DIVISION G - DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2020

In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in H. Rept. 116-78 (House report) accompanying H.R. 2839 and incorporated by reference by section 7066 in division D of H.R. 2740 (House bill) and S. Rept. 116-126 (Senate report) accompanying S. 2583 (Senate bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House and Senate report language for emphasis or clarification, does not negate language in such reports unless expressly provided herein. Language expressing an opinion or making an observation in the House or Senate reports represents the view of the respective committee unless specifically endorsed in this explanatory statement. In cases in which the House and Senate reports provide contradictory directives or instructions that are not addressed in this explanatory statement, such directives or instructions are negated.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House and Senate reports, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

In lieu of the tables and allocations of funding contained in the House and Senate reports, the tables and allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds.

Section 7019 of the Act requires that amounts designated in the respective tables included in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available at not less than such designated amounts, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act (FAA) of 1961, where applicable. The Act provides that the amounts designated in the tables shall be made available notwithstanding the date of the transmission of such report. Section 7019 also includes limited authority to deviate not more than 10 percent below such designated amounts and continues language similar to prior fiscal years including certain exceptions to the requirements of the section.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations, unless an exception or deviation authority is specifically provided herein.

For purposes of this explanatory statement, the term “prior Acts” means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, “division F of Public Law 116-6”, means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019.

For purposes of the Act and this explanatory statement, the term “regular notification procedures of the Committees on Appropriations” means such Committees are notified not less than 15 days in advance of the obligation of funds. The Secretary of State and United States Agency for International Development (USAID) Administrator are directed to submit notifications for the obligation of funds made available by the Act and prior Acts not later than 90 days prior to the expiration of such funds.

Congressional notifications submitted by the heads of the relevant Federal agencies contained in the Act for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer needed or intended to be used as previously justified.

For purposes of the Act and this explanatory statement, the term “prior consultation” means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which the Committees are provided a meaningful opportunity to provide facts and opinions to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Direction to consult with the “Committee” in either the House or Senate reports shall mean to consult with the Committees on Appropriations.

Notwithstanding authority included in any provision of the Act shall not be construed to exclude the requirements of such provision.

In the Act, the term “stabilization assistance” has the same meaning as defined by the Stabilization Assistance Review in “A Framework for Maximizing the Effectiveness of U.S.

Government Efforts to Stabilize Conflict-Affected Areas, 2018.”

Similar to prior fiscal years, funding is made available and designated as Overseas Contingency Operations/Global War on Terrorism (OCO/GWOT) pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) in the Act. Such funds are intended to address the extraordinary costs of operations and assistance in countries in conflict and areas of instability and violence, particularly for security, stabilization, and peacekeeping programs; humanitarian activities; and counterterrorism and counterinsurgency efforts. The Act does not contain or establish a regional limitation on use of OCO/GWOT.

The Secretary of State shall comply with the directive under section 7015 in the House report regarding the transfer or release of any individuals detained at Naval Station, Guantanamo Bay, Cuba in the manner described.

The agreement maintains the traditional uses and placement in title III for the Development Assistance and Economic Support Fund accounts.

The Director of the Peace Corps shall inform the Secretary of State prior to opening, closing, significantly reducing, or suspending an overseas office or country program, which will help strengthen communication and coordination of United States policy overseas.

Not later than 60 days after the release of any foreign assistance review or realignment prepared or conducted by the National Security Council, Office of Management and Budget, Department of State, or USAID, or any combination thereof, the Comptroller General of the United States shall provide an assessment of such review or realignment to the appropriate congressional committees, including an analysis of the methodology used to determine any recommendations included in such foreign assistance review or realignment. Each assessment shall be submitted in unclassified form but may include a classified annex.

The agreement directs the Department of State to fully restore \$40,026,539 in Economic Support Fund that lapsed at the end of fiscal year 2019 due to apportionment and obligation delays, including \$35,379,246 for the Bureau of Democracy, Human Rights, and Labor (DRL). Section 7059. Gender Equality (modified)

Pursuant to subsection (c), gender programs should incorporate coordinated efforts to combat a variety of forms of gender-based violence, including child, early, and forced marriage, rape, female genital cutting and mutilation, and domestic violence, in conflict and non-conflict settings.

The agreement provides up to \$100,000,000 for the Women's Global Development and Prosperity Fund and notes the allocation of \$200,000,000 to such Fund prior to the initial justification of the Fund in the fiscal year 2020 budget request.

Section 7060. Sector Allocations (modified)

Basic Education.—Of the funds made available by subsection (a)(1)(B), \$100,000,000 is included for the Global Partnership for Education and \$25,000,000 is included for Education Cannot Wait. The USAID Administrator shall consult with the Committees on Appropriations on such contributions to ensure adequate monitoring, evaluation, effectiveness, and sustainability of programs.

If the USAID Administrator determines that unobligated balances for basic education exceed the absorptive capacity of the country they are designated for, funds can be reprogrammed, following consultation with the Committees on Appropriations, for other development programs.

The agreement includes not less than the fiscal year 2018 level for USAID's Higher Education Solutions Network.

Environment Programs.—Subsection (c) includes authority for environment programs, subject to the regular notification procedures of the Committees on Appropriations.

CARPE funds transferred to USFWS are intended for protected areas management and wildlife protection in national parks.

Funds under this heading directed for transfer to other Federal agencies for environment programs should maximize the unique capabilities and technical expertise of such agencies

through transfers pursuant to 632(b) of the FAA. Transfers shall occur not later than 90 days after enactment of the Act and may be made prior to the requirements of sections 7015 and 7061 of the Act having been met. Prior to the expenditure of funds, and after consultation with USAID, receiving agencies shall submit spend plans to the Committees on Appropriations and USAID detailing the intended uses of such funds.
