

Clint Krehbiel

Clint Krehbiel, a professor and administrator with decades of experience in animal science and ruminant nutrition at universities throughout the Southwest and Midwest, joined the Davis College of Agricultural Sciences & Natural Resources at Texas Tech University as Dean in January 2023. He arrived in Lubbock after serving as the Marvel L. Baker Department Head and Professor of Animal Sciences at the University of Nebraska in Lincoln since 2017. A native of Kansas who grew up on a diversified farm near McPherson, Krehbiel has an extensive history in agriculture. He earned his bachelor's (1988) and master's (1990) degrees in animal science and industry from Kansas State University and his doctorate in animal science with a concentration in ruminant nutrition from the University of Nebraska in 1994. Prior to joining the University of Nebraska, Krehbiel served on the faculty at Oklahoma State University for 17 years, leaving as a Regents Professor and Dennis and Martha White Endowed Chair of Ruminant Nutrition and Health and the assistant head of the Department of Animal Science. Before Oklahoma State, Krehbiel served three years as an assistant professor of ruminant nutrition at New Mexico State University. He also has held positions at the University of Nebraska while pursuing his doctorate and was a postdoctoral research associate at the Roman L. Hruska U.S. Meat Animal Research Center in Clay Center, Neb. He is a member of the American Society of Animal Science (ASAS), the American Dairy Science Association, the American Registry of Professional Animal Scientists and the Plains Nutrition Council. Krehbiel has received the ASAS Southern Section Outstanding Young Animal Scientist Award for Research, the Oklahoma State Department of Animal Science Tyler Award, the James A. Whatley Award for Meritorious Research in Agricultural Science, the Gamma Sigma Delta Research Scientist Award of Merit, the Sarkey's Distinguished Professor Award, the OSU University Service Award, and the American Feed Industry Association ASAS Ruminant Nutrition Award.
