

## Florentino Gregorio- Bio

Florentino Gregorio is President and Owner of Anchor Construction Company in Washington D.C., and President of NUCA of DC.

Florentino and his company, Anchor Construction, joined NUCA in 2004. In 2008, Florentino joined NUCA's Board of Directors for 2008-2009, serving as Board Secretary in 2010-2011, Treasurer in 2011- 2012, and Vice President in 2012-2013. During these years, he quietly did the spade-work of building a NUCA Chapter in DC before he was elected President of the Board of Directors in 2013.

His role in establishing and building the NUCA of DC Chapter cannot be overstated. That chapter received its charter at the NUCA convention in 2012 due in large part to Gregorio's tireless work. A champion for NUCA and the value of working together, he hosted social events and meetings for area contractors and brought his personal style and generous spirit to each step of the chapter-founding process.

Florentino has a degree in Civil Engineering from University of Maryland. He incorporated Anchor Construction in 1985 and has managed infrastructure construction for more than 30 years.
