

## Union Calendar No.

119TH CONGRESS  
1ST SESSION

# H. R. 2480

[Report No. 119-]

To require SelectUSA to coordinate with State-level economic development organizations to increase foreign direct investment in semiconductor-related manufacturing and production.

---

### IN THE HOUSE OF REPRESENTATIVES

MARCH 31, 2025

Mr. LANDSMAN (for himself and Mr. BENTZ) introduced the following bill;  
which was referred to the Committee on Energy and Commerce

APRIL --, 2025

Committed to the Committee of the Whole House on the State of the Union,  
and ordered to be printed

# **A BILL**

To require SelectUSA to coordinate with State-level economic development organizations to increase foreign direct investment in semiconductor-related manufacturing and production.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Securing Semicon-  
5       ductor Supply Chains Act of 2025”.

6       **SEC. 2. SELECTUSA DEFINED.**

7       In this Act, the term “SelectUSA” means the  
8       SelectUSA program of the Department of Commerce es-  
9       tablished by Executive Order No. 13577 (76 Fed. Reg.  
10      35715).

11      **SEC. 3. FINDINGS.**

12      Congress makes the following findings:

13           (1) Semiconductors underpin the United States  
14           and global economies, including manufacturing sec-  
15           tors. Semiconductors are also essential to the na-  
16           tional security of the United States.

17           (2) A shortage of semiconductors, brought  
18           about by the COVID–19 pandemic and other com-  
19           plex factors impacting the overall supply chain, has  
20           threatened the economic recovery of the United  
21           States and industries that employ millions of United  
22           States citizens.

23           (3) Addressing current challenges and building  
24           resilience against future risks requires ensuring a se-  
25           cure and stable supply chain for semiconductors that

1 will support the economic and national security  
2 needs of the United States and its allies.

3 (4) The supply chain for semiconductors is  
4 complex and global. While the United States plays  
5 a leading role in certain segments of the semicon-  
6 ductor industry, securing the supply chain requires  
7 onshoring, reshoring, or diversifying vulnerable seg-  
8 ments, such as for—

9 (A) fabrication;

10 (B) advanced packaging; and

11 (C) materials and equipment used to man-  
12 ufacture semiconductor products.

13 (5) The Federal Government can leverage for-  
14 eign direct investment and private dollars to grow  
15 the domestic manufacturing and production capacity  
16 of the United States for vulnerable segments of the  
17 semiconductor supply chain.

18 (6) The SelectUSA program of the Department  
19 of Commerce, in coordination with other Federal  
20 agencies and State-level economic development orga-  
21 nizations, is positioned to boost foreign direct invest-  
22 ment in domestic manufacturing and to help secure  
23 the semiconductor supply chain of the United States.

1   **SEC. 4. COORDINATION WITH STATE-LEVEL ECONOMIC DE-**  
2                   **VELOPMENT ORGANIZATIONS.**

3           Not later than 180 days after the date of the enact-  
4   ment of this Act, the Executive Director of SelectUSA  
5   shall solicit comments from State-level economic develop-  
6   ment organizations—

7           (1) to review—

8                   (A) what efforts the Federal Government  
9           can take to support increased foreign direct in-  
10          vestment in any segment of semiconductor-re-  
11          lated production;

12                  (B) what barriers to such investment may  
13          exist and how to amplify State efforts to attract  
14          such investment;

15                  (C) public opportunities those organiza-  
16          tions have identified to attract foreign direct in-  
17          vestment to help increase investment described  
18          in subparagraph (A); and

19                  (D) resource gaps or other challenges that  
20          prevent those organizations from increasing  
21          such investment; and

22          (2) to develop recommendations for—

23                  (A) how SelectUSA can increase such in-  
24          vestment independently or through partnership  
25          with those organizations; and

1 (B) working with countries that are allies  
2 or partners of the United States to ensure that  
3 foreign adversaries (as defined in section  
4 8(c)(2) of the Secure and Trusted Communica-  
5 tions Networks Act of 2019 (47 U.S.C.  
6 1607(c)(2))) do not benefit from United States  
7 efforts to increase such investment.

8 **SEC. 5. REPORT ON INCREASING FOREIGN DIRECT INVEST-**  
9 **MENT IN SEMICONDUCTOR-RELATED MANU-**  
10 **FACTURING AND PRODUCTION.**

11 Not later than 2 years after the date of the enact-  
12 ment of this Act, the Executive Director of SelectUSA,  
13 in coordination with the Federal Interagency Investment  
14 Working Group established by Executive Order No. 13577  
15 (76 Fed. Reg. 35715; relating to establishment of the  
16 SelectUSA Initiative), shall submit to the Committee on  
17 Commerce, Science, and Transportation of the Senate and  
18 the Committee on Energy and Commerce of the House  
19 of Representatives a report that includes—

- 20 (1) a review of the comments SelectUSA re-  
21 ceived from State-level economic development organi-  
22 zations under section 4;
- 23 (2) a description of activities SelectUSA is en-  
24 gaged in to increase foreign direct investment in

1 semiconductor-related manufacturing and produc-  
2 tion; and

3 (3) an assessment of strategies SelectUSA may  
4 implement to achieve an increase in such investment  
5 and to help secure the United States supply chain  
6 for semiconductors, including by—

7 (A) working with other relevant Federal  
8 agencies; and

9 (B) working with State-level economic de-  
10 velopment organizations and implementing any  
11 strategies or recommendations SelectUSA re-  
12 ceived from those organizations.

13 **SEC. 6. NO ADDITIONAL FUNDS.**

14 No additional funds are authorized to be appro-  
15 priated for the purpose of carrying out this Act.
