

Opening Remarks

Member Day Hearing

April 30, 2024

Good Morning. It is my pleasure to welcome you to the Subcommittee on Labor, Health and Human Services and Education for Members Day. We are looking forward to taking testimony from Members of Congress this morning.

This is an opportunity for any Member of Congress to come before this panel and draw our attention to issues of importance in both their districts as well as across our nation. I look forward to hearing from my colleagues about the challenges they see and how this Subcommittee can help address them.

Before we begin, I'd like to turn to the Ranking Member for any remarks she would care to make.

[Ranking Member DeLauro makes remarks]

I'd like to now recognize our first witness, Representative Ruiz. Welcome.
