

ANNE HALE MIGLARESE

Ms. Miglarese is a nationally recognized geospatial data and technology expert, a seasoned executive with 28 years of experience in the geospatial and environmental field. She has an intimate understanding of local, state and federal relationships for the development of geospatial and environmental information and the resulting applications. Ms. Miglarese is the President and CEO of PlanetIQ LLC an atmospheric data sales company. Anne served as a Principal Director with Booz Allen Hamilton a technology consulting firm in Mclean Virginia. Prior to joining Booz Allen Ms. Miglarese was president and CEO of EarthData International an airborne mapping, remote sensing, and geographic information system (GIS) services Company that operates throughout the United States as well as internationally.

Prior to joining the private sector Ms. Miglarese served as chief of the National Oceanic and Atmospheric Administration's Coastal Services Center, where she directed the remote sensing and GIS programs of the organization for 10 years. Throughout her career, Ms. Miglarese has worked for numerous state agencies including the South Carolina Department of Health and Environmental Control, the Water Resources Commission, and the SC Department of Natural Resources.

Active in national policy governing remote sensing, GIS and spatial data generally, Ms. Miglarese is the past chairwoman of the National Geospatial Advisory Committee and is currently a member of the committee. Additionally she is on the Board of Directors of TerraGo Technologies. Anne is on the Editorial Board of Imaging Notes, *GeoSpatial Solutions* and GIS World. Anne was a past Chairwoman of the Federal Geographic Data Committee's Marine and Coastal Spatial Data Subcommittee. She was a founding member of the National States Geographic Information Council, a past chairwoman of the South Carolina State Mapping Advisory Committee, a previous board member of the Urban and Regional Information Systems Association and the board of directors Management Association of Private Photogrammetrist and Surveyors.

Ms. Miglarese has a B.S. and M.S. in geography from the University of South Carolina.
