

Amendment offered by Congresswoman Andrea Salinas (OR-6)

Amendment description

The amendment would remove the statutory cap on the Whole-Farm Revenue Protection (WFRP). For producers using WFRP, there is a statutory cap on adding more acres to their operations, which results in new acreage operating without insurance. The amendment would remove that cap.

AMENDMENT

OFFERED BY Ms. SALINAS OF OREGON

Page 710, line 26, strike the period and the closed quotation mark and insert the following:

1 “(iv) DETERMINATION OF APPROVED
2 REVENUE.—For purposes of determining
3 an increase to approved revenue under the
4 plan developed under subparagraph (A),
5 the Corporation may not apply a maximum
6 percentage in relation to historic average.”.
