As the President and CEO of Liberty Shipping Group LLC and Liberty Maritime Corporation (LMC), as well as the Chairman of Liberty Global Logistics LLC (LGL), Philip Shapiro heads ship owning, operating and multi-modal logistics companies with 9 ships aggregating over 500,000 DWT.

Prior to forming the Liberty Group in 1988, he was the Vice President and General Counsel of Apex Marine Corporation for eight years where he learned the intricacies of ship management, operations, chartering, insurance, new ship construction and repair contracts as well as maritime policy and programs. Before joining Apex, he worked as an Associate Attorney in a New York City law firm for two years.

In 1994, Mr. Shapiro was selected as one of four industry representatives to serve on then Secretary of Transportation Federico Pena's Working Group on Maritime Reform. The Working Group developed what has come to be known as the Maritime Security Program, subsequently enacted into law in 1996.

Mr. Shapiro is an elected member of the American Bureau of Shipping (ABS) and is also on the ABS Board of Directors. He is on the Board of Trustees of both the Coast Guard Foundation and the National Maritime Historical Society. He is a Director of the American Maritime Congress and the United Seamen's Service. Mr. Shapiro also serves as an Associate Trustee of the North Shore LIJ Hospital System.

He has been recognized by many organizations for his contribution to the U.S. shipping industry, his support for seafarers around the world and his work in promoting education. They include the Admiral of the Ocean Sea (AOTOS) Award from the United Seamen's Service, the Outstanding Friend of Seafarers Award from Seafarer's and International House, and the Distinguished Service Award from Hofstra University.

Born in New York City, Mr. Shapiro graduated from Columbia University in 1974 with a B.A. in Political Science. He received his Juris Doctor (J.D.) in 1978 from Hofstra University Law School.
