing Program that are available for assistance for the Mexican army and police may be obligated only if the Secretary of State reports to the Committees on Appropriations that—

Sec. 7080. Small Grants Program (New)

Section 7080, which is modified from the Senate bill, establishes a Small Grants Program (SGP) to replace the existing Development Grants Program to provide small organizations access to USAID support for unsolicited proposals and funding through open and competitive processes. To ensure continuity of program expertise, the SGP program design and management shall be the responsibility of USAID's Local Sustainability Office of the Bureau for Economic Growth, Education and Environment. For purposes of this section, "eligible entities" means small local, international, and United States-based nongovernmental organizations (NGOs), educational institutions, and other small entities that have received less than a total of \$5,000,000 in direct United States Government support over the previous five years. USAID guidance shall include procedures in which not less than three USAID missions shall be competitively selected to run a multi-year SGP for their respective countries. Missions shall be selected, in part, on the basis of their engagement with local entities, which can provide long-term support to NGOs and other civil society organizations. Mission requests for SGP are not required to fit within USAID's country development plan, which has often acted as a barrier to meritorious unsolicited proposals. For the same reason, SGP funding may not be allocated or attributed toward certain funding directives prior to making awards. The agreement provides for a five-year period of availability of funds made available for the SGP. The agreement also provides that, upon selection, a mission may be allocated the full, estimated amount of SGP funding to carry out a multi-year SGP rather than having funds incrementally allocated on a yearly basis. These authorities should allow selected missions to plan and implement a multi-year SGP, and ensure the availability of necessary funding not otherwise attributed to meet additional funding directives. The agreement requires consultation with the appropriate congressional committees and expects such consultations to occur prior to the issuance of guidance for the SGP.
