

Frank Dayish

SUMMARY

I have 29 years of extensive leadership experience in tribal, federal, and commercial procurement in the housing, health, Aerospace, electric and mining (Surface and Underground) industries. I have wide ranging experience in the political landscape at the tribal and national levels. Professional experience in federal contracting through streamlining with private industry and tribal business objectives while maintaining procurement integrity. Experience in leading a Tribal Government consisting of 6,000 employees with sixteen Divisions. Experienced in lobbying federal, state, and tribal governments in public programs such as health and education. This unique knowledge combination allows me to lead, manage and prescribe the appropriate degree of personalized analysis on developing strategic objectives consistent with organizational goals accentuating maximum return to shareholders and tribal organizations.
