- line 4, strike "Division", insert "division".
- line 6, strike ":", insert "--".
- line 20, strike "—".

In the report:

On page 33, after the paragraph entitled "Staffing Levels.", insert the following new paragraph:

Port Everglades Assessment.—The Committee directs NMFS to submit to the Committee a report, no later than 90 days after the enactment of this Act, on the status of its review of the Assessment submitted by the Army Corps of Engineers for the Port Everglades Navigation Improvements Project in May 2024, and further directs the Department to submit updates to the Committee on a quarterly basis until the Department has completed its review of the Assessment.

On page 33, after the paragraph entitled "Shark Fin Sales Elimination Act.", insert the following new paragraph:

Hatchery and Genetic Management Plans.—Within the funds provided for NMFS Protected Resources Science and Management, the recommendation includes \$7,000,000 to address the remaining backlog of hatchery and genetic management plans (HGMPs) and support implementation of approved HGMPs by state and Tribal co-managers.

On page 36, before the paragraph entitled "Radar System Data.", insert the following new paragraph:

Weather Radio Coverage.—The Administrator of the National Oceanic and Atmospheric Administration shall report to the Committee no later than 180 days after the enactment of this Act on the extent to which NOAA Weather Radio coverage extends to populated areas at risk of tsunamis and make the findings available to the public. Additionally, the Committee strongly encourages the Administrator to work closely with other agencies, including the Federal Emergency Management Agency and the Federal Communications Commission, to clarify and document the responsibilities and decision-making process of the agencies with respect to the use of the Integrated Public Alert and Warning System to deliver tsunami alerts to the Emergency Alert System.

On page 38, before the paragraph entitled "Office of Marine and Aviation Operations.", insert the following new paragraph:

Office of Space Commerce.—The Committee urges the Office of Space Commerce (OSC) to provide dedicated funding and a plan to leverage commercial, proven Space situational awareness (SSA) processing software products and services to achieve full operational capability to support Space Traffic Coordination. As a critical enabler for this, the Committee further urges that OSC commit a significant amount of funding specifically tailored to the purchase of commercially available capabilities, products, and services from the U.S. private sector.

On page 96, strike the paragraph entitled "Magnetospheric Multiscale Mission" and insert the following paragraph:

Magnetospheric Multiscale Mission.—The recommendation includes \$26,000,000 for the Magnetospheric Multiscale mission (MMS) which will increase the understanding of the behavior of the sun and its interaction with Earth's magnetic field.

On page 102, after the paragraph entitled "CAPSTONE Mission Extension.", insert the following new paragraph:

Cislunar Communications and Navigation.—The Committee supports the continued development and implementation of the LunaNet architecture and LCRNS project to provide cislunar communications and navigation. The Committee encourages the Administrator to leverage prior investments of the United States Government and U.S. commercial sector, to the maximum extent possible, to support rapid demonstration of key technologies both in space and associated with the corresponding ground segment. Furthermore, the Administrator should prioritize domestic United States capabilities to ensure a resilient and secure architecture that may be augmented by foreign capabilities if necessary.

On page 138, in the “Community Project Funding” table, in the “Recipient” column, strike “The State University of New York at Albany” and replace with “The State University of New York, University of Albany”.

Rep. Hal Rogers
FY25-CJS
Amendment #2

House Appropriations Committee
Full Committee Markup

Republican En Bloc
Offered by Mr. Rogers of Kentucky

In the bill:

On page 150, after line 10, insert the following new section:

- Sec. 599. None of the funds made available by this Act may be used for algorithmic justice.

In the report:

On page 14, after the paragraph entitled "Information Technology Modernization.", insert the following new paragraph:

Anti-Boycott Compliance.—The recommendation includes \$38,709,000 for enforcement of export controls and sanctions in relation to Iran, China, North Korea and Russia as well as the for the continued prohibition on cooperation with countries participating in boycotts of countries friendly to the U.S., such as Israel.

On page 18, in the paragraph entitled "Broadband Equity Access and Deployment Coordination.", strike "is encouraged not to" and insert "shall not," after "(Public Law 117-58)." and; insert "If an eligible entity's initial proposal and its final proposal do not contain any such rate regulation provisions and are otherwise consistent with the purpose of the IIJA, then the Assistant Secretary shall approve an eligible entity's initial proposal and its final proposal," after "subgrantee selection."

On page 31, before the paragraph entitled "Threatened Marine Species.", insert the following new paragraph:

Gulf of Mexico Fish Species.—The recommendation includes \$5,000,000 to establish a partnership with the Gulf States Marine Fisheries Commission, to provide grants to academic partners, including consortiums of universities, and other partners to conduct fishery-independent research on transboundary, multi-jurisdictional fish species in the Gulf of Mexico for which current data is deficient (e.g. cobia, tripletail, tarpon, and gray triggerfish), including species that are solely managed by the Gulf States.

On page 39, after the paragraph entitled "Vessel Construction.", insert the following new paragraph:

Research Supercomputing.—The Committee recognizes the high-performance computing needs of NOAA research and the expanded computational resources necessary to maintain this critical mission to the overall research needs of the Agency. The recommendation includes \$15,000,000 to continue to develop a dedicated high performance computing facility consistent with prior year direction.

On page 49, after the paragraph entitled "Workforce Wellness and Suicide Prevention.", insert the following two new paragraphs:

Hamas Arrest and Extradition.—The Committee directs the Department and the Federal Bureau of Investigations (FBI), no later than 60 days after enactment of this Act, to report on efforts to indict, extradite and arrest members of Hamas, including Hamas leadership, who were involved in the October 7, 2023 terrorist attack in Israel. The Committee directs the Department and FBI to utilize funds made available under this act to forcefully engage with the State of Qatar to begin the process of arrest and extradition of Hamas' external leadership to be prosecuted in the United States for their crimes.

Illegal Streaming.— Streaming has fast become a dominant distribution medium for copyrighted works – both through legally licensed means and illegal piracy services. In response to requests from the Department, Congress passed strong protections against unauthorized streaming as part of the Consolidated Appropriations Act, 2021 (Public Law 116-260). The Committee directs the Department to prioritize streaming piracy cases and to detail within existing reports on copyright enforcement activities the actions it brings under section 2319C of title 18, United States Code.
