AMENDMENT TO H.R. 6395
OFFERED BY MS. SLOTKIN OF MICHIGAN

At the appropriate place in title II, insert the following new section:

1 **SEC. 2 ____ . MODIFICATION OF NATIONAL SECURITY INNO-**
2 **VATION ACTIVITIES AND MANUFACTURING**
3 **PILOT PROGRAM.**

4 (a) NATIONAL SECURITY INNOVATION ACTIVITIES.—
5 Section 230 of the John S. McCain National Defense Au-
6 thorization Act for Fiscal Year 2019 (10 U.S.C. 2358
7 note) is amended—

8 (1) in subsection (a), by striking “The Under
9 Secretary of Defense for Research and Engineering
10 shall establish” and inserting “The Under Secretary
11 of Defense for Research and Engineering, acting
12 through the Director of the Defense Innovation
13 Unit, shall establish”;

14 (2) by redesignating subsections (e) through (h)
15 as subsections (f) through (i), respectively;

16 (3) by inserting after subsection (d) the fol-
17 lowing new subsection:

18 “(e) ESTABLISHMENT OF ADVISORY BOARD.—

1 “(1) IN GENERAL.—Not earlier than the date
2 specified in paragraph (5), but no later than 180
3 days after such date, the Under Secretary shall es-
4 tablish an advisory board within the Defense Innova-
5 tion Unit to advise the Under Secretary and the Di-
6 rector of the Unit with respect to the establishment
7 and prioritization of activities under such subsection
8 (a).

9 “(2) DUTIES.—The advisory board established
10 under paragraph (1) shall—

11 “(A) identify activities that should be
12 prioritized for establishment under subsection
13 (a);

14 “(B) not less frequently than semiannually,
15 reevaluate and update such priorities; and

16 “(C) ensure continuing alignment of the
17 activities established under subsection (a), in-
18 cluding all elements of such activities described
19 in subsection (b), with the overall technology
20 strategy of the Department of Defense.

21 “(3) MEMBERSHIP.—The advisory board estab-
22 lished under paragraph (1) shall be composed of one
23 or more representatives from each of the following:

24 “(A) Each science and technology reinven-
25 tion laboratory of the Department of Defense.

1 “(B) The primary procurement organiza-
2 tion of each Armed Force.

3 “(C) The Defense Innovation Board.

4 “(D) Such other organizations and ele-
5 ments of the Department of Defense as the
6 Under Secretary, in consultation with the Di-
7 rector of the Defense Innovation Unit, deter-
8 mines appropriate.

9 “(4) PLAN.—Not later than 90 days before the
10 date on which the advisory board is established
11 under paragraph (1), the Under Secretary shall sub-
12 mit to the congressional defense committees a plan
13 for establishing the advisory board, including a de-
14 scription of the expected roles, responsibilities, and
15 membership of the advisory board.

16 “(5) DATE SPECIFIED.—The date specified in
17 this paragraph is the date on which funds are first
18 appropriated or otherwise made available to carry
19 out subsection (a).”; and

20 (4) in subsection (h), as so redesignated, by
21 striking “subsection (h)” and inserting “subsection
22 (i)”.

23 (b) PILOT PROGRAM ON DEFENSE MANUFAC-
24 TURING.—Section 1711 of the National Defense Author-

1 ization Act for Fiscal Year 2018 (Public Law 115–91; 10
2 U.S.C. 2505 note) is amended—

3 (1) in subsection (d), by striking “the date that
4 is four years after the date of the enactment of this
5 Act” and inserting “December 31, 2026”; and

6 (2) in subsection (e), by striking “January 31,
7 2022” and inserting “January 31, 2027”.

AMENDMENT TO H.R. 6395
OFFERED BY MR. GALLAGHER OF WISCONSIN

At the appropriate place in title XII, insert the following:

1 **SEC. 12 ____ . MODIFICATION OF INITIATIVE TO SUPPORT**
2 **PROTECTION OF NATIONAL SECURITY AKA-**
3 **DEMIC RESEARCHERS FROM UNDUE INFLU-**
4 **ENCE AND OTHER SECURITY THREATS.**

5 Subsection (e) of section 1286 of the John S. McCain
6 National Defense Authorization Act for Fiscal Year 2019
7 (10 U.S.C. 2358 note) is amended by adding at the end
8 the following new paragraph:

9 “(4) PUBLICATION OF UPDATED LIST.—

10 “(A) IN GENERAL.—Not later than Janu-
11 ary 1, 2021, and annually thereafter, the Sec-
12 retary shall submit to the congressional defense
13 committees the most recently updated list de-
14 scribed in subsection (c)(8) in unclassified form
15 (but with a classified annex as applicable) and
16 make the unclassified portion of each such list
17 publicly available on an internet website in a
18 searchable format.

1 “(B) INTERVENING PUBLICATION.—The
2 Secretary may submit and publish an updated
3 list described in subparagraph (A) more fre-
4 quently than required by such subparagraph if
5 the Secretary determines necessary.”.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Elise Stefanik (NY-21)

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

**Information Environment Best Practices and Audience Segmentation
Methodologies**

The committee is encouraged by recent efforts by the Department of Defense to better understand and operate in the information environment, as required by section 1631 of the National Defense Authorization Act for Fiscal Year 2020. The committee understands that one of the mechanisms that the Department of Defense is adopting to more effectively understand the information environment are segmentation methodologies. Specifically, this information operations framework encourages an audience-focused approach that allows for better understanding of the demographics, behavior and effectiveness of messaging themes. The committee is interested in understanding how this methodology is resulting in more informed messaging campaigns, more intelligent risk management process, and more effective content distribution in coordination with interagency partners. Therefore, the committee directs the Secretary of Defense to provide a briefing to the House Committee on Armed Services, not later than 1 December 2020, on the information environment segmentation methodology framework. The briefing should include (1) an explanation of audience segmentation frameworks; (2) measures of effectiveness; (3) contextual lessons learned and best practices from employment in Afghanistan; (4) a plan on how this methodology could be employed in other areas of operations; and (5) how this framework nests with other Department of Defense and interagency capabilities

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Gallagher of Wisconsin

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Supercavitating Ammunition

In the committee reports (H. Rept 115-200 and H.Rept 115-70) to accompany the National Defense Authorizations Acts for FY 2018 and 2019 the committee has shared its interest in supercavitating ammunition technologies and shared support for the Departments efforts to evaluate and field this capability. The committee understands that a solution has been identified and is ready for procurement pending final evaluations.

Therefore, the committee directs the Secretary of the Army to provide to the Committees on Armed Services of the Senate and the House of Representatives, no later than September 30, 2020, an update to the briefing provided pursuant to the committee report accompanying the National Defense Authorization Act for Fiscal Years FY 2018 and FY 2019. This briefing shall include an overview of the current status of the project and an estimated plan for procurement.

AMENDMENT TO H.R. 6395
OFFERED BY MR. LAMBORN OF COLORADO

In subsection (b) of section 219 (log _____)—

- (1) strike “and” at the end of paragraph (2);
- (2) strike the period at the end of paragraph (3) and insert “; and”; and
- (3) add at the end the following new paragraph:

- 1 (4) develop a compendium on the effectiveness
- 2 of directed energy weapon systems and integrate the
- 3 compendium into an overall Joint Effectiveness
- 4 Manual under the guidance from the Joint Technical
- 5 Coordination Group for Munitions Effectiveness.

AMENDMENT TO H.R. 3695
OFFERED BY MR. LANGEVIN

At the appropriate place in title X, insert the following:

1 **SEC. 10** **BUDGET MATERIALS FOR SPECIAL OPER-**
2 **ATIONS FORCES.**

3 Section 226 of title 10, United States Code, is
4 amended—

5 (1) in subsection (a)—

6 (A) by inserting “of Defense and the Sec-
7 retary of each of the military departments”
8 after “Secretary”;

9 (B) by striking “2021” and inserting
10 “2022”;

11 (C) by striking “a consolidated budget jus-
12 tification display” and inserting “a budget jus-
13 tification display for each applicable appropria-
14 tion”;

15 (D) in the second sentence, by striking
16 “display” and all that follows and inserting
17 “displays shall include each of the following:”
18 and

1 (E) by adding at the end the following new
2 paragraphs:

3 “(1) Details at the appropriation and line item
4 level, including any amount for service-common sup-
5 port, acquisition support, training, operations, pay
6 and allowances, base operations sustainment, and
7 any other common services and support.

8 “(2) An identification of any change in the level
9 or type of service-common support and enabling ca-
10 pabilities provided by each of the military services or
11 Defense Agencies to special operations forces for the
12 fiscal year covered by the budget justification display
13 when compared to the preceding fiscal year, includ-
14 ing the rationale for any such change and any miti-
15 gating actions.

16 “(3) An assessment of the specific effects that
17 the budget justification display for the fiscal year
18 covered by the display and any anticipated future
19 manpower and force structure changes are likely to
20 have on the ability of each of the military services
21 to provide service-common support and enabling ca-
22 pabilities to special operations forces.

23 “(4) Any other matters the Secretary of De-
24 fense or the Secretary of a military department de-
25 termines are relevant.”;

1 (2) by redesignating subsection (b) as sub-
2 section (c); and

3 (3) by inserting after subsection (a) the fol-
4 lowing new subsection (b):

5 “(b) CONSOLIDATED BUDGET JUSTIFICATION DIS-
6 PLAY.—The Secretary of Defense shall include, in the
7 budget materials submitted to Congress under section
8 1105 of title 31, for fiscal year 2022 and any subsequent
9 fiscal year, a consolidated budget justification display con-
10 taining the same information as is required in the budget
11 justification displays required under subsection (a). Such
12 consolidated budget justification display may be provided
13 as a summary by appropriation for each military depart-
14 ment and a summary by appropriation for all Defense
15 Agencies.”.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Brown of Maryland

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Joint Vaccine Acquisition Program

The committee recognizes that botulism or plague have been identified as potential biological weapons against service members or the general public. The committee further recognizes that there are currently no available vaccines to protect against these threats. The committee notes that the Department of Defense has invested \$300M in developing a plague vaccine and \$375M in developing a botulism vaccine. The committee further notes the impact the current viral pandemic has had on national security, to include economic and military readiness, and that reductions to research and development of vaccines reduces the Department's ability to respond to pandemic outbreaks. The committee believes that the continuation of these existing projects under the Joint Vaccine Acquisition Program is necessary to ensure that a deployable vaccine for these agents is available to protect our warfighters and to provide continuity for capabilities under a scenario in which these agents are utilized in a combat environment. Therefore, the committee encourages the Secretary of Defense to continue the development of botulinum and plague vaccines and directs the Secretary of Defense to provide a briefing to the House Committee on Armed Services no later than November 1, 2020 on the acquisition strategy for the botulinum and plague vaccines, to include the status of the development, the cost to complete the development, and the risks if development is discontinued.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by Mr. Bacon of Nebraska

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Supporting Innovation for Servicemember and Family Readiness and Resiliency

The committee is concerned that the Department lacks a modern, software driven approach to support Servicemember and military family wellness, readiness and resiliency. The Department's reliance on duplicative and independent programs designed around static public health information has not kept pace with the demands of military life. The committee believes the Department must implement an aggressive digital transformation to improve the health, readiness and quality of life for servicemembers and their families that focuses on wellness and prevention.

Therefore, the committee directs the Secretary of Defense to provide a briefing to the congressional defense committees by December 1, 2020, on a plan to develop innovation partnerships for software-driven solutions that assist servicemembers and military families in implementing the total force fitness framework across their daily lives. The briefing shall include the following elements: (1) A strategy and timeline describing how the Department will implement a software-driven, systemic approach to total force fitness; (2) An overview of the Department's proposal to accelerate partnerships for total force fitness innovation; and (3) A description of how the Department intends to use existing authorities, including other transaction authorities, in combination with public-private partnerships to prototype agile and scalable digital solutions to improve total force wellness, readiness, and resiliency.

AMENDMENT TO H.R. 6395
OFFERED BY MR. WALTZ OF FLORIDA

At the appropriate place in title I, insert the following new section:

1 **SEC. 1 ____ . LIMITATION ON USE OF FUNDS FOR THE ARMED**
2 **OVERWATCH PROGRAM.**

3 None of the funds authorized to be appropriated by
4 this Act or otherwise made available for fiscal year 2021
5 for procurement for the Armed Overwatch Program of the
6 United States Special Operations Command may be obli-
7 gated or expended until the date on which—

8 (1) the Secretary of Defense certifies to the
9 congressional defense committees that—

10 (A) the Secretary has completed a require-
11 ments review of the Armed Overwatch Pro-
12 gram; and

13 (B) the Secretary has conducted a review
14 of the roles and responsibilities of the United
15 States Air Force and the United States Special
16 Operations Command with respect to close air
17 support and armed intelligence, surveillance,
18 and reconnaissance and, as a result of such re-
19 view, the Secretary has identified the Armed

1 Overwatch Program as a special operations
2 forces-peculiar requirement; and

3 (2) the Commander of United States Special
4 Operations Command submits to the congressional
5 defense committees—

6 (A) certification that the Commander or
7 Deputy Commander has approved the docu-
8 mentation of the Special Operations Command
9 Requirements Evaluation Board; and

10 (B) a requirements plan for the Armed
11 Overwatch program that includes—

12 (i) an analysis of alternatives;

13 (ii) a procurement plan over the pe-
14 riod covered by the most recent future-
15 years defense program submitted under
16 section 221 of title 10, United States
17 Code;

18 (iii) a sustainment plan with projected
19 costs;

20 (iv) a phase out plan of existing
21 armed intelligence, surveillance, and recon-
22 naissance platforms;

23 (v) a manpower and training analysis,
24 and;

1 (vi) doctrinal considerations for em-
2 ployment; and
3 (C) a roadmap analyzing whether the near-
4 term to mid-term multi-mission responsibilities
5 of the Armed Overwatch Program are con-
6 sistent with the intelligence, surveillance, and
7 reconnaissance requirements of the various spe-
8 cial operations forces units and missions, and
9 the geographic combatant commands.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Wittman of Virginia

In the portion of the report to accompany H.R. 6395 titled “High energy laser endless magazine definition” insert after the second sentence, the following new text: “Additionally, the committee understands that magazine depth is but one of the system variables that need to be considered in delivering required mission effectiveness within the size and weight constraints of the platform within which the system is integrated or with which it is otherwise deployed.”

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Brindisi of New York

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Air Force Advanced Technology Development Report

The committee recognizes that our service members and military leaders face evolving challenges that will require integration of the Air Force's science and technology development efforts in order to reassert the United States' competitive advantage across every warfighting domain. The committee is aware of the consolidation of thirteen Advanced Technology Development (ATD) Program Elements (PE) into five new PE lines within the Air Force's Research Development Test and Evaluation (RDT&E) funding in section 4201. The committee is concerned about losing insight and transparency during the Air Force's transition and implementation phase. Therefore, the committee directs the Secretary of the Air Force to submit an initial report to the congressional defense committees no later than October 30, 2021 on the amount of funding allocated to each Air Force Research Laboratory (AFRL) Directorate from the ATD RDT&E BA03 lines in Fiscal Year (FY) 2021. For transparency and consistency, the committee directs the Secretary of the Air Force to submit a final report to the congressional defense committees no later than October 30, 2022 on the amount of funding allocated to each AFRL Directorate from the ATD RDT&E BA03 lines in FY 2022.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Wittman of Virginia

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Consolidated Defense Data Program

The committee commends the Department of Defense's Chief Information Officer (CIO) for undertaking efforts to ensure the Department's data resources are well maintained and ready for use by a wide range of DOD users, and especially to leverage multiple artificial intelligence initiatives. As the Department continues to evaluate software and other electronic data solutions, the committee directs the Chief Information Officer and the Chief Management Officer of the Department of Defense to provide a briefing by March 30, 2021.

- (1) the digitization program for the Department's paper and analog records;
- (2) cost-effective methods to ensure proper records management compliance within the Department's digital modernization strategy

AMENDMENT TO H.R. 6395**OFFERED BY MR. LANGEVIN OF RHODE ISLAND**

At the end of title II, add the following new subtitle:

1 **Subtitle D—Emerging Technology**
2 **and Artificial Intelligence Matters**

3 **SEC. 241. STEERING COMMITTEE ON EMERGING TECH-**
4 **NOLOGY.**

5 (a) ESTABLISHMENT.—There is established in the ex-
6 ecutive branch a steering committee on emerging tech-
7 nology and national security threats (referred to in this
8 section as the “Steering Committee”).

9 (b) MEMBERSHIP.—The Steering Committee shall be
10 composed of the following:

11 (1) The Deputy Secretary of Defense.

12 (2) The Vice Chairman of the Joint Chiefs of
13 Staff.

14 (3) The Under Secretary of Defense for Intel-
15 ligence and Security.

16 (4) Such other officials of the Department of
17 Defense as are jointly appointed to Steering Com-
18 mittee by the officials specified in paragraphs (1)
19 through (3).

1 (c) CO-CHAIRS.—The officials specified in paragraphs
2 (1) through (3) of subsection (b) shall serve as co-chairs
3 of the Steering Committee.

4 (d) STAFF AND SUPPORT SERVICES.—Upon request
5 of the co-chairs, the Department of Defense shall provide
6 to the Steering Committee, on a reimbursable basis, such
7 staff and administrative support services as are necessary
8 for the Committee to carry out its responsibilities under
9 this section.

10 (e) RESPONSIBILITIES.—The Steering Committee
11 shall be responsible for—

12 (1) developing a strategic vision for the organi-
13 zational change, concept and capability development,
14 and technology investments in emerging technologies
15 that are needed to maintain the technological edge
16 of the military and intelligence community of the
17 United States;

18 (2) providing credible assessments of emerging
19 threats and identifying investments and advances in
20 emerging technology undertaken by adversaries of
21 the United States;

22 (3) making recommendations to the Secretary
23 of Defense on—

24 (A) the implementation of the strategy de-
25 veloped under to paragraph (1); and

1 (B) steps that may be taken to address the
2 threats identified under to paragraph (2);

3 (4) coordinating with the Joint Committee on
4 Research Environments of the National Science and
5 Technology Council; and

6 (5) carrying out such other activities as are as-
7 signed to the Steering Committee by the Secretary
8 of Defense.

9 (f) COORDINATION WITH JAIC.—The co-chairs shall
10 coordinate the activities of the Steering Committee with
11 the activities of the Board of Directors of the Joint Artifi-
12 cial Intelligence Center established under [section 218
13 (log 70936)], as appropriate.

14 (g) EMERGING TECHNOLOGY DEFINED.—In this sec-
15 tion, the term “emerging technology” means technology
16 determined to be in an emerging phase of development by
17 the Secretary of Defense, including quantum computing,
18 technology for the analysis of large and diverse sets of
19 data (commonly known as “big data analytics”), artificial
20 intelligence, autonomous technology, robotics, directed en-
21 ergy, hypersonics, biotechnology, and such other tech-
22 nology as may be identified by the Secretary.

1 **SEC. 242. TRAINING FOR HUMAN RESOURCES PERSONNEL**
2 **IN ARTIFICIAL INTELLIGENCE AND RELATED**
3 **TOPICS.**

4 (a) DEPARTMENT OF DEFENSE.—

5 (1) TRAINING PROGRAM.—Not later than one
6 year after the date of the enactment of this Act, the
7 Secretary of Defense shall develop and implement a
8 program to provide covered human resources per-
9 sonnel with training in the fields of software devel-
10 opment, data science, and artificial intelligence, as
11 such fields related to the duties of such personnel.

12 (2) ELEMENTS.—The training provided under
13 paragraph (1) shall include—

14 (A) a generalist's introduction to—

15 (i) software development and business
16 processes;

17 (ii) data management practices re-
18 lated to machine learning;

19 (iii) machine learning, deep learning,
20 and artificial intelligence;

21 (iv) artificial intelligence workforce
22 roles; and

23 (v) cybersecurity and secure software
24 development; and

25 (B) training in the authorities and proce-
26 dures that may be used to recruit software de-

1 velopers, data scientists, and artificial intel-
2 ligence professionals, including direct hiring au-
3 thorities, excepted service authorities, the Inter-
4 governmental Personnel Act of 1970 (42 U.S.C.
5 4701 et seq.), and authorities for hiring special
6 government employees and highly qualified ex-
7 perts.

8 (3) CERTIFICATE OF COMPLETION.—The Sec-
9 retary of Defense shall issue a certificate of comple-
10 tion to each individual who successfully completes
11 the training provided under paragraph (1), as deter-
12 mined by the Secretary.

13 (4) IMPLEMENTATION.—The Secretary of De-
14 fense shall implement the training program under
15 paragraph (1) as follows:

16 (A) In the first year in which the training
17 program is carried out, the Secretary shall en-
18 sure that not less than 20 percent of covered
19 human resource personnel complete the pro-
20 gram.

21 (B) In each year of the training program
22 after the first year, the Secretary shall ensure
23 that not less than an additional 10 percent of
24 covered human resources personnel complete

1 the program until 80 percent of such personnel
2 have completed the program.

3 (C) After achieving the 80 percent comple-
4 tion rate specified in subparagraph (B), the
5 Secretary shall ensure, in each year, that not
6 less than 80 percent of covered human re-
7 sources personnel have completed the training
8 program.

9 (b) COVERED HUMAN RESOURCES PERSONNEL DE-
10 FINED.—In this section, the term “covered human re-
11 sources personnel” means members of the Armed Forces
12 and civilian employees of the Department of Defense, in-
13 cluding human resources professionals, hiring managers,
14 and recruiters, who are responsible for hiring software de-
15 velopers, data scientists, or artificial intelligence profes-
16 sionals for the Department.

17 **SEC. 243. UNCLASSIFIED WORKSPACES FOR PERSONNEL**
18 **WITH PENDING SECURITY CLEARANCES.**

19 (a) GUIDANCE REQUIRED.—Not later than 180 days
20 after the date of the enactment of this Act, the Secretary
21 of Defense shall issue guidance to ensure, to the extent
22 practicable, that all facilities the Department of Defense
23 at which covered personnel perform work functions have
24 unclassified workspaces.

1 (b) USE OF WORKSPACES BY OTHER PERSONNEL.—

2 The guidance issued under subsection (a) shall include
3 guidelines under which appropriately screened individuals
4 other than covered personnel, such as interns and visiting
5 experts, may use unclassified workspaces on a space-avail-
6 able basis.

7 (c) REPORT REQUIRED.—Not later than 90 days
8 after the issuance of the guidance under subsection (a),
9 the Secretary of Defense shall submit to the congressional
10 defense committees a report that includes—

11 (1) a plan for implementing the guidance;

12 (2) a description of how existing facilities may
13 be modified to accommodate unclassified workspaces;
14 and

15 (3) identification of any impediments to making
16 unclassified workspace available as described in sub-
17 section (a).

18 (d) DEFINITIONS.—

19 (1) In this section, the term “unclassified work-
20 space” means a workspace at which unclassified
21 work may be performed.

22 (2) The term “covered personnel” means a
23 member of the Armed Forces or a civilian employee
24 of the Department of Defense who has applied for,
25 but who has not yet received, a security clearance.

1 **SEC. 244. PILOT PROGRAM ON THE USE OF ELECTRONIC**
2 **PORTFOLIOS TO EVALUATE APPLICANTS FOR**
3 **CERTAIN TECHNICAL POSITIONS.**

4 (a) PILOT PROGRAM.—Beginning not later than one
5 year after the date of the enactment of this Act, the Sec-
6 retary of Defense shall carry out a pilot program under
7 which applicants for technical positions within the Depart-
8 ment of Defense will be evaluated, in part, based on elec-
9 tronic portfolios of the applicant's work, as described in
10 subsection (b).

11 (b) ACTIVITIES.—Under the pilot program, the
12 human resources manager of an organization of the De-
13 partment of Defense participating in the program, in con-
14 sultation with relevant subject matter experts, shall assess
15 each applicant for a technical position in the organization
16 by reviewing an electronic portfolio of the applicant's best
17 work, as selected by the applicant.

18 (c) SCOPE OF PROGRAM.—The Secretary of Defense
19 shall carry out the pilot program under subsection (a) in
20 at least one major command of each military department.

21 (d) REPORT.—Not later than two years after the
22 commencement of the pilot program under subsection (a),
23 the Secretary of Defense shall submit to the congressional
24 defense committees a report on the results of the program.
25 At a minimum, the report shall describe—

1 (1) how the use of electronic portfolios in the
2 hiring process affected the timeliness of the hiring
3 process for technical positions in organizations of
4 the Department of Defense participating in the pro-
5 gram;

6 (2) the level of satisfaction of organization lead-
7 ers, hiring authorities, and subject matter experts
8 with the quality of applicants that were hired based
9 on evaluations of electronic portfolios.

10 (e) TECHNICAL POSITION DEFINED.—In this section,
11 the term “technical position” means a position in the De-
12 partment of Defense requiring expertise in artificial intel-
13 ligence, data science, or software development.

14 (f) TERMINATION.—The authority to carry out the
15 pilot program under subsection (a) shall terminate five
16 years after the date of the enactment of this Act.

17 **SEC. 245. SELF-DIRECTED TRAINING IN ARTIFICIAL INTEL-**
18 **LIGENCE.**

19 (a) ONLINE ARTIFICIAL INTELLIGENCE COURSES.—
20 The Secretary of Defense shall make available a list of
21 approved online courses relating to artificial intelligence
22 that may be taken by civilian employees of the Department
23 of Defense and members of the Armed Forces on a vol-
24 untary basis while not engaged in the performance of their
25 duties.

1 (b) DOCUMENTATION OF COMPLETION.—The Sec-
2 retary of Defense shall develop and implement a system—

3 (1) to confirm whether a civilian employee of
4 the Department of Defense or member of the Armed
5 Forces has completed an online course approved by
6 the Secretary under paragraph (1); and

7 (2) to document the completion of such course
8 in the personnel file of such employee or member.

9 (c) REWARD SYSTEM.—The Secretary of Defense
10 shall develop and implement a system to reward civilian
11 employees of the Department of Defense and members of
12 the Armed Forces who complete an online course approved
13 by the Secretary under paragraph (1), which may in-
14 clude—

15 (1) for a member of the Armed Forces, a 24-
16 hour pass which may be used on a stand-alone basis
17 or in conjunction with other leave, holiday, or week-
18 end periods; and

19 (2) for a civilian employees of the Department,
20 up to 8 hours of additional leave.

21 (d) DEADLINE.—The Secretary of Defense shall
22 carry out the activities described in subparagraphs (a)
23 through (c) not later than 180 days after the date of the
24 enactment of this Act.

AMENDMENT TO H.R. 6395
OFFERED BY MR. LANGEVIN

At the appropriate place in title X, insert the following:

1 **SEC. 10 ____ . SUPPORT OF SPECIAL OPERATIONS TO COM-**
2 **BAT TERRORISM.**

3 Section 127e of title 10, United States Code, is
4 amended—

5 (1) by striking subsection (c) and inserting the
6 following new subsection (c):

7 “(c) PROCEDURES.—

8 “(1) IN GENERAL.—The authority in this sec-
9 tion shall be exercised in accordance with such pro-
10 cedures as the Secretary shall establish for purposes
11 of this section. The Secretary shall notify the con-
12 gressional defense committees of any material
13 change to such procedures.

14 “(2) ELEMENTS.—The procedures required
15 under paragraph (1) shall establish, at a minimum,
16 each of the following:

17 “(A) Policy, strategy, or other guidance for
18 the execution of, and constraints within, activi-
19 ties conducted under this section.

1 “(B) The processes through which activi-
2 ties conducted under this section are to be de-
3 veloped, validated, and coordinated, as appro-
4 priate, with relevant Federal entities.

5 “(C) The processes through which legal re-
6 views and determinations are made to comply
7 with this section and ensure that the exercise of
8 authority under this section is consistent with
9 the national security of the United States.

10 “(3) NOTICE TO CONGRESS.—The Secretary
11 shall provide to the congressional defense commit-
12 tees a notice of the procedures established pursuant
13 to this section before any exercise of the authority
14 in this section, and shall notify such committees of
15 any material change of the procedures.”;

16 (2) in subsection (d)—

17 (A) in the subsection heading, by inserting
18 “OF INITIATION OF SUPPORT OF AN APPROVED
19 MILITARY OPERATION” after “NOTIFICATION”;
20 and

21 (B) in paragraph (1), by striking “15” and
22 inserting “30”;

23 (3) by redesignating subsections (e) through (h)
24 as subsections (f) through (i), respectively;

1 (4) by inserting after subsection (d) the fol-
2 lowing new subsection (e):

3 “(e) NOTIFICATION OF MODIFICATION OR TERMI-
4 NATION OF SUPPORT OF AN APPROVED MILITARY OPER-
5 ATION.—

6 “(1) IN GENERAL.—Except as provided in para-
7 graph (2), the Secretary shall provide to the con-
8 gressional defense committees notice in writing by
9 not later than—

10 “(A) 15 days before exercising the author-
11 ity under this section to modify the support of
12 an approved military operation;

13 “(B) 30 days before exercising the author-
14 ity under this section to terminate the support
15 of an approved military operation; or

16 “(C) as applicable, 30 days before exer-
17 cising any other authority under which the Sec-
18 retary engages or plans to engage with foreign
19 forces, irregular forces, groups, or individuals.

20 “(2) EXTRAORDINARY CIRCUMSTANCES.—If the
21 Secretary finds the existence of extraordinary cir-
22 cumstances affecting the national security of the
23 United States, the Secretary shall provide the notice
24 required under paragraph (1) not later than 48

1 hours before exercising authority referred to in sub-
2 paragraph (A) or (B) of such paragraph.

3 “(3) ELEMENTS.—Notice provided under para-
4 graph (1) with respect to the modification or termi-
5 nation of support shall includes each of the following
6 elements:

7 “(A) A description of the reasons for the
8 modification or termination.

9 “(B) A description of the potential effects
10 of the modification or termination of support on
11 the forces providing the support.

12 “(C) A plan for the modification or termi-
13 nation of the support, including the consider-
14 ation of the transition of such support from one
15 fiscal authority to another.

16 “(D) A list of any relevant entities of the
17 United States Government that are or will be
18 involved in the modification or termination of
19 such support, including any planned transition
20 of such support from one Government entity to
21 another.”;

22 (5) in subsection (i)(3), as redesignated by
23 paragraph (3)—

1 (A) by redesignating subparagraphs (G)
2 and (H) as subparagraphs (H) and (I), respec-
3 tively; and

4 (B) by inserting after subparagraph (F)
5 the following new subparagraph (G):

6 “(G) If there is a plan to modify or termi-
7 nate the support to military operations to com-
8 bat terrorism in any way, a detailed description
9 of the plan, including—

10 “(i) a description of the reasons for
11 the modification or termination;

12 “(ii) the potential effects of the modi-
13 fication or termination of support on the
14 forces providing the support;

15 “(iii) a detailed plan for the modifica-
16 tion or termination of the support; and

17 “(iv) a list of any relevant Govern-
18 ment entities that are or will be involved in
19 the modification or termination of such
20 support, including any planned transition
21 of such support from one Government enti-
22 ty to another.”; and

23 (6) by adding at the end the following new sub-
24 section:

1 “(j) MODIFICATION DEFINED.—In this section, the
2 term ‘modification’, with respect to support provided for
3 an approved military operation, means—

4 “(1) an increase or decrease in funding of more
5 than \$750,000 or change greater than 40 percent of
6 the material resources provided;

7 “(2) an increase or decrease in the amount or
8 type of equipment that significantly alters the use of
9 or risk to foreign forces, irregular forces, groups, or
10 United States special operations forces; or

11 “(3) a change in the legal or operational au-
12 thorities.”.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Rick Larsen

In the portion of the report to accompany H.R. 6395 titled “Feasibility assessment of establishing large and open defense based data sets”, strike the following text: “Director of the Information Innovation Office at the Defense Advanced Research Projects Agency” and insert the following new text “Under Secretary of Defense for Research and Engineering”.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by Mr. Waltz:

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Use of Artificial Intelligence to Analyze Beneficial Ownership of Defense Contractors

The Committee remains concerned with the threat of peer and near-peer competitors acquiring critical technology developed by American companies via shell corporations that hide their true ownership in order to circumvent review by the Committee on Foreign Investment in the United States. The Committee, therefore, directs the Director of the Defense Innovation Unit to provide a briefing to the House Committee on Armed Services by April 30, 2021 on commercial capabilities, current challenges, and required resources necessary to develop artificial intelligence for analyzing beneficial ownership of defense contractors or corporations seeking Department of Defense contracts. The artificial intelligence and related capabilities reviewed should be capable of identifying organizations or individuals that hide ownership or investments in companies that contract with the Department of Defense for critical technology.

AMENDMENT TO H.R. 6395
OFFERED BY MR. WALTZ OF FLORIDA

At the appropriate place in title V of the bill, insert
the following:

1 **SEC. 5 ____ . SUPPORT SERVICES FOR MEMBERS OF SPECIAL**
2 **OPERATIONS FORCES AND IMMEDIATE FAM-**
3 **ILY MEMBERS.**

4 (a) IN GENERAL.—Section 1788a of title 10, United
5 States Code, is amended—

6 (1) in the heading—

7 (A) by striking “**Family support**” and
8 inserting “**Support**”;

9 (B) by striking “**immediate family**
10 **members of**”; and

11 (C) by adding “**; immediate family**
12 **members**” at the end;

13 (2) in subsection (a), by striking “for the imme-
14 diate family members of members of the armed
15 forces assigned to special operations forces”;

16 (3) in subsection (b)(1)—

17 (A) by striking “the immediate family
18 members”; and

1 (B) by inserting “and the immediate fam-
2 ily members of such members” before the semi-
3 colon;

4 (4) in subsection (d)(2)—

5 (A) in subparagraph (A)—

6 (i) by striking “family members of”;

7 and

8 (ii) by inserting “and immediate fam-
9 ily members of such members” before the
10 period;

11 (B) in subparagraph (B)—

12 (i) by striking “and on family mem-
13 bers of” and inserting a comma; and

14 (ii) by inserting “, and immediate
15 family members of such members” before
16 the period; and

17 (5) in subsection (e)(4)—

18 (A) by inserting “psychological support,
19 spiritual support, and” before “costs”;

20 (B) by striking “immediate family mem-
21 bers of”;

22 (C) by inserting “(including the reserve
23 components)” after “members of the armed
24 forces”; and

1 (D) by inserting “, and immediate family
2 members of such members,” before “while”.

3 (b) CLERICAL AMENDMENT.—The table of sections
4 at the beginning of chapter 88 of title 10, United States
5 Code, is amended by striking the item relating to section
6 1788a and inserting the following:

“1788a. Support programs: members of special operations forces; immediate
family members”.

Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021

Offered by: Ms. Houlahan of Pennsylvania

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Assessment of Department of Defense Training Programs and Resources Regarding
the Role of Women as Participants of Violent Extremism.

The committee directs the Secretary of Defense to conduct an assessment and submit a report to the House Committee on Armed Services by April 30, 2021 on existing programs, tools, and resources of the Department of Defense for training members of the United States Armed Forces and other personnel of the Department of Defense regarding the role of women as participants of violent extremism. The assessment shall consider the totality of the varied roles of women in all aspects of fomenting violent extremism including, but not limited to, as—

- (1) recruiters;
- (2) sympathizers;
- (3) perpetrators; and
- (4) combatants.

The committee further directs the Secretary of Defense to conduct a training needs analysis, in accordance with the Women, Peace and Security Act of 2017 (Public Law 115-68; 22 U.S.C. 2151 note), and to submit a report to the House Committee on Armed Services by September 30, 2021 that identifies opportunities in existing training programs for members of the U.S. Armed Forces (including units involved in counterterrorism operations) and other personnel of the Department of Defense to integrate attention to the varied roles of women in fomenting violent extremism and terrorism.

Amendment to H.R. 6395 National Defense Authorization Act for Fiscal Year 2021

Offered by: Mr. Langevin of Rhode Island

In the portion of the report to accompany H.R. 6395 titled “Department of Defense Chemical and biological event responsibilities”, strike the entire text and replace it with the following text:

“Department of Defense chemical and biological emerging threats response efforts

The U.S. Government Accountability Office’s December 2018 report on Emerging Threats highlighted a range of potential threats and opportunities that cover a broad spectrum of science and technology. These included synthetic biology and bioengineering, artificial intelligence, and natural biological threats. The committee notes that the current coronavirus pandemic is precisely the kind of threat identified in that report and that has been of concern to planners throughout the government for years. At a time when the United States is struggling to respond to the spread of a highly infectious new virus, the committee is also concerned about the preparedness of the U.S. Armed Forces to respond to a significant state-level weapons of mass destruction event.

The committee recognizes the valuable work done by key elements of the defense research enterprise, such as the Defense Advanced Research Projects Agency. However, the committee remains concerned about the Department of Defense’s (DOD) capacity and planning for research on science and technology and conversion to development to capitalize on opportunities, address emerging threats early, and respond in a flexible manner to those threats that materialize rapidly, such as the coronavirus pandemic. Ensuring that the Department’s science and technology and research and development enterprises are coordinated is important in building flexibility for the broad range of associated capabilities to respond to emerging threats. Similarly, ensuring that the Department has the structure in place to plan and exercise for potential responses to these potentially catastrophic emerging threats is critical for military and national preparedness.

The committee therefore directs the Comptroller General to assess the Department’s strategy and planning for research and development and for emerging threats, and particularly biological threats, and for incorporating those threats into broader planning and exercise mechanisms. The assessment should include:

- (1) The Department’s strategy and planning for research and development, including plans for prioritizing efforts to address emerging threats;
- (2) The Department’s visibility and coordination of capabilities and capacity in all elements of the research and development portfolio, including:
 - a. DOD science and technology research laboratories;
 - b. the Chemical Biological Defense Program;

- c. the Defense Threat Reduction Agency;
 - d. DOD-sponsored research in academia;
 - e. Manufacturing Innovation Institutes,
 - f. small business innovation research and technology transfer; and
 - g. other efforts;
- (3) The Department's coordination with other federal and non-governmental organizations to plan and conduct research and development activities;
 - (4) The Department's plans, capacity, and authorities, for drawing upon the extensive research and development enterprise to respond to the coronavirus pandemic or similar rapidly occurring threats;
 - (5) Department-wide tabletop exercises and wargames;
 - (6) Medical countermeasures and stockpile completeness; and
 - (7) Any other matters the Comptroller General deems appropriate.

The committee directs the Comptroller General to provide a briefing to the congressional defense committees by March 1, 2021 on preliminary findings and submit a final report to the congressional defense committees at a date agreed to at the time of the briefing.”

AMENDMENT TO H.R. 6395
OFFERED BY MS. KENDRA S. HORN OF
OKLAHOMA

Add at the end the following new division:

1 **DIVISION E—NATIONAL ARTIFI-**
2 **CIAL INTELLIGENCE INITIA-**
3 **TIVE ACT OF 2020**

4 **SEC. 5001. SHORT TITLE.**

5 This division may be cited as the “National Artificial
6 Intelligence Initiative Act of 2020”.

7 **SEC. 5002. FINDINGS.**

8 Congress finds the following:

9 (1) Artificial intelligence is a tool that has the
10 potential to change and possibly transform every
11 sector of the United States economy and society.

12 (2) The Federal Government should continue to
13 play an important role advancing research, develop-
14 ment, standards, and education activities in artificial
15 intelligence through coordination and collaboration
16 between government, academia, and the private sec-
17 tor to leverage the intellectual, physical, and digital
18 resources of each stakeholder.

1 (3) The Federal Government lacks clear under-
2 standing of the capabilities of artificial intelligence
3 and its potential to affect various social and eco-
4 nomic sectors, including ethical concerns, national
5 security implications, and workforce impacts.

6 (4) Researchers from academia, Federal labora-
7 tories, and much of the private sector have limited
8 access to many high-quality datasets, computing re-
9 sources, or real-world testing environments to design
10 and deploy safe and trustworthy artificial intel-
11 ligence systems.

12 (5) There is a lack of standards and
13 benchmarking for artificial intelligence systems that
14 academia and the public and private sectors can use
15 to evaluate the performance of these systems before
16 and after deployment.

17 (6) Artificial intelligence is increasingly becom-
18 ing a highly interdisciplinary field with expertise re-
19 quired from a diverse range of scientific and other
20 scholarly disciplines that traditionally work inde-
21 pendently and continue to face cultural and institu-
22 tional barriers to large scale collaboration.

23 (7) Current Federal investments and funding
24 mechanisms are largely insufficient to incentivize
25 and support the large-scale interdisciplinary and

1 public-private collaborations that will be required to
2 advance trustworthy artificial intelligence systems in
3 the United States.

4 (8) The United States education pipeline for ar-
5 tificial intelligence fields faces significant challenges.
6 Not only does the artificial intelligence research field
7 lack the gender and racial diversity of the American
8 population as a whole, but it is failing to both retain
9 researchers and adequately support educators to
10 meet the demands of the next generation of students
11 studying artificial intelligence.

12 (9) In order to help drive forward advances in
13 trustworthy artificial intelligence across all sectors
14 and to the benefit of all Americans, the Federal
15 Government must provide sufficient resources and
16 use its convening power to facilitate the growth of
17 artificial intelligence human capital, research, and
18 innovation capacity in academia and other nonprofit
19 research organizations, companies of all sizes and
20 across all sectors, and within the Federal Govern-
21 ment.

22 **SEC. 5003. DEFINITIONS.**

23 In this division:

24 (1) **ADVISORY COMMITTEE.**—The term “Advi-
25 sory Committee” means the National Artificial Intel-

1 ligence Advisory Committee established under sec-
2 tion **【5104(a)】**.

3 (2) AGENCY HEAD.—The term “agency head”
4 means the head of any Executive agency (as defined
5 in section 105 of title 5, United States Code).

6 (3) ARTIFICIAL INTELLIGENCE.—The term “ar-
7 tificial intelligence” means a machine-based system
8 that can, for a given set of human-defined objectives,
9 make predictions, recommendations or decisions in-
10 fluencing real or virtual environments. Artificial in-
11 telligence systems use machine and human-based in-
12 puts to—

13 (A) perceive real and virtual environments;

14 (B) abstract such perceptions into models
15 through analysis in an automated manner; and

16 (C) use model inference to formulate op-
17 tions for information or action.

18 (4) INITIATIVE.—The term “Initiative” means
19 the National Artificial Intelligence Initiative estab-
20 lished under section **【5101(a)】**.

21 (5) INITIATIVE OFFICE.—The term “Initiative
22 Office” means the National Artificial Intelligence
23 Initiative Office established under section
24 **【5102(a)】**.

1 (6) INSTITUTE.—The term “Institute” means
2 an Artificial Intelligence Research Institute de-
3 scribed in section 201(b)(1).

4 (7) INTERAGENCY COMMITTEE.—The term
5 “Interagency Committee” means the interagency
6 committee established under section [5103(a)].

7 (8) K-12 EDUCATION.—The term “K-12 edu-
8 cation” means elementary school and secondary edu-
9 cation, as such terms are defined in section 8101 of
10 the Elementary and Secondary Education Act of
11 1965 (20 U.S.C. 7801).

12 (9) MACHINE LEARNING.—The term “machine
13 learning” means an application of artificial intel-
14 ligence that is characterized by providing systems
15 the ability to automatically learn and improve on the
16 basis of data or experience, without being explicitly
17 programmed.

18 **TITLE I—NATIONAL ARTIFICIAL**
19 **INTELLIGENCE INITIATIVE**

20 **SEC. 5101. NATIONAL ARTIFICIAL INTELLIGENCE INITIA-**
21 **TIVE.**

22 (a) ESTABLISHMENT; PURPOSES.—The President
23 shall establish and implement an initiative to be known
24 as the “National Artificial Intelligence Initiative”. The
25 purposes of the Initiative shall be to—

1 (1) ensure continued United States leadership
2 in artificial intelligence research and development;

3 (2) lead the world in the development and use
4 of trustworthy artificial intelligence systems in the
5 public and private sectors;

6 (3) maximize the benefits of artificial intel-
7 ligence systems for all American people; and

8 (4) prepare the present and future United
9 States workforce for the integration of artificial in-
10 telligence systems across all sectors of the economy
11 and society.

12 (b) INITIATIVE ACTIVITIES.—In carrying out the Ini-
13 tiative, the President, acting through the Initiative Office,
14 the Interagency Committee, and agency heads as the
15 President considers appropriate, shall carry out activities
16 that include the following:

17 (1) Sustained, consistent, and coordinated sup-
18 port for artificial intelligence research and develop-
19 ment through grants, cooperative agreements,
20 testbeds, and access to data and computing re-
21 sources.

22 (2) Support for the development of voluntary
23 standards, best practices, and benchmarks for the
24 development and use of trustworthy artificial intel-
25 ligence systems.

1 (3) Support for educational programs at all lev-
2 els, in both formal and informal learning environ-
3 ments, to prepare the American workforce and the
4 general public to be able to use and interact with ar-
5 tificial intelligence systems, as well as adapt to the
6 potentially transformative impact of artificial intel-
7 ligence on society and the economy.

8 (4) Support for interdisciplinary research, edu-
9 cation, and training programs for students and re-
10 searchers that promote learning in the methods and
11 systems used in artificial intelligence and foster
12 interdisciplinary perspectives and collaborations
13 among subject matter experts in relevant fields, in-
14 cluding computer science, mathematics, statistics,
15 engineering, social sciences, psychology, behavioral
16 science, ethics, security, legal scholarship, and other
17 disciplines that will be necessary to advance artificial
18 intelligence research and development responsibly.

19 (5) Support for partnerships to leverage knowl-
20 edge, computing resources, access to open datasets,
21 and other resources from industry, government, non-
22 profit organizations, Federal laboratories, State pro-
23 grams, and institutions of higher education to ad-
24 vance activities under the Initiative.

1 (6) Interagency planning and coordination of
2 Federal artificial intelligence research, development,
3 demonstration, standards engagement, and other ac-
4 tivities under the Initiative.

5 (7) Establish the public sector infrastructure
6 and artificial intelligence capabilities necessary to re-
7 spond to pressing national challenges, including eco-
8 nomic and public health emergencies such as
9 pandemics.

10 (8) Outreach to diverse stakeholders, including
11 citizen groups and industry, to ensure public input
12 is taken into account in the activities of the Initia-
13 tive.

14 (9) Leveraging existing Federal investments to
15 advance objectives of the Initiative.

16 (10) Support for a network of interdisciplinary
17 artificial intelligence research institutes, as described
18 in section **【5201(b)(7)(B)】**.

19 (11) Support opportunities for international co-
20 operation with strategic allies, as appropriate, on the
21 research and development, assessment, and re-
22 sources for trustworthy artificial intelligence systems
23 and the development of voluntary consensus stand-
24 ards for those systems.

1 **SEC. 5102. NATIONAL ARTIFICIAL INTELLIGENCE INITIA-**
2 **TIVE OFFICE.**

3 (a) IN GENERAL.—The Director of the Office of
4 Science and Technology Policy shall establish or designate,
5 and appoint a director of, an office to be known as the
6 “National Artificial Intelligence Initiative Office” to carry
7 out the responsibilities described in subsection (b) with re-
8 spect to the Initiative. The Initiative Office shall have suf-
9 ficient staff to carry out such responsibilities, including
10 staff detailed from the Federal departments and agencies
11 described in section [5103(c)].

12 (b) RESPONSIBILITIES.—The Director of the Initia-
13 tive Office shall—

14 (1) provide technical and administrative support
15 to the Interagency Committee and the Advisory
16 Committee;

17 (2) serve as the point of contact on Federal ar-
18 tificial intelligence activities for Federal departments
19 and agencies, industry, academia, nonprofit organi-
20 zations, professional societies, State governments,
21 and such other persons as the Initiative Office con-
22 siders appropriate to exchange technical and pro-
23 grammatic information;

24 (3) conduct regular public outreach to diverse
25 stakeholders, including through the convening of
26 conferences and educational events, the publication

1 of information about significant Initiative activities
2 on a publicly available website, and the dissemina-
3 tion of findings and recommendations of the Advi-
4 sory Committee, as appropriate; and

5 (4) promote access to and early adoption of the
6 technologies, innovations, lessons learned, and exper-
7 tise derived from Initiative activities to agency mis-
8 sions and systems across the Federal Government,
9 and to industry, including startup companies.

10 (c) FUNDING ESTIMATE.—The Director of the Office
11 of Science and Technology Policy shall develop an estimate
12 of the funds necessary to carry out the activities of the
13 Initiative Coordination Office, including an estimate of
14 how much each participating Federal department and
15 agency described in section [5103(c)] will contribute to
16 such funds, and submit such estimate to Congress not
17 later than 90 days after the enactment of this Act. The
18 Director shall update this estimate each year based on
19 participating agency investments in artificial intelligence.

20 **SEC. 5103. COORDINATION BY INTERAGENCY COMMITTEE.**

21 (a) INTERAGENCY COMMITTEE.—The Director of the
22 Office of Science and Technology Policy, acting through
23 the National Science and Technology Council, shall estab-
24 lish or designate an Interagency Committee to coordinate

1 Federal programs and activities in support of the Initia-
2 tive.

3 (b) CO-CHAIRS.—The Interagency Committee shall
4 be co-chaired by the Director of the Office of Science and
5 Technology Policy and, on an annual rotating basis, a rep-
6 resentative from the National Institute of Standards and
7 Technology, the National Science Foundation, or the De-
8 partment of Energy, as selected by the Director of the
9 Office of Science and Technology Policy.

10 (c) AGENCY PARTICIPATION.—The Committee shall
11 include representatives from—

12 (1) the National Institute of Standards and
13 Technology;

14 (2) the National Science Foundation;

15 (3) the Department of Energy;

16 (4) the National Aeronautics and Space Admin-
17 istration;

18 (5) the Department of Defense;

19 (6) the Defense Advanced Research Projects
20 Agency;

21 (7) the Department of Commerce;

22 (8) the Office of the Director of National Intel-
23 ligence;

24 (9) the Office of Management and Budget;

1 (10) the Office of Science and Technology Pol-
2 icy;

3 (11) the Department of Health and Human
4 Services;

5 (12) the Department of Education;

6 (13) the Department of Labor;

7 (14) the Department of the Treasury;

8 (15) the General Services Administration;

9 (16) the Department of Transportation;

10 (17) the Department of State;

11 (18) the Department of Veterans Affairs; and

12 (19) any other Federal agency as considered
13 appropriate by the Director of the Office of Science
14 and Technology Policy.

15 (d) RESPONSIBILITIES.—The Interagency Committee
16 shall—

17 (1) provide for interagency coordination of Fed-
18 eral artificial intelligence research, development, and
19 demonstration activities, development of voluntary
20 consensus standards and guidelines for research, de-
21 velopment, testing, and adoption of ethically devel-
22 oped, safe, and trustworthy artificial intelligence sys-
23 tems, and education and training activities and pro-
24 grams of Federal departments and agencies under-
25 taken pursuant to the Initiative;

1 (2) not later than 2 years after the date of the
2 enactment of this Act, develop a strategic plan for
3 artificial intelligence (to be updated not less than
4 every 3 years) that—

5 (A) establishes goals, priorities, and
6 metrics for guiding and evaluating the Initia-
7 tive’s activities; and

8 (B) describes how the agencies carrying
9 out the Initiative will—

10 (i) determine and prioritize areas of
11 artificial intelligence research, develop-
12 ment, and demonstration requiring Federal
13 Government leadership and investment;

14 (ii) support long-term funding for
15 interdisciplinary artificial intelligence re-
16 search, development, demonstration, edu-
17 cation and public outreach activities;

18 (iii) support research and other activi-
19 ties on ethical, legal, environmental, safety,
20 security, and other appropriate societal
21 issues related to artificial intelligence;

22 (iv) provide or facilitate the avail-
23 ability of curated, standardized, secure,
24 representative, and privacy-protected data

1 sets for artificial intelligence research and
2 development;

3 (v) provide or facilitate the necessary
4 computing, networking, and data facilities
5 for artificial intelligence research and de-
6 velopment;

7 (vi) support and coordinate Federal
8 education and workforce activities related
9 to artificial intelligence;

10 (vii) reduce barriers to transferring
11 artificial intelligence systems from the lab-
12 oratory into application for the benefit of
13 society and United States competitiveness;

14 (viii) support and coordinate the net-
15 work of artificial intelligence research insti-
16 tutes described in section
17 **【5201(b)(7)(B)】**;

18 (ix) in consultation with the Council
19 of Economic Advisers, measure and track
20 the contributions of artificial intelligence to
21 United States economic growth and other
22 societal indicators; and

23 (x) leverage the resources of the Ini-
24 tiative to respond to pressing national

1 challenges, including economic and public
2 health emergencies such as pandemics;

3 (3) propose an annually coordinated interagency
4 budget for the Initiative to the Office of Manage-
5 ment and Budget that is intended to ensure that the
6 balance of funding across the Initiative is sufficient
7 to meet the goals and priorities established for the
8 Initiative; and

9 (4) in carrying out this section, take into con-
10 sideration the recommendations of the Advisory
11 Committee, existing reports on related topics, and
12 the views of academic, State, industry, and other ap-
13 propriate groups.

14 (e) ANNUAL REPORT.—For each fiscal year begin-
15 ning with fiscal year 2022, not later than 90 days after
16 submission of the President’s annual budget request for
17 such fiscal year, the Interagency Committee shall prepare
18 and submit to the Committee on Science, Space, and
19 Technology of the House of Representatives and the Com-
20 mittee on Commerce, Science, and Transportation of the
21 Senate a report that includes—

22 (1) a summarized budget in support of the Ini-
23 tiative for such fiscal year and the preceding fiscal
24 year, including a disaggregation of spending for each
25 Federal agency participating in the Initiative and for

1 the development and acquisition of any research fa-
2 cilities and instrumentation; and

3 (2) an assessment of how Federal agencies are
4 implementing the plan described in subsection
5 (d)(2), and a description of those efforts.

6 **SEC. 5104. NATIONAL ARTIFICIAL INTELLIGENCE ADVI-**
7 **SORY COMMITTEE.**

8 (a) IN GENERAL.—The Secretary of Energy shall, in
9 consultation with the Director of the Office of Science and
10 Technology Policy, establish an advisory committee to be
11 known as the “National Artificial Intelligence Advisory
12 Committee”.

13 (b) QUALIFICATIONS.—The Advisory Committee
14 shall consist of members, appointed by the Secretary of
15 Energy, who are representing broad and interdisciplinary
16 expertise and perspectives, including from academic insti-
17 tutions, companies across diverse sectors, nonprofit and
18 civil society entities, and Federal laboratories, that are
19 qualified to provide advice and information on science and
20 technology research, development, ethics, standards, edu-
21 cation, technology transfer, commercial application, secu-
22 rity, and economic competitiveness related to artificial in-
23 telligence.

24 (c) MEMBERSHIP CONSIDERATION.—In selecting the
25 members of the Advisory Committee, the Secretary of En-

1 ergy may seek and give consideration to recommendations
2 from the Congress, industry, nonprofit organizations, the
3 scientific community (including the National Academy of
4 Sciences, scientific professional societies, and academic in-
5 stitutions), the defense community, and other appropriate
6 organizations.

7 (d) DUTIES.—The Advisory Committee shall advise
8 the President and the Initiative Office on matters related
9 to the Initiative, including recommendations related to—

10 (1) the current state of United States competi-
11 tiveness and leadership in artificial intelligence, in-
12 cluding the scope and scale of United States invest-
13 ments in artificial intelligence research and develop-
14 ment in the international context;

15 (2) the progress made in implementing the Ini-
16 tiative, including a review of the degree to which the
17 Initiative has achieved the goals under the metrics
18 established by the Interagency Committee under sec-
19 tion **【5103(d)(2)】**;

20 (3) the state of the science around artificial in-
21 telligence, including progress towards artificial gen-
22 eral intelligence;

23 (4) the need to update the Initiative;

24 (5) the balance of activities and funding across
25 the Initiative;

1 (6) whether the strategic plan developed or up-
2 dated by the Interagency Committee established
3 under section **【5103(d)(2)】** is helping to maintain
4 United States leadership in artificial intelligence;

5 (7) the management, coordination, and activi-
6 ties of the Initiative;

7 (8) whether ethical, legal, safety, security, and
8 other appropriate societal issues are adequately ad-
9 dressed by the Initiative; and

10 (9) opportunities for international cooperation
11 with strategic allies on artificial intelligence research
12 activities and standards development.

13 (e) REPORTS.—Not later than 1 year after the date
14 of the enactment of this Act, and not less frequently than
15 once every 3 years thereafter, the Advisory Committee
16 shall submit to the President, the Committee on Science,
17 Space, and Technology of the House of Representatives,
18 and the Committee on Commerce, Science, and Transpor-
19 tation of the Senate, a report on the Advisory Committee’s
20 findings and recommendations under subsection (d).

21 (f) TRAVEL EXPENSES OF NON-FEDERAL MEM-
22 BERS.—Non-Federal members of the Advisory Committee,
23 while attending meetings of the Advisory Committee or
24 while otherwise serving at the request of the head of the
25 Advisory Committee away from their homes or regular

1 places of business, may be allowed travel expenses, includ-
2 ing per diem in lieu of subsistence, as authorized by sec-
3 tion 5703 of title 5, United States Code, for individuals
4 in the Government serving without pay. Nothing in this
5 subsection shall be construed to prohibit members of the
6 Advisory Committee who are officers or employees of the
7 United States from being allowed travel expenses, includ-
8 ing per diem in lieu of subsistence, in accordance with ex-
9 isting law.

10 (g) FACA EXEMPTION.—The Secretary of Energy
11 shall charter the Advisory Committee in accordance with
12 the Federal Advisory Committee Act (5 U.S.C. App.), ex-
13 cept that the Advisory Committee shall be exempt from
14 section 14 of such Act.

15 **SEC. 5105. NATIONAL ACADEMIES ARTIFICIAL INTEL-**
16 **LIGENCE IMPACT STUDY ON WORKFORCE.**

17 (a) IN GENERAL.—Not later than 90 days after the
18 date of the enactment of this Act, the National Science
19 Foundation shall enter into a contract with the National
20 Research Council of the National Academies of Sciences,
21 Engineering, and Medicine to conduct a study of the cur-
22 rent and future impact of artificial intelligence on the
23 workforce of the United States across sectors.

24 (b) CONTENTS.—The study shall address—

1 (1) workforce impacts across sectors caused by
2 the increased adoption of artificial intelligence, auto-
3 mation, and other related trends;

4 (2) workforce needs and employment opportuni-
5 ties generated by the increased adoption of artificial
6 intelligence across sectors;

7 (3) research gaps and data needed to better un-
8 derstand and track both workforce impacts and
9 workforce needs and opportunities generated by
10 adoption of artificial intelligence systems across sec-
11 tors; and

12 (4) recommendations to address the challenges
13 and opportunities described in paragraphs (1), (2),
14 and (3).

15 (c) **STAKEHOLDERS.**—In conducting the study, the
16 National Academies of Sciences, Engineering, and Medi-
17 cine shall seek input from a wide range of stakeholders
18 in the public and private sectors.

19 (d) **REPORT TO CONGRESS.**—The contract entered
20 into under subsection (a) shall require the National Acad-
21 emies of Sciences, Engineering, and Medicine, not later
22 than 2 years after the date of the enactment of this Act,
23 to—

24 (1) submit to the Committee on Science, Space,
25 and Technology of the House of Representatives and

1 the Committee on Commerce, Science, and Trans-
2 portation of the Senate a report containing the find-
3 ings and recommendations of the study conducted
4 under subsection (a); and

5 (2) make a copy of such report available on a
6 publicly accessible website.

7 **SEC. 5106. GAO REPORT ON COMPUTATIONAL NEEDS.**

8 (a) IN GENERAL.—Not later than 1 year after the
9 date of the enactment of this Act, the Comptroller General
10 of the United States shall conduct a study of artificial in-
11 telligence computer hardware and computing required in
12 order to maintain U.S. leadership in artificial intelligence
13 research and development. The Comptroller General
14 shall—

15 (1) assess the composition of civilian computing
16 resources supported by the Federal Government at
17 universities and Federal Laboratories, including pro-
18 grams with laboratory computing, high performance
19 computing, cloud computing, quantum computing,
20 edge computing, and other computing resources;

21 (2) evaluate projected needs for computing con-
22 sumption and performance required by the public
23 and private sector for the training, auditing, valida-
24 tion, testing, and use of artificial intelligence over
25 the next five years; and

1 (3) offer recommendations to meet these pro-
2 jected needs.

3 **SEC. 5107. NATIONAL AI RESEARCH RESOURCE TASK**
4 **FORCE.**

5 (a) ESTABLISHMENT OF TASK FORCE.—

6 (1) ESTABLISHMENT.—

7 (A) IN GENERAL.—The Director of the
8 National Science Foundation, in coordination
9 with the Office of Science and Technology Pol-
10 icy, shall establish a task force—

11 (i) to investigate the feasibility and
12 advisability of establishing and sustaining
13 a national artificial intelligence research
14 resource; and

15 (ii) to propose a roadmap detailing
16 how such resource should be established
17 and sustained.

18 (B) DESIGNATION.—The task force estab-
19 lished by subparagraph (A) shall be known as
20 the “National Artificial Intelligence Research
21 Resource Task Force” (in this section referred
22 to as the “Task Force”).

23 (2) MEMBERSHIP.—

24 (A) COMPOSITION.—The Task Force shall
25 be composed of 12 members selected by the co-

1 chairpersons of the Task Force from among
2 technical experts in artificial intelligence or re-
3 lated subjects, of whom—

4 (i) 4 shall be representatives from the
5 Interagency Committee established in [sec-
6 tion 5103], including the co-chairpersons
7 of the Task Force;

8 (ii) 4 shall be representatives from in-
9 stitutions of higher education (as such
10 term is defined in section 101 of the High-
11 er Education Act of 1965 (20 U.S.C.
12 1001)); and

13 (iii) 4 shall be representatives from
14 private organizations.

15 (B) APPOINTMENT.—Not later than 120
16 days after enactment of this Act, the co-chair-
17 persons of the Task Force shall appoint mem-
18 bers to the Task Force pursuant to subpara-
19 graph (A).

20 (C) TERM OF APPOINTMENT.—Members of
21 the Task Force shall be appointed for the life
22 of the Task Force.

23 (D) VACANCY.—Any vacancy occurring in
24 the membership of the Task Force shall be

1 filled in the same manner in which the original
2 appointment was made.

3 (E) CO-CHAIRPERSONS.—The Director of
4 the Office of Science and Technology Policy and
5 the Director of the National Sciences Founda-
6 tion, or their designees, shall be the co-chair-
7 persons of the Task Force. If the role of the
8 Director of the National Science Foundation is
9 vacant, the Chair of the National Science Board
10 shall act as a co-chairperson of the Task Force.

11 (F) EXPENSES FOR NON-FEDERAL MEM-
12 BERS.—Non-Federal Members of the Task
13 Force shall be allowed travel expenses, includ-
14 ing per diem in lieu of subsistence, at rates au-
15 thorized for employees under subchapter I of
16 chapter 57 of title 5, United States Code, while
17 away from their homes or regular places of
18 business in the performance of services for the
19 Task Force.

20 (b) ROADMAP AND IMPLEMENTATION PLAN.—

21 (1) IN GENERAL.—The Task Force shall de-
22 velop a coordinated roadmap and implementation
23 plan for creating and sustaining a National Artificial
24 Intelligence Research Resource.

1 (2) CONTENTS.—The roadmap and plan re-
2 quired by paragraph (1) shall include the following:

3 (A) Goals for establishment and
4 sustainment of a national artificial intelligence
5 research resource and metrics for success.

6 (B) A plan for ownership and administra-
7 tion of the National Artificial Intelligence Re-
8 search Resource, including—

9 (i) an appropriate agency or organiza-
10 tion responsible for the implementation,
11 deployment, and administration of the Re-
12 source; and

13 (ii) a governance structure for the re-
14 source, including oversight and decision-
15 making authorities.

16 (C) A model for governance and oversight
17 to establish strategic direction, make pro-
18 grammatic decisions, and manage the allocation
19 of resources;

20 (D) Capabilities required to create and
21 maintain a shared computing infrastructure to
22 facilitate access to computing resources for re-
23 searchers across the country, including
24 scalability, secured access control, resident data
25 engineering and curation expertise, provision of

1 curated, data sets, compute resources, edu-
2 cational tools and services, and a user interface
3 portal.

4 (E) An assessment of, and recommend so-
5 lutions to, barriers to the dissemination and use
6 of high-quality government data sets as part of
7 the national artificial intelligence research re-
8 source.

9 (F) An assessment of security require-
10 ments associated with the national artificial in-
11 telligence research resource and its research
12 and recommend a framework for the manage-
13 ment of access controls.

14 (G) An assessment of privacy and civil lib-
15 erties requirements associated with the national
16 artificial intelligence research resource and its
17 research.

18 (H) A plan for sustaining the resources,
19 including through Federal funding and partner-
20 ships with the private sector.

21 (I) The parameters for the establishment
22 and sustainment of the national artificial intel-
23 ligence resource, including agency roles and re-
24 sponsibilities and milestones to implement the
25 resource.

1 (c) CONSULTATIONS.—In conducting its duties re-
2 quired under subsection (b), the Task Force shall consult
3 with the following:

4 (1) The National Science Foundation.

5 (2) The Office of Science and Technology Pol-
6 icy.

7 (3) The National Academies of Sciences, Engi-
8 neering, and Medicine.

9 (4) The National Institute of Standards and
10 Technology.

11 (5) The Defense Advanced Research Projects
12 Agency.

13 (6) The Intelligence Advanced Research
14 Projects Activity.

15 (7) The Department of Energy.

16 (8) The Department of Defense.

17 (9) The General Services Administration.

18 (10) Private industry.

19 (11) Institutions of higher education.

20 (12) Such other persons as the Task Force con-
21 siders appropriate.

22 (d) STAFF.—Staff of the Task Force shall comprise
23 detailees with expertise in artificial intelligence, or related
24 fields from the Office of Science and Technology Policy,
25 the National Science Foundation, or any other agency the

1 co-chairs deem appropriate, with the consent of the head
2 of the agency. The co-chairs shall also be authorized to
3 hire staff from outside the Federal government for the du-
4 ration of the task force.

5 (e) TASK FORCE REPORTS.—

6 (1) INITIAL REPORT.—Not later than 12
7 months after the date on which all of the appoint-
8 ments have been made under subsection (a)(2)(B),
9 the Task Force shall submit to Congress and the
10 President an interim report containing the findings,
11 conclusions, and recommendations of the Task
12 Force. The report shall include specific recommenda-
13 tions regarding steps the Task Force believes nec-
14 essary for the establishment and sustainment of a
15 national artificial intelligence research resource.

16 (2) FINAL REPORT.—Taking into account the
17 findings of the Government Accountability Office re-
18 port required in Section 106 of this Act, not later
19 than 6 months after the submittal of the interim re-
20 port under paragraph (1), the Task Force shall sub-
21 mit to Congress and the President a final report
22 containing the findings, conclusions, and rec-
23 ommendations of the Task Force, including the spe-
24 cific recommendations required by subsection (b).

25 (f) TERMINATION.—

1 (1) IN GENERAL.—The Task Force shall termi-
2 nate 90 days after the date on which it submits the
3 final report under subsection (e)(2).

4 (2) RECORDS.—Upon termination of the Task
5 Force, all of its records shall become the records of
6 the National Archives and Records Administration.

7 (g) DEFINITIONS.—In this section:

8 (1) NATIONAL ARTIFICIAL INTELLIGENCE RE-
9 SEARCH RESOURCE AND RESOURCE.—The terms
10 “National Artificial Intelligence Research Resource”
11 and “Resource” mean a system that provides re-
12 searchers and students across scientific fields and
13 disciplines with access to compute resources, co-lo-
14 cated with publicly-available, artificial intelligence-
15 ready government and non-government data sets and
16 a research environment with appropriate educational
17 tools and user support.

18 (2) OWNERSHIP.—The term “ownership”
19 means responsibility and accountability for the im-
20 plementation, deployment, and ongoing development
21 of the National Artificial Intelligence Research Re-
22 source, and for providing staff support to that ef-
23 fort.

24 **SEC. 5108. SENSE OF CONGRESS.**

25 It is the sense of Congress that—

1 (1) artificial intelligence systems have the po-
2 tential to transform every sector of the United
3 States economy, boosting productivity, enhancing
4 scientific research, and increasing U.S. competitive-
5 ness; and

6 (2) the United States Government should use
7 this Initiative to enable the benefits of trustworthy
8 artificial intelligence while preventing the creation
9 and use of artificial intelligence systems that behave
10 in ways that cause harm, including—

11 (A) high-risk systems that lack sufficient
12 robustness to prevent adversarial attacks;

13 (B) high-risk systems that harm the pri-
14 vacy or security of users or the general public;
15 and

16 (C) artificial general intelligence systems
17 that may become self-aware or uncontrollable.

18 **TITLE II—NATIONAL ARTIFICIAL**
19 **INTELLIGENCE RESEARCH IN-**
20 **STITUTES**

21 **SEC. 5201. NATIONAL ARTIFICIAL INTELLIGENCE RE-**
22 **SEARCH INSTITUTES.**

23 (a) IN GENERAL.—As part of the Initiative, the Di-
24 rector of the National Science Foundation shall establish
25 a program to award financial assistance for the planning,

1 establishment, and support of Institutes (as described in
2 subsection (b)(2)) in accordance with this section.

3 (b) FINANCIAL ASSISTANCE TO ESTABLISH AND
4 SUPPORT NATIONAL ARTIFICIAL INTELLIGENCE RE-
5 SEARCH INSTITUTES.—

6 (1) IN GENERAL.—Under the Initiative, the
7 Secretary of Energy, the Secretary of Commerce,
8 the Director of the National Science Foundation,
9 and every other agency head may award financial
10 assistance to an eligible entity, or consortia thereof,
11 as determined by an agency head, to establish and
12 support an Institute.

13 (2) ARTIFICIAL INTELLIGENCE INSTITUTES.—
14 An Institute described in this subsection is an artifi-
15 cial intelligence research institute that—

16 (A) is focused on—

17 (i) a particular economic or social sec-
18 tor, including health, education, manufac-
19 turing, agriculture, security, energy, and
20 environment, and includes a component
21 that addresses the ethical, societal, safety,
22 and security implications relevant to the
23 application of artificial intelligence in that
24 sector; or

1 (ii) a cross-cutting challenge for artifi-
2 cial intelligence systems, including trust-
3 worthiness, or foundational science;

4 (B) requires partnership among public and
5 private organizations, including, as appropriate,
6 Federal agencies, research universities, commu-
7 nity colleges, nonprofit research organizations,
8 Federal laboratories, State, local, and tribal
9 governments, and industry (or consortia there-
10 of);

11 (C) has the potential to create an innova-
12 tion ecosystem, or enhance existing ecosystems,
13 to translate Institute research into applications
14 and products, as appropriate to the topic of
15 each Institute;

16 (D) supports interdisciplinary research and
17 development across multiple institutions and or-
18 ganizations involved in artificial intelligence re-
19 search and related disciplines, including phys-
20 ics, engineering, mathematical sciences, com-
21 puter and information science, robotics, biologi-
22 cal and cognitive sciences, material science, so-
23 cial and behavioral sciences, cybersecurity, and
24 technology ethics;

1 (E) supports interdisciplinary education
2 activities, including curriculum development, re-
3 search experiences, and faculty professional de-
4 velopment across two-year, undergraduates,
5 masters, and doctoral level programs; and

6 (F) supports workforce development in ar-
7 tificial intelligence related disciplines in the
8 United States, including broadening participa-
9 tion of underrepresented communities.

10 (3) USE OF FUNDS.—Financial assistance
11 awarded under paragraph (1) may be used by an In-
12 stitute for—

13 (A) managing and making available to re-
14 searchers accessible, curated, standardized, se-
15 cure, and privacy protected data sets from the
16 public and private sectors for the purposes of
17 training and testing artificial intelligence sys-
18 tems and for research using artificial intel-
19 ligence systems, pursuant to section **【5301(b)**
20 **and 5301(c)】**;

21 (B) developing and managing testbeds for
22 artificial intelligence systems, including sector-
23 specific test beds, designed to enable users to
24 evaluate artificial intelligence systems prior to
25 deployment;

1 (C) conducting research and education ac-
2 tivities involving artificial intelligence systems
3 to solve challenges with social, economic, health,
4 scientific, and national security implications;

5 (D) providing or brokering access to com-
6 puting resources, networking, and data facilities
7 for artificial intelligence research and develop-
8 ment relevant to the Institute's research goals;

9 (E) providing technical assistance to users,
10 including software engineering support, for arti-
11 ficial intelligence research and development rel-
12 evant to the Institute's research goals;

13 (F) engaging in outreach and engagement
14 to broaden participation in artificial intelligence
15 research and workforce; and

16 (G) such other activities that an agency
17 head, whose agency's missions contribute to or
18 are affected by artificial intelligence, considers
19 consistent with the purposes described in sec-
20 tion **【5101(a)】**.

21 (4) DURATION.—

22 (A) INITIAL PERIODS.—An award of finan-
23 cial assistance under paragraph (1) shall be
24 awarded for an initial period of 5 years.

1 (B) EXTENSION.—An established Institute
2 may apply for, and the agency head may grant,
3 extended funding for periods of 5 years on a
4 merit-reviewed basis using the merit review cri-
5 teria of the sponsoring agency.

6 (5) APPLICATION FOR FINANCIAL ASSIST-
7 ANCE.—

8 (A) IN GENERAL.—A person or group of
9 persons seeking financial assistance under para-
10 graph (1) shall submit to an agency head an
11 application at such time, in such manner, and
12 containing such information as the agency head
13 may require.

14 (B) REQUIREMENTS.—An application sub-
15 mitted under subparagraph (A) for an Institute
16 shall, at a minimum, include the following:

17 (i) A plan for the Institute to in-
18 clude—

19 (I) the proposed goals and activi-
20 ties of the Institute;

21 (II) how the Institute will form
22 partnerships with other research insti-
23 tutions, industry, and nonprofits to le-
24 verage expertise in artificial intel-
25 ligence and access to data, including

1 non-governmental data and computing
2 resources;

3 (III) how the institute will sup-
4 port long-term and short-term edu-
5 cation and workforce development in
6 artificial intelligence, including broad-
7 ening participation of underrep-
8 resented communities; and

9 (IV) a plan for how the Institute
10 will transition from planning into op-
11 erations.

12 (ii) A description of the anticipated
13 sources and nature of any non-Federal
14 contributions, including privately held data
15 sets, computing resources, and other types
16 of in-kind support.

17 (iii) A description of the anticipated
18 long-term impact of such Institute.

19 (6) COMPETITIVE, MERIT REVIEW.—In award-
20 ing financial assistance under paragraph (1), the
21 agency head shall—

22 (A) use a competitive, merit review process
23 that includes peer review by a diverse group of
24 individuals with relevant expertise from both
25 the private and public sectors; and

1 (B) ensure the focus areas of the Institute
2 do not substantially duplicate the efforts of any
3 other Institute.

4 (7) COLLABORATION.—

5 (A) IN GENERAL.—In awarding financial
6 assistance under paragraph (1), an agency head
7 may collaborate with Federal departments and
8 agencies whose missions contribute to or are af-
9 fected by artificial intelligence systems, includ-
10 ing the agencies outlined in section **【5103(e)】**.

11 (B) COORDINATING NETWORK.—The Di-
12 rector of the National Science Foundation shall
13 establish a network of Institutes receiving fi-
14 nancial assistance under this subsection, to be
15 known as the “Artificial Intelligence Leadership
16 Network”, to coordinate cross-cutting research
17 and other activities carried out by the Insti-
18 tutes.

19 (C) FUNDING.—The head of an agency
20 may request, accept, and provide funds from
21 other Federal departments and agencies, State,
22 United States territory, local, or tribal govern-
23 ment agencies, private sector for-profit entities,
24 and nonprofit entities, to be available to the ex-
25 tent provided by appropriations Acts, to support

1 an Institute's activities. The head of an agency
2 may not give any special consideration to any
3 agency or entity in return for a donation.

4 **TITLE III—NATIONAL INSTITUTE**
5 **OF STANDARDS AND TECH-**
6 **NOLOGY ARTIFICIAL INTEL-**
7 **LIGENCE ACTIVITIES**

8 **SEC. 5301. NATIONAL INSTITUTE OF STANDARDS AND**
9 **TECHNOLOGY ACTIVITIES.**

10 (a) IN GENERAL.—As part of the Initiative, the Di-
11 rector of the National Institute of Standards and Tech-
12 nology shall—

13 (1) support measurement research and develop-
14 ment of best practices and voluntary standards for
15 trustworthy artificial intelligence systems, including
16 for—

17 (A) privacy and security, including for
18 datasets used to train or test artificial intel-
19 ligence systems and software and hardware
20 used in artificial intelligence systems;

21 (B) advanced computer chips and hard-
22 ware designed for artificial intelligence systems;

23 (C) data management and techniques to
24 increase the usability of data, including strate-
25 gies to systematically clean, label, and stand-

1 ardize data into forms useful for training artifi-
2 cial intelligence systems and the use of com-
3 mon, open licenses;

4 (D) safety and robustness of artificial in-
5 telligence systems, including assurance,
6 verification, validation, security, control, and
7 the ability for artificial intelligence systems to
8 withstand unexpected inputs and adversarial at-
9 tacks;

10 (E) auditing mechanisms and benchmarks
11 for accuracy, transparency, verifiability, and
12 safety assurance for artificial intelligence sys-
13 tems;

14 (F) applications of machine learning and
15 artificial intelligence systems to improve other
16 scientific fields and engineering;

17 (G) model documentation, including per-
18 formance metrics and constraints, measures of
19 fairness, training and testing processes, and re-
20 sults;

21 (H) system documentation, including con-
22 nections and dependences within and between
23 systems, and complications that may arise from
24 such connections; and

1 (I) all other areas deemed by the Director
2 to be critical to the development and deploy-
3 ment of trustworthy artificial intelligence;

4 (2) produce curated, standardized, representa-
5 tive, secure, and privacy protected data sets for arti-
6 ficial intelligence research, development, and use,
7 prioritizing data for high-value, high-risk research;

8 (3) support one or more institutes as described
9 in section **【5201(a)】** for the purpose of advancing
10 the field of artificial intelligence;

11 (4) support and strategically engage in the de-
12 velopment of voluntary consensus standards, includ-
13 ing international standards, through open, trans-
14 parent, and consensus-based processes;

15 (5) taking into account the findings from the
16 National Academies study in **【section 5105】**, de-
17 velop taxonomies and lexica to describe artificial in-
18 telligence tasks, knowledge, skills, abilities, com-
19 petencies, and work roles to guide career develop-
20 ment, education, and training activities in industry,
21 academia, nonprofit organizations, and the Federal
22 government, identify workforce gaps in the public
23 and private sector, and create criteria and measure-
24 ment for credentials in artificial intelligence-related
25 careers; and

1 (6) enter into and perform such contracts, in-
2 cluding cooperative research and development ar-
3 rangements and grants and cooperative agreements
4 or other transactions, as may be necessary in the
5 conduct of the work of the National Institute of
6 Standards and Technology and on such terms as the
7 Director considers appropriate, in furtherance of the
8 purposes of this division.

9 (b) RISK MANAGEMENT FRAMEWORK.—Not later
10 than 2 years after the date of the enactment of this Act,
11 the Director shall work to develop, and periodically up-
12 date, in collaboration with other public and private sector
13 organizations, including the National Science Foundation
14 and the Department of Energy, a voluntary risk manage-
15 ment framework for the trustworthiness of artificial intel-
16 ligence systems. The framework shall—

17 (1) identify and provide standards, guidelines,
18 best practices, methodologies, procedures, and proc-
19 esses for assessing the trustworthiness of, and miti-
20 gating risks to, artificial intelligence systems;

21 (2) establish common definitions and character-
22 izations for aspects and levels of trustworthiness, in-
23 cluding explainability, transparency, safety, privacy,
24 security, robustness, fairness, bias, ethics, validation,
25 verification, interpretability, and other properties re-

1 lated to artificial intelligence systems that are com-
2 mon across all sectors;

3 (3) provide guidance and implementation steps
4 for risk management of artificial intelligence sys-
5 tems;

6 (4) provide sector-specific case studies of imple-
7 mentation of the framework;

8 (5) align with voluntary consensus standards,
9 including international standards, to the fullest ex-
10 tent possible;

11 (6) incorporate voluntary consensus standards
12 and industry best practices; and

13 (7) not prescribe or otherwise require—

14 (A) the use of specific solutions; or

15 (B) the use of specific information or com-
16 munications technology products or services.

17 (c) DATA SHARING AND DOCUMENTATION BEST
18 PRACTICES.—Not later than 1 year after the date of en-
19 actment of this Act, the Director shall, in collaboration
20 with other public and private sector organizations, develop
21 guidance to facilitate the creation of voluntary data shar-
22 ing arrangements between industry, federally funded re-
23 search centers, and Federal agencies for the purpose of
24 advancing artificial intelligence research and technologies,
25 including—

1 (1) options for partnership models between gov-
2 ernment entities, industry, universities, and non-
3 profits that incentivize each party to share the data
4 they collected; and

5 (2) best practices for datasets used to train ar-
6 tificial intelligence systems, including—

7 (A) standards for metadata that describe
8 the properties of datasets, including—

9 (i) the origins of the data;

10 (ii) the intent behind the creation of
11 the data;

12 (iii) authorized uses of the data;

13 (iv) descriptive characteristics of the
14 data, including what populations are in-
15 cluded and excluded from the datasets; and

16 (v) any other properties as determined
17 by the Director; and

18 (B) standards for privacy and security of
19 datasets with human characteristics.

20 (d) STAKEHOLDER OUTREACH.—In carrying out the
21 activities under this subsection, the Director shall—

22 (1) solicit input from university researchers,
23 private sector experts, relevant Federal agencies,
24 Federal laboratories, State and local governments,
25 civil society groups, and other relevant stakeholders;

- 1 (2) solicit input from experts in relevant fields
2 of social science, technology ethics, and law; and
3 (3) provide opportunity for public comment on
4 guidelines and best practices developed as part of
5 the Initiative, as appropriate.

6 **TITLE IV—NATIONAL SCIENCE**
7 **FOUNDATION ARTIFICIAL IN-**
8 **TELLIGENCE ACTIVITIES**

9 **SEC. 5401. ARTIFICIAL INTELLIGENCE RESEARCH AND**
10 **EDUCATION.**

11 (a) IN GENERAL.—As part of the Initiative, the Di-
12 rector of the National Science Foundation shall fund re-
13 search and education activities in artificial intelligence sys-
14 tems and related fields, including competitive awards or
15 grants to institutions of higher education or eligible non-
16 profit organizations (or consortia thereof).

17 (b) USES OF FUNDS.—In carrying out the activities
18 under subsection (a), the Director of the National Science
19 Foundation shall—

- 20 (1) support research, including interdisciplinary
21 research on artificial intelligence systems and related
22 areas;
23 (2) support collaborations among researchers
24 across disciplines, including between social scientists
25 and computer and data scientists, to advance re-

1 search critical to the development and deployment of
2 trustworthy artificial intelligence systems, including
3 support for interdisciplinary research relating ad-
4 vances in artificial intelligence to changes in the fu-
5 ture workplace, in a social and economic context;

6 (3) use the existing programs of the National
7 Science Foundation, in collaboration with other Fed-
8 eral departments and agencies, as appropriate to—

9 (A) improve the teaching and learning of
10 artificial intelligence systems at all levels of
11 education; and

12 (B) increase participation in artificial intel-
13 ligence related fields, including by individuals
14 identified in sections 33 and 34 of the Science
15 and Engineering Equal Opportunity Act (42
16 U.S.C. 1885a, 1885b);

17 (4) engage with institutions of higher edu-
18 cation, research communities, industry, Federal lab-
19 oratories, nonprofit organizations, State and local
20 governments, and potential users of information pro-
21 duced under this section, including through the con-
22 vening of workshops and conferences, to leverage the
23 collective body of knowledge across disciplines rel-
24 evant to artificial intelligence, facilitate new collabo-

1 rations and partnerships, and identify emerging re-
2 search needs;

3 (5) support partnerships among institutions of
4 higher education and industry that facilitate collabo-
5 rative research, personnel exchanges, and workforce
6 development with respect to artificial intelligence
7 systems;

8 (6) ensure adequate access to research and edu-
9 cation infrastructure with respect to artificial intel-
10 ligence systems, including through the development
11 of new computing resources and partnership with
12 the private sector for the provision of cloud-based
13 computing services;

14 (7) conduct prize competitions, as appropriate,
15 pursuant to section 24 of the Stevenson-Wydler
16 Technology Innovation Act of 1980 (15 U.S.C.
17 3719);

18 (8) coordinate research efforts funded through
19 existing programs across the directorates of the Na-
20 tional Science Foundation;

21 (9) provide guidance on data sharing by grant-
22 ees to public and private sector organizations con-
23 sistent with the standards and guidelines developed
24 under section **【5301(c)】**; and

1 (10) evaluate opportunities for international
2 collaboration with strategic allies on artificial intel-
3 ligence research and development.

4 (c) ARTIFICIAL INTELLIGENCE RESEARCH
5 GRANTS.—

6 (1) IN GENERAL.—The Director shall award
7 grants for research on artificial intelligence systems.

8 Research areas may include—

9 (A) artificial intelligence systems, including
10 machine learning, computer vision, robotics,
11 and hardware for accelerating artificial intel-
12 ligence systems;

13 (B) artificial intelligence-enabled systems;

14 (C) fields and research areas that will con-
15 tribute to the advancement of artificial intel-
16 ligence systems, including information theory,
17 causal and statistical inference, data mining, in-
18 formation extraction, human-robot interaction,
19 and intelligent interfaces;

20 (D) fields and research areas that increase
21 understanding of human characteristics relevant
22 to artificial intelligence systems, including com-
23 putational neuroscience, reasoning and rep-
24 resentation, speech and language, multi-agent
25 systems, intelligent interfaces, human-artificial

1 intelligence cooperation, and artificial intel-
2 ligence-augmented human problem solving;

3 (E) fields and research areas that increase
4 understanding of learning, adaptability, and re-
5 siliance beyond the human cognitive model, in-
6 cluding topics in developmental biology, zoology,
7 botany, morphological computation, and
8 organismal systems;

9 (F) fields and research areas that will con-
10 tribute to the development and deployment of
11 trustworthy artificial intelligence systems, in-
12 cluding—

13 (i) algorithmic explainability;

14 (ii) methods to assess, characterize,
15 and reduce bias in datasets and artificial
16 intelligence systems; and

17 (iii) safety and robustness of artificial
18 intelligence systems, including assurance,
19 verification, validation, security, and con-
20 trol;

21 (G) privacy and security, including for
22 datasets used for the training and inference of
23 artificial intelligence systems, and software and
24 hardware used in artificial intelligence systems;

1 (H) fields and research areas that address
2 the application of artificial intelligence systems
3 to scientific discovery and societal challenges,
4 including economic and public health emer-
5 gencies;

6 (I) societal, ethical, safety, education,
7 workforce, and security implications of artificial
8 intelligence systems, including social impact of
9 artificial intelligence systems on different
10 groups within society, especially historically
11 marginalized groups; and

12 (J) qualitative and quantitative forecasting
13 of future capabilities, applications, and impacts.

14 (2) ENGINEERING SUPPORT.—In soliciting pro-
15 posals for funding under this section, the Director
16 shall permit applicants to include in their proposed
17 budgets funding for software engineering support to
18 assist with the proposed research.

19 (3) ETHICS.—

20 (A) SENSE OF CONGRESS.—It is the sense
21 of Congress that—

22 (i) a number of emerging areas of re-
23 search, including artificial intelligence,
24 have potential ethical, social, safety, and

1 security implications that might be appar-
2 ent as early as the basic research stage;

3 (ii) the incorporation of ethical, social,
4 safety, and security considerations into the
5 research design and review process for
6 Federal awards may help mitigate poten-
7 tial harms before they happen;

8 (iii) the National Science Founda-
9 tion's intent to enter into an agreement
10 with the National Academies of Sciences,
11 Engineering, and Medicine to conduct a
12 study and make recommendations with re-
13 spect to governance of research in emerg-
14 ing technologies is a positive step toward
15 accomplishing this goal; and

16 (iv) the National Science Foundation
17 should continue to work with stakeholders
18 to understand and adopt policies that pro-
19 mote best practices for governance of re-
20 search in emerging technologies at every
21 stage of research.

22 (B) ETHICS STATEMENTS.—

23 (i) IN GENERAL.—Not later than 18
24 months after the date of enactment of this
25 Act, the Director shall amend grant pro-

1 positional instructions to include a requirement
2 for an ethics statement to be included as
3 part of any proposal for funding prior to
4 making the award. Such statement shall be
5 considered by the Director in the review of
6 proposals, taking into consideration any
7 relevant input from the peer-reviewers for
8 the proposal, and shall factor into award
9 decisions as deemed necessary by the Di-
10 rector.

11 (ii) CONTENTS.—Such statements
12 may include, as appropriate—

13 (I) the potential societal benefits
14 of the research;

15 (II) any foreseeable or quantifi-
16 able risks to society, including how
17 the research could enable products,
18 technologies, or other outcomes that
19 could intentionally or unintentionally
20 cause significant societal harm; and

21 (III) how technical or social solu-
22 tions can mitigate such risks and, as
23 appropriate, a plan to implement such
24 mitigation measures.

1 (iii) GUIDANCE.—The Director shall
2 issue clear guidance on what constitutes a
3 foreseeable or quantifiable risk described in
4 clause (ii)(II), and to the extent practical
5 harmonize this policy with existing ethical
6 policies or related requirements for human
7 subjects.

8 (iv) ANNUAL REPORTS.—The Director
9 shall encourage grantees to update their
10 ethics statements as appropriate as part of
11 the annual reports required by all grantees
12 under the grant terms and conditions.

13 (d) EDUCATION.—

14 (1) IN GENERAL.—The Director of the National
15 Science Foundation shall award grants for education
16 programs at the K-12, community college, under-
17 graduate, graduate, postdoctoral, adult learning, and
18 retraining stages of education that—

19 (A) support the development of a diverse
20 workforce pipeline for science and technology
21 with respect to artificial intelligence systems;

22 (B) increase awareness of ethical, social,
23 safety, and security implications of artificial in-
24 telligence systems; and

1 (C) promote the widespread understanding
2 of artificial intelligence principles and methods
3 to create an educated workforce and general
4 public able to use products enabled by artificial
5 intelligence systems and adapt to future societal
6 and economic changes caused by artificial intel-
7 ligence systems.

8 (2) USE OF FUNDS.—Grants awarded under
9 this section for education activities referred to in
10 paragraph (1) may be used for—

11 (A) collaborative interdisciplinary research,
12 development, testing, and dissemination of K-
13 12, undergraduate, and community college cur-
14 riculum development, dissemination, and other
15 educational tools and methods in artificial intel-
16 ligence related fields;

17 (B) curriculum development in the field of
18 technology ethics;

19 (C) support for informal education activi-
20 ties for K-12 students to engage with artificial
21 intelligence systems, including mentorship pro-
22 grams for underrepresented populations;

23 (D) efforts to achieve equitable access to
24 K-12 artificial intelligence education for popu-
25 lations and geographic areas traditionally

1 underrepresented in the artificial intelligence
2 field;

3 (E) training and professional development
4 programs, including innovative pre-service and
5 in-service programs, in artificial intelligence and
6 related fields for K-12 teachers;

7 (F) efforts to improve the retention rate
8 for researchers focusing on artificial intelligence
9 systems at institutions of higher learning and
10 other nonprofit research institutions;

11 (G) outreach programs to educate the gen-
12 eral public about the uses of artificial intel-
13 ligence and its societal implications;

14 (H) assessments of activities conducted
15 under this subsection; and

16 (I) any other relevant activities the Direc-
17 tor determines will accomplish the aim de-
18 scribed in paragraph (1).

19 (3) ARTIFICIAL INTELLIGENCE TRAINEESHIPS
20 AND FELLOWSHIPS.—

21 (A) ARTIFICIAL INTELLIGENCE
22 TRAINEESHIPS.—

23 (i) IN GENERAL.—The Director of the
24 National Science Foundation shall award
25 grants to institutions of higher education

1 to establish traineeship programs for grad-
2 uate students who pursue artificial intel-
3 ligence-related research leading to a mas-
4 ters or doctorate degree by providing fund-
5 ing and other assistance, and by providing
6 graduate students opportunities for re-
7 search experiences in government or indus-
8 try related to the students' artificial intel-
9 ligence studies.

10 (ii) USE OF FUNDS.—An institution
11 of higher education shall use grant funds
12 provided under clause (i) for the purposes
13 of—

14 (I) providing traineeships to stu-
15 dents who are pursuing research in
16 artificial intelligence leading to a mas-
17 ters or doctorate degree;

18 (II) paying tuition and fees for
19 students receiving traineeships who
20 are citizens, nationals, or lawfully ad-
21 mitted permanent resident aliens of
22 the United States;

23 (III) creating and requiring
24 courses or training programs in tech-

1 nology ethics for students receiving
2 traineeships;

3 (IV) creating opportunities for
4 research in technology ethics for stu-
5 dents receiving traineeships;

6 (V) establishing scientific intern-
7 ship programs for students receiving
8 traineeships in artificial intelligence at
9 for-profit institutions, nonprofit re-
10 search institutions, or government lab-
11 oratories; and

12 (VI) other costs associated with
13 the administration of the program.

14 (B) ARTIFICIAL INTELLIGENCE FELLOW-
15 SHIPS.—The Director of the National Science
16 Foundation shall award fellowships to masters
17 and doctoral students and postdoctoral re-
18 searchers at institutions of higher education
19 who are pursuing degrees or research in artifi-
20 cial intelligence and related fields, including in
21 the field of technology ethics. In making such
22 awards, the Director shall—

23 (i) ensure recipients of artificial intel-
24 ligence fellowships are citizens, nationals,

1 or lawfully admitted permanent resident
2 aliens of the United States; and

3 (ii) conduct outreach, including
4 through formal solicitations, to solicit pro-
5 posals from students and postdoctoral re-
6 searchers seeking to carry out research in
7 aspects of technology ethics with relevance
8 to artificial intelligence systems.

9 (C) FACULTY RECRUITMENT FELLOW-
10 SHIPS.—

11 (i) IN GENERAL.—The Director of the
12 National Science Foundation shall estab-
13 lish a program to award grants to institu-
14 tions of higher education to recruit and re-
15 tain tenure-track or tenured faculty in ar-
16 tificial intelligence and related fields.

17 (ii) USE OF FUNDS.—An institution
18 of higher education shall use grant funds
19 provided under clause (i) for the purposes
20 of—

21 (I) recruiting new tenure-track or
22 tenured faculty members to that con-
23 duct research and teaching in artifi-
24 cial intelligence and related fields and

1 research areas, including technology
2 ethics; and

3 (II) paying salary and benefits
4 for the academic year of newly re-
5 cruited tenure-track or tenured fac-
6 ulty members for a duration of up to
7 three years.

8 (D) FACULTY TECHNOLOGY ETHICS FEL-
9 LOWSHIPS.—

10 (i) IN GENERAL.—The Director of the
11 National Science Foundation shall estab-
12 lish a program to award fellowships to ten-
13 ure-track and tenured faculty in social and
14 behavioral sciences, ethics, law, and related
15 fields to develop new research projects and
16 partnerships in technology ethics, in col-
17 laboration with faculty conducting empir-
18 ical research in artificial intelligence and
19 related fields.

20 (ii) PURPOSES.—The purposes of such
21 fellowships are to enable researchers in so-
22 cial and behavioral sciences, ethics, law,
23 and related fields to establish new research
24 and education partnerships with research-
25 ers in artificial intelligence and related

1 fields; learn new techniques and acquire
2 systematic knowledge in artificial intel-
3 ligence and related fields; shift their re-
4 search to focus on technology ethics; and
5 mentor and advise graduate students and
6 postdocs pursuing research in technology
7 ethics.

8 (iii) USES OF FUNDS.—A fellowship
9 may include salary and benefits for up to
10 one academic year and additional expenses
11 to support coursework or equivalent train-
12 ing in artificial intelligence systems.

13 (E) UPDATE TO ROBERT NOYCE TEACHER
14 SCHOLARSHIP PROGRAM.—Section 10(i)(5) of
15 the National Science Foundation Authorization
16 Act of 2002 (42 U.S.C. 1862n–1(i)(5)) is
17 amended by inserting “and artificial intel-
18 ligence” after “computer science”.

19 (4) UPDATE TO ADVANCED TECHNOLOGICAL
20 EDUCATION PROGRAM.—

21 (A) IN GENERAL.—Section 3(b) of the Sci-
22 entific and Advanced-Technology Act of 1992
23 (42 U.S.C. 1862(i)) is amended by striking
24 “10” and inserting “12”.

1 (B) ARTIFICIAL INTELLIGENCE CENTERS
2 OF EXCELLENCE.—The Director of the Na-
3 tional Science Foundation shall establish na-
4 tional centers of scientific and technical edu-
5 cation to advance education and workforce de-
6 velopment in areas related to artificial intel-
7 ligence pursuant to Section 3 of the Scientific
8 and Advanced-Technology Act of 1992 (42
9 U.S.C. 1862(i)). Activities of such centers may
10 include—

11 (i) the development, dissemination,
12 and evaluation of curriculum and other
13 educational tools and methods in artificial
14 intelligence related fields and research
15 areas, including technology ethics;

16 (ii) the development and evaluation of
17 artificial intelligence related certifications
18 for 2-year programs; and

19 (iii) interdisciplinary science and engi-
20 neering research in employment-based
21 adult learning and career retraining re-
22 lated to artificial intelligence fields.

1 **TITLE V—DEPARTMENT OF EN-**
2 **ERGY ARTIFICIAL INTEL-**
3 **LIGENCE RESEARCH PRO-**
4 **GRAM**

5 **SEC. 5501. DEPARTMENT OF ENERGY ARTIFICIAL INTEL-**
6 **LIGENCE RESEARCH PROGRAM.**

7 (a) IN GENERAL.—The Secretary shall carry out a
8 cross-cutting research and development program to ad-
9 vance artificial intelligence tools, systems, capabilities, and
10 workforce needs and to improve the reliability of artificial
11 intelligence methods and solutions relevant to the mission
12 of the Department. In carrying out this program, the Sec-
13 retary shall coordinate across all relevant offices and pro-
14 grams at the Department, including the Office of Science,
15 the Office of Energy Efficiency and Renewable Energy,
16 the Office of Nuclear Energy, the Office of Fossil Energy,
17 the Office of Electricity, the Office of Cybersecurity, En-
18 ergy Security, and Emergency Response, the Advanced
19 Research Projects Agency-Energy, and any other relevant
20 office determined by the Secretary.

21 (b) RESEARCH AREAS.—In carrying out the program
22 under subsection (a), the Secretary shall award financial
23 assistance to eligible entities to carry out research projects
24 on topics including—

1 (1) the application of artificial intelligence sys-
2 tems to improve large-scale simulations of natural
3 and other phenomena;

4 (2) the study of applied mathematics, computer
5 science, and statistics, including foundations of
6 methods and systems of artificial intelligence, causal
7 and statistical inference, and the development of al-
8 gorithms for artificial intelligence systems;

9 (3) the analysis of existing large-scale datasets
10 from science and engineering experiments and sim-
11 ulations, including energy simulations and other pri-
12 orities at the Department as determined by the Sec-
13 retary using artificial intelligence tools and tech-
14 niques;

15 (4) the development of operation and control
16 systems that enhance automated, intelligent deci-
17 sionmaking capabilities;

18 (5) the development of advanced computing
19 hardware and computer architecture tailored to arti-
20 ficial intelligence systems, including the codesign of
21 networks and computational hardware;

22 (6) the development of standardized datasets
23 for emerging artificial intelligence research fields
24 and applications, including methods for addressing
25 data scarcity; and

1 (7) the development of trustworthy artificial in-
2 telligence systems, including—

3 (A) algorithmic explainability;

4 (B) analytical methods for identifying and
5 mitigating bias in artificial intelligence systems;
6 and

7 (C) safety and robustness, including assur-
8 ance, verification, validation, security, and con-
9 trol.

10 (c) TECHNOLOGY TRANSFER.—In carrying out the
11 program under subsection (a), the Secretary shall support
12 technology transfer of artificial intelligence systems for the
13 benefit of society and United States economic competitive-
14 ness.

15 (d) FACILITY USE AND UPGRADES.—In carrying out
16 the program under subsection (a), the Secretary shall—

17 (1) make available high-performance computing
18 infrastructure at national laboratories;

19 (2) make any upgrades necessary to enhance
20 the use of existing computing facilities for artificial
21 intelligence systems, including upgrades to hard-
22 ware;

23 (3) establish new computing capabilities nec-
24 essary to manage data and conduct high perform-

1 ance computing that enables the use of artificial in-
2 telligence systems; and

3 (4) maintain and improve, as needed, net-
4 working infrastructure, data input and output mech-
5 anisms, and data analysis, storage, and service capa-
6 bilities.

7 (e) ETHICS.—

8 (1) IN GENERAL.—Not later than 18 months
9 after the date of enactment of this Act, the Sec-
10 retary shall amend grant proposal instructions to in-
11 clude a requirement for an ethics statement to be in-
12 cluded as part of any proposal for funding prior to
13 making the award. Such statement shall be consid-
14 ered by the Secretary in the review of proposals, tak-
15 ing into consideration any relevant input from the
16 peer-reviewers for the proposal, and shall factor into
17 award decisions as deemed necessary by the Sec-
18 retary. Such statements may include, as appro-
19 priate—

20 (A) the potential societal benefits of the re-
21 search;

22 (B) any foreseeable or quantifiable risks to
23 society, including how the research could enable
24 products, technologies, or other outcomes that

1 could intentionally or unintentionally cause sig-
2 nificant societal harm; and

3 (C) how technical or social solutions can
4 mitigate such risks and, as appropriate, a plan
5 to implement such mitigation measures.

6 (2) GUIDANCE.—The Secretary shall issue clear
7 guidance on what constitutes risks as described in
8 section (1)(B), and to the extent practical harmonize
9 this policy with existing ethical policies or related re-
10 quirements for human subjects.

11 (3) ANNUAL REPORTS.—The Secretary shall
12 encourage awardees to update their ethics state-
13 ments as appropriate as part of the annual reports
14 required by all awardees under the grant terms and
15 conditions.

16 (f) RISK MANAGEMENT.—The Secretary shall review
17 agency policies for risk management in artificial intel-
18 ligence related projects and issue as necessary policies and
19 principles that are consistent with the framework devel-
20 oped under section **【5301(b)】**.

21 (g) DATA PRIVACY AND SHARING.—The Secretary
22 shall review agency policies for data sharing with other
23 public and private sector organizations and issue as nec-
24 essary policies and principles that are consistent with the
25 standards and guidelines submitted under section

1 **【5301(c)】**. In addition, the Secretary shall establish a
2 streamlined mechanism for approving research projects or
3 partnerships that require sharing sensitive public or pri-
4 vate data with the Department.

5 (h) PARTNERSHIPS WITH OTHER FEDERAL AGEN-
6 CIES.—The Secretary may request, accept, and provide
7 funds from other Federal departments and agencies,
8 State, United States territory, local, or Tribal government
9 agencies, private sector for-profit entities, and nonprofit
10 entities, to be available to the extent provided by appro-
11 priations Acts, to support a research project or partner-
12 ship carried out under this section. The Secretary may not
13 give any special consideration to any agency or entity in
14 return for a donation.

15 (i) STAKEHOLDER ENGAGEMENT.—In carrying out
16 the activities authorized in this section, the Secretary
17 shall—

18 (1) collaborate with a range of stakeholders in-
19 cluding small businesses, institutes of higher edu-
20 cation, industry, and the National Laboratories;

21 (2) leverage the collective body of knowledge
22 from existing artificial intelligence and machine
23 learning research; and

1 (3) engage with other Federal agencies, re-
2 search communities, and potential users of informa-
3 tion produced under this section.

4 (j) DEFINITIONS.—In this section:

5 (1) SECRETARY.—The term “Secretary” means
6 the Secretary of Energy.

7 (2) DEPARTMENT.—The term “Department”
8 means the Department of Energy.

9 (3) NATIONAL LABORATORY.—The term “na-
10 tional laboratory” has the meaning given such term
11 in section 2 of the Energy Policy Act of 2005 (42
12 U.S.C. 15801).

13 (4) ELIGIBLE ENTITIES.—The term “eligible
14 entities” means—

15 (A) an institution of higher education;

16 (B) a National Laboratory;

17 (C) a Federal research agency;

18 (D) a State research agency;

19 (E) a nonprofit research organization;

20 (F) a private sector entity; or

21 (G) a consortium of 2 or more entities de-
22 scribed in subparagraph (A) through (F).

Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021

Offered by: Rep. Xochitl Torres Small

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Assessment of High-Powered Microwave Systems

The committee recognizes that directed energy technologies such as high-powered microwave (HPM) systems are being developed by the Department in order to provide non-lethal alternatives in combat and to maintain pace with our adversaries. The committee notes that as these technologies transition from the laboratory to an operational environment, it is critical that the Department assess and prepare for the maturation of these capabilities. Therefore, the committee directs the Under Secretary of Defense for Research and Engineering, in consultation with the heads of the military departments, to provide a briefing to the House Committee on Armed Services no later than January 15, 2021 on the development plan for HPM systems including the maturity of current research and development efforts, conformance to electromagnetic environmental effects requirements such as military standard 464 (MIL-STD-464), the status of the test capabilities required for verification and validation for all expected operational environments, the concept of operation of such systems, and potential vulnerabilities of Department systems to a HPM attack.

AMENDMENT TO H.R. 6395
OFFERED BY MS. SPEIER OF CALIFORNIA

At the appropriate place in title II, insert the following new section:

1 **SEC. 2** ____. **MEASURING AND INCENTIVIZING PROGRAM-**
2 **MING PROFICIENCY.**

3 (a) **IN GENERAL.**—Not later than two years after the
4 date of the enactment of this Act, the Secretary of Defense
5 shall carry out the following activities:

6 (1) Leverage existing civilian software develop-
7 ment and software architecture certification pro-
8 grams to implement coding language proficiency and
9 artificial intelligence competency tests within the De-
10 partment of Defense that—

11 (A) measure an individual’s competency in
12 using machine learning tools, in a manner simi-
13 lar to the way the Defense Language Pro-
14 ficiency Test measures competency in foreign
15 language skills;

16 (B) enable the identification of members of
17 the Armed Forces and civilian employees of the
18 Department of Defense who have varying levels
19 of quantified coding comprehension and skills

1 and a propensity to learn new programming
2 paradigms, algorithms, and data analytics; and
3 (C) include hands-on coding demonstra-
4 tions and challenges.

5 (2) Update existing record keeping systems to
6 track artificial intelligence and programming certifi-
7 cation testing results in a manner that is com-
8 parable to the system used for tracking and docu-
9 menting foreign language competency, and use that
10 record keeping system to ensure that workforce cod-
11 ing and artificial intelligence comprehension and
12 skills are taken into consideration when making as-
13 signments.

14 (3) Implement a system of rewards, including
15 appropriate incentive pay and retention incentives,
16 for members of the Armed Forces and civilian em-
17 ployees of the Department of Defense who perform
18 successfully on specific language coding proficiency
19 and artificial intelligence competency tests and make
20 their skills available to the Department.

21 (b) INFORMATION SHARING WITH OTHER FEDERAL
22 AGENCIES.—The Secretary of Defense shall share infor-
23 mation on the activities carried out under subsection (a)
24 with the Secretary of Homeland Security, the Attorney
25 General, the Director of National Intelligence, and the

1 heads of such other organizations of the intelligence com-
2 munity as the Secretary determines appropriate, for pur-
3 poses of—

4 (1) making information about the coding lan-
5 guage proficiency and artificial intelligence com-
6 petency tests developed under such subsection avail-
7 able to other Federal national security agencies; and

8 (2) encouraging the heads of such agencies to
9 implement tracking and reward systems that are
10 comparable to those implemented by the Department
11 of Defense pursuant to such subsection.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Andy Kim of New Jersey

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

**GAO STUDY AND REPORT ON ELECTRONIC CONTINUITY OF OPERATIONS
ON THE DEPARTMENT OF DEFENSE**

The committee notes the centrality of electronic command, control, and communications to Department of Defense continuity of operations. To ensure that the committee is fully informed of how the Department of Defense is addressing issues related to the risk to electronic communications, the committee requests that the Comptroller General of the United States conduct a study of electronic communications continuity of operations of the Department of Defense. More specifically, this study should include:

- (a) An assessment of the vulnerability of the Department's email and videoconferencing systems to widespread or systemic failure;
- (b) An assessment of whether the Department is prepared in the event of a communications service failure where the Department's email and video conferencing systems are unable to operate;
- (c) Lists of services or actions recommended to ensure the Department is prepared for continuity of operations in the event of a communications services failure; and
- (d) Lists of actions recommended to prevent future electronic communications failure, including investments in services, technology or infrastructure.

The committee requests an interim briefing not later than December 31st, 2020 on the preliminary findings, with a final report to be presented so later than September 30th, 2021.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Carbajal of California

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Airborne Augmented Reality Systems

The committee is concerned with the time and resources required to produce and develop fully qualified pilots and believes that airborne augmented reality systems could mitigate some of the resource constraints. The committee also acknowledges the potential cost savings and environmental benefit of implementing augmented reality systems. Use of synthetic entities reduces fuel consumption; maintenance; airframe degradation; and environmental impact while increasing training repetitions per hour and enabling pilots to fly against synthetic adversaries that mirror the appearance and performance of actual strategic rival aircraft.

Therefore, the committee directs the Assistant Secretary of the Air Force for Acquisition, Technology, and Logistics to submit a report to congressional defense and intelligence committees by January 31, 2021 detailing the potential cost savings; maintenance benefits; environmental benefits; counter-intelligence benefits; pilot readiness improvements; benefits of service life extension through reduced hours on key airframes; and any funding required to enable the use of airborne augmented reality systems by the Combat Air Forces. The report shall include any Air Force Program Executive Office efforts to take existing airborne augmented reality systems that have completed Phase II of the Small Business Innovative Research program by March 31, 2021 and explain how those efforts are resourced over the Fiscal Year Defense Plan to maximize benefit to the warfighters and taxpayers. The report shall be submitted in unclassified form. If necessary, a classified annex shall also be provided.

AMENDMENT TO H.R. 6395
OFFERED BY MR. WALTZ OF FLORIDA

At the appropriate place in title II, insert the following new section:

1 **SEC. 2 ____ . MEASURES TO ADDRESS FOREIGN TALENT PRO-**
2 **GRAMS.**

3 (a) LIST OF PROGRAMS.—The Secretary of Defense
4 shall develop and maintain a list of foreign talent pro-
5 grams that pose a threat to the national security interests
6 of the United States, as determined by the Secretary.

7 (b) CRITERIA.—In developing the list under sub-
8 section (a) the Secretary of Defense shall consider—

9 (1) the extent to which a foreign talent pro-
10 gram—

11 (A) poses a threat to research funded by
12 the Department of Defense; and

13 (B) engages in, or facilitates, cyber at-
14 tacks, theft, espionage, or otherwise interferes
15 in the affairs of the United States; and

16 (2) any other factors the Secretary determines
17 appropriate.

18 (c) INFORMATION TO CONGRESS.—Not later than 90
19 days after the date of the enactment of this Act, the Sec-

1 retary of Defense shall submit to the Committees on
2 Armed Services of the Senate and the House of Represent-
3 atives a copy of the list developed under subsection (a).

4 (d) PUBLICATION IN FEDERAL REGISTER.—Not
5 later than 30 days after making the submission required
6 under subsection (c), the Secretary of Defense shall pub-
7 lish the list developed under subsection (a) in the Federal
8 Register.

9 (e) NOTICE AND COMMENT PERIOD.—The list devel-
10 oped under subsection (a), and any guidance, rules, up-
11 dates, or other requirements relating to such list, shall not
12 take effect until such list, or any such guidance, rules, up-
13 dates, or other requirements (as the case may be) have
14 been—

- 15 (1) published in the Federal Register; and
- 16 (2) open for public comment for a period of not
17 less than 60 days.

18 (f) FOREIGN TALENT PROGRAM DEFINED.—In this
19 section, the term “foreign talent program” has the mean-
20 ing given that term for purposes of section 1286 of the
21 John S. McCain National Defense Authorization Act for
22 Fiscal Year 2019 (Public Law 115–232; 10 U.S.C. 2358
23 note).

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Brindisi of New York

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

National Guard Access to Classified Information

The committee recognizes the growing importance of ensuring National Guard members who require access to classified information to carry out their official duties have timely access to both classified and unclassified information remotely. The committee notes the necessity in ensuring that policies related to the remote access of classified information is consistent with those for the active and reserve forces. To this end, the committee directs the Chief of the National Guard Bureau to submit a report to the congressional defense committees no later than April 30, 2021, on the programs and systems it uses, or plans to use, to allow authorized National Guard members to access classified information remotely.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Ms. Sherrill of New Jersey

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

**Investment in research and development for decontamination technology
to support civilian applications**

The committee recognizes the valuable contribution of the Department of Defense in developing decontamination technologies against biological threats. In response to the COVID-19 pandemic, the Chemical and Biological Defense Program quickly funded the Joint Biological Agent Decontamination System Lite (JBADS Lite), which adapts biothermal decontamination technology from the original JBADS program of record to decontaminate platforms after transport of COVID-19 positive personnel.

The committee believes JBADS Lite is critical for the military to maintain operations during a pandemic while ensuring the safety of passengers and crew; and that this has applications in the civilian sector to support the decontamination of civilian transportation systems (i.e. rail, buses, aircraft). Therefore, the committee directs Office of the Assistant Secretary of Defense for Nuclear, Chemical, and Biological Defense Programs to provide a briefing to the House Committee on Armed Services by February 15, 2021 on how JBADS Lite could aid in the pandemic preparedness of civilian transportation systems in the United States.

AMENDMENT TO H.R. 6395**OFFERED BY MS. STEFANIK OF NEW YORK**

At the end of title II, add the following new subtitle:

1 **Subtitle E—Additional Emerging**
2 **Technology and Artificial Intel-**
3 **ligence Matters**

4 **SEC. 251. PART-TIME AND TERM EMPLOYMENT OF UNIVER-**
5 **SITY PROFESSORS AND STUDENTS IN THE**
6 **DEFENSE SCIENCE AND TECHNOLOGY EN-**
7 **TERPRISE.**

8 (a) IN GENERAL.—Not later than 180 days after the
9 date of the enactment of this Act, the Secretary of De-
10 fense, jointly with the Secretaries of the military depart-
11 ments, and in consultation with the Under Secretary of
12 Defense for Research and Engineering and the Under Sec-
13 retary of Defense for Personnel and Readiness, shall es-
14 tablish a program under which qualified professors and
15 students may be employed on a part-time or term basis
16 in an organization of the Defense science and technology
17 enterprise for the purpose of conducting a research
18 project.

19 (b) SELECTION.—

1 (1) SELECTION AND HIRING.—The head of an
2 organization in the Defense science and technology
3 enterprise at which positions are made available
4 under subsection (a) shall be responsible for select-
5 ing qualified professors and students to fill such po-
6 sitions.

7 (2) SELECTION CRITERIA.—A qualified pro-
8 fessor or student shall be selected for participation
9 in the program under subsection (a) based on the
10 following criteria:

11 (A) In the case of a qualified professor—

12 (i) the academic credentials and re-
13 search experience of the professor; and

14 (ii) the extent to which the research
15 proposed to be carried out by the professor
16 will contribute to the objectives of the De-
17 partment of Defense.

18 (B) In the case of qualified student assist-
19 ing a professor with a research project under
20 the program—

21 (i) the academic credentials and other
22 qualifications of the student; and

23 (ii) the ability of the student to carry
24 out the responsibilities assigned to the stu-
25 dent as part of the project.

1 (c) IMPLEMENTATION.—

2 (1) MINIMUM NUMBER OF POSITIONS.—In the
3 first year of the program under subsection (a), the
4 Secretary of Defense shall establish not fewer than
5 10 positions for qualified professors. Not fewer than
6 five of such positions shall be reserved for qualified
7 professors to conduct research in the fields of artifi-
8 cial intelligence and machine learning.

9 (2) AUTHORITIES.—In carrying out the pro-
10 gram under subsection (a), the Secretary of Defense
11 and the heads of organizations in the Defense
12 science and technology enterprise may—

13 (A) use any hiring authority available to
14 the Secretary or the head of such an organiza-
15 tion;

16 (B) enter into cooperative research and de-
17 velopment agreements under section 12 of the
18 Stevenson-Wydler Technology Innovation Act of
19 1980 (15 U.S.C. 3710a); and

20 (C) pay referral bonuses to professors or
21 students participating in the program who iden-
22 tify—

23 (i) students to assist in a research
24 project under the program; or

1 (ii) students or recent graduates to
2 participate in other programs in the De-
3 fense science and technology enterprise, in-
4 cluding internships at Department of De-
5 fense Laboratories and in the Pathways
6 Program of the Department.

7 (d) REPORTS TO CONGRESS.—

8 (1) INITIAL REPORT.—Not later than 30 days
9 after the conclusion of the first year of the program
10 under subsection (a), the Secretary of Defense shall
11 submit to the congressional defense committees a re-
12 port on the status of the program. The report shall
13 include—

14 (A) identification of the number of quali-
15 fied professors and students employed under
16 the program;

17 (B) identification of the organizations in
18 the Defense science and technology enterprise
19 that employed such individuals; and

20 (C) a description of the types of research
21 conducted by such individuals.

22 (D) SUBSEQUENT REPORTS.—Not later than
23 30 days after the conclusion of the second and third
24 years of the program under subsection (a), the Sec-
25 retary of Defense shall submit to the congressional

1 defense committees a report on the progress of the
2 program. Each report shall include—

3 (i) the information described in subpara-
4 graphs (A) through (C) of paragraph (1);

5 (ii) the results of any research projects
6 conducted under the program; and

7 (iii) the number of students and recent
8 graduates who, pursuant to a reference from a
9 professor or student participating in the pro-
10 gram as described in subsection (c)(2)(C), were
11 hired by the Department of Defense or selected
12 for participation in another program in the De-
13 fense science and technology enterprise.

14 (e) DEFINITIONS.—In this section:

15 (1) The term “Defense science and technology
16 enterprise” means—

17 (A) the research organizations of the mili-
18 tary departments;

19 (B) the science and technology reinvention
20 laboratories (as designated under section 1105
21 of the National Defense Authorization Act for
22 Fiscal Year 2010 (Public Law 111–84; 10
23 U.S.C. 2358 note));

1 (C) the facilities of the Major Range and
2 Test Facility Base (as defined in section
3 2358a(f)(3) of title 10, United States Code);

4 (D) the Defense Advanced Research
5 Projects Agency; and

6 (E) such other organizations as the Sec-
7 retary of Defense determines appropriate for in-
8 clusion in the enterprise.

9 (2) The term “institution of higher education”
10 has the meaning given that term in section 101 of
11 the Higher Education Act of 1965 (20 U.S.C.
12 1001).

13 (3) The term “qualified professor” means a
14 professor of an institution of higher education who
15 has expertise in science, technology, engineering, and
16 mathematics.

17 (4) The term “qualified student” means a stu-
18 dent of an institution of higher education selected by
19 a qualified professor to assist the professor in con-
20 ducting research.

21 **SEC. 252. MICROELECTRONICS AND NATIONAL SECURITY.**

22 (a) **MODIFICATION OF STRATEGY FOR ASSURED AC-**
23 **CESS TO TRUSTED MICROELECTRONICS.**—Section 231 of
24 the National Defense Authorization Act for Fiscal Year

1 2017 (Public Law 114–328; 10 U.S.C. 2302 note) is
2 amended—

3 (1) in subsection (a), by striking “September
4 30, 2019” and inserting “December 30, 2020”;

5 (2) in subsection (b), by adding at the end the
6 following new paragraphs:

7 “(10) An approach to ensuring the continuing
8 production of cutting-edge microelectronics for na-
9 tional security needs, including state-of-the-art node
10 sizes, heterogeneous integration, boutique chip de-
11 signs, and variable volume production capabilities.

12 “(11) An assessment of current microelec-
13 tronics supply chain management practices, existing
14 risks, and actions that may be carried out to miti-
15 gate such risks by organizations in the defense in-
16 dustrial base.

17 “(12) A plan for increasing commercialization
18 of intellectual property developed by the Department
19 of Defense for commercial microelectronics research
20 and development.

21 “(13) An assessment of the feasibility, useful-
22 ness, efficacy, and cost of—

23 “(A) developing a national laboratory ex-
24 clusively focused on the research and develop-
25 ment of microelectronics to serve as a center for

1 Federal Government expertise in high-per-
2 forming, trusted microelectronics and as a hub
3 for Federal Government research into break-
4 through microelectronics-related technologies;
5 and

6 “(B) incorporating into such national lab-
7 oratory a commercial incubator to provide
8 early-stage microelectronics startups, which face
9 difficulties scaling due to the high costs of
10 microelectronics design and fabrication, with ac-
11 cess to funding resources, fabrication facilities,
12 design tools, and shared intellectual property.

13 “(14) Such other matters as the Secretary of
14 Defense determines to be relevant.”;

15 (3) in subsection (d), by striking “September
16 30, 2019” and inserting “December 30, 2020”; and

17 (4) in subsection (e), by striking “September
18 30, 2019” and inserting “December 30, 2020”.

19 (b) ADVISORY PANEL ON MICROELECTRONICS LEAD-
20 ERSHIP AND COMPETITIVENESS.—

21 (1) ESTABLISHMENT.—Not later than 30 days
22 after the date of the enactment of this Act, the
23 President, in consultation with the National Security
24 Council, the National Economic Council, and the Of-
25 fice of Science and Technology Policy, shall establish

1 an advisory panel on microelectronics leadership and
2 competitiveness (referred to in this subsection as the
3 “Advisory Panel”).

4 (2) MEMBERSHIP.—The Advisory Panel shall
5 be composed of the following members:

6 (A) The Secretary of Defense.

7 (B) The Secretary of Energy.

8 (C) The Director of the National Science
9 Foundation.

10 (D) The Director of the National Institute
11 of Standards and Technology.

12 (E) The heads of such other departments
13 and agencies of the Federal Government as the
14 President, in consultation with the National Se-
15 curity Council, determines appropriate.

16 (3) NATIONAL STRATEGY.—

17 (A) IN GENERAL.—Not later than 180
18 days after the date on which the Advisory Panel
19 is established, the Panel shall develop a na-
20 tional strategy to—

21 (i) accelerate the development and de-
22 ployment of state-of-the-art microelec-
23 tronics; and

1 (ii) ensure that the United States is a
2 global leader in the field of microelec-
3 tronics.

4 (B) ELEMENTS.—The strategy developed
5 under subparagraph (A) shall address the fol-
6 lowing:

7 (i) Activities that may be carried out
8 to strengthen engagement and outreach be-
9 tween the Department of Defense and in-
10 dustry, academia, international partners of
11 the United States, and other departments
12 and agencies of the Federal Government
13 on issues relating to microelectronics.

14 (ii) Science, technology, research, and
15 development efforts to facilitate the ad-
16 vancement and adoption of microelec-
17 tronics and new uses of microelectronics
18 and components, including efforts to—

19 (I) accelerate leap-ahead re-
20 search, development, and innovation
21 in microelectronics; and

22 (II) deploy heterogeneously inte-
23 grated microelectronics for machine
24 learning and other applications.

1 (iii) The role of diplomacy and trade
2 in maintaining the position of the United
3 States as a global leader in the field of
4 microelectronics, including the feasibility
5 and advisability of—

6 (I) implementing multilateral ex-
7 port controls tailored through direct
8 coordination with key allies of the
9 United States, including through the
10 Wassenaar Arrangement and other
11 multilateral fora, for specific semicon-
12 ductor manufacturing equipment such
13 as extreme ultraviolet photolithog-
14 raphy equipment and argon fluoride
15 immersion photolithography equip-
16 ment;

17 (II) additional trade enforcement
18 actions that may be initiated by the
19 United States to address any unfair
20 or excessive foreign semiconductor
21 subsidy programs or other unfair
22 microelectronics trade practices; and

23 (III) the elimination of any trade
24 barriers or unilateral export controls
25 that harm United States companies

1 without producing a substantial ben-
2 efit to the competitiveness or national
3 security of the United States.

4 (iv) The potential role of a national
5 laboratory and incubator exclusively fo-
6 cused on the research and development of
7 microelectronics, as described in section
8 231(b)(13) of the National Defense Au-
9 thorization Act for Fiscal Year 2017 (Pub-
10 lic Law 114–328; 10 U.S.C. 2302 note)
11 (as added by subsection (a)) in carrying
12 out the strategy and plan required sub-
13 paragraph (A).

14 (v) Such other activities as the Panel
15 determines may be appropriate to over-
16 come looming challenges to the innovation,
17 competitiveness, and supply chain integrity
18 of the United States in the area of
19 microelectronics.

20 (c) BRIEFINGS.—Not later than 90 days after the
21 date of the enactment of this Act—

22 (1) the Secretary of Defense shall provide to
23 the congressional defense committees a briefing on
24 the progress of the Secretary in developing the strat-
25 egy and implementation plan required under section

1 231(a) of the National Defense Authorization Act
2 for Fiscal Year 2017 (Public Law 114–328; 10
3 U.S.C. 2302 note); and

4 (2) the Assistant to the President for National
5 Security Affairs shall provide to the congressional
6 defense committees a briefing on the progress of the
7 Advisory Panel in developing the strategy required
8 under subsection (b)(3).

9 **SEC. 253. ACQUISITION OF ETHICALLY AND RESPONSIBLY**
10 **DEVELOPED ARTIFICIAL INTELLIGENCE**
11 **TECHNOLOGY.**

12 (a) ASSESSMENT REQUIRED.—Not later than 180
13 days after the date of the enactment of this Act, the Sec-
14 retary of Defense, acting through the Board of Directors
15 of the Joint Artificial Intelligence Center established
16 under [section 218 (log 70936)], shall conduct an assess-
17 ment to determine whether the Department of Defense
18 has the ability to ensure that any artificial intelligence
19 technology acquired by the Department is ethically and
20 responsibly developed.

21 (b) ELEMENTS.—The assessment conducted under
22 paragraph (1) shall address the following:

23 (1) Whether the Department of Defense has
24 personnel with sufficient expertise, across multiple
25 disciplines, to ensure the acquisition of ethically and

1 responsibly developed artificial intelligence tech-
2 nology, including personnel with sufficient ethical,
3 legal, and technical expertise to advise on the acqui-
4 sition of such technology.

5 (2) The feasibility and advisability of retaining
6 outside experts as consultants to assist the Depart-
7 ment in filling any gaps in expertise identified under
8 paragraph (1).

9 (3) The extent to which existing acquisition
10 processes encourage or require consultation with rel-
11 evant experts across multiple disciplines within the
12 Department to ensure that artificial intelligence
13 technology acquired by the Department is ethically
14 and responsibly developed.

15 (4) Quantitative and qualitative standards for
16 assessing the extent to which experts across multiple
17 disciplines are engaged in the acquisition of artificial
18 intelligence technology by the Department.

19 (c) REPORT.—

20 (1) IN GENERAL.—Not later than 30 days after
21 the date on which the Secretary completes the as-
22 sessment under subsection (a), the Secretary shall
23 submit to the congressional defense committees a re-
24 port on the results of the assessment.

1 (2) ELEMENTS.—The report under paragraph
2 (1) shall include, based on the results of the assess-
3 ment—

4 (A) an explanation of whether the Depart-
5 ment of Defense has personnel with sufficient
6 expertise, across multiple disciplines, to ensure
7 the acquisition of ethically and responsibly de-
8 veloped artificial intelligence technology;

9 (B) an explanation of whether the Depart-
10 ment has adequate procedures to encourage or
11 require the consultation of such experts as part
12 of the acquisition process for artificial intel-
13 ligence technology; and

14 (C) with respect to any deficiencies identi-
15 fied under subparagraph (A) or subparagraph
16 (B), a description of any measures that have
17 been taken, and any additional resources that
18 may be needed, to mitigate such deficiencies.

19 **SEC. 254. ENHANCEMENT OF PUBLIC-PRIVATE TALENT EX-**
20 **CHANGE PROGRAMS IN THE DEPARTMENT**
21 **OF DEFENSE.**

22 (a) PUBLIC-PRIVATE TALENT EXCHANGE.-- .—Sec-
23 tion 1599g of title 10, United States Code is amended—

24 (1) in subsection (b)(1), by amending subpara-
25 graph (C) to read as follows:

1 “(C) shall contain language ensuring that
2 such employee of the Department does not im-
3 properly use information that such employee
4 knows relates to a Department acquisition, or
5 procurement for the benefit or advantage of the
6 private-sector organization.”.

7 (2) in subsection (f)—

8 (A) in paragraph (2)—

9 (i) by striking “is deemed to be an
10 employee of the Department of Defense for
11 the purposes of” and inserting “is subject
12 to”;

13 (ii) by striking subparagraph (D);

14 (iii) by redesignating subparagraphs
15 (E) and (F) as subparagraphs (D) and
16 (E), respectively;

17 (B) by striking paragraph (4);

18 (C) by redesignating paragraph (5) as
19 paragraph (4); and

20 (D) by adding at the end the following new
21 paragraph:

22 “(5) shall be required to file a Public Financial
23 Disclosure Report (OGE Form 278) and the Public
24 Financial Disclosure Report for a such a person and
25 a description of any waivers provided to such person

1 shall be made available on a publicly accessible
2 website of the Department of Defense.”.

3 (b) APPLICATION OF EXCHANGE AUTHORITY TO AR-
4 TIFICIAL INTELLIGENCE.—Not later than 90 days after
5 the date of the enactment of this Act, the Secretary of
6 Defense shall take steps to ensure that the authority for
7 the Department of Defense to operate a public-private tal-
8 ent exchange program pursuant to section 1599g of title
9 10, United States Code, is used to exchange personnel
10 with private sector entities working on artificial intel-
11 ligence applications. Such application of the authority of
12 section 1599g shall be in addition to, not in lieu of, any
13 other application of such authority by the Department of
14 Defense.

15 (c) GOALS FOR PROGRAM PARTICIPATION.—In car-
16 rying out the requirement of subsection (b), the Secretary
17 shall seek to achieve the following objectives:

18 (1) In the Secretary of Defense Executive Fel-
19 lows program, the nomination of an additional five
20 uniformed service members and three government ci-
21 vilians by each service and by the Office of the Sec-
22 retary of Defense, for sponsorship by private sector
23 entities working on artificial intelligence applica-
24 tions.

1 (2) For the public-private talent exchange pro-
2 gram of the Under Secretary of Defense for Acquisi-
3 tion and Sustainment—

4 (A) an additional ten government employ-
5 ees to work with private sector entities working
6 on artificial intelligence applications; and

7 (B) an additional ten employees of private
8 sector entities working on artificial intelligence
9 applications to work in the Department.

10 (3) The establishment of the following new pub-
11 lic-private talent exchange programs in the Office of
12 the Secretary of Defense, comparable to the pro-
13 gram referred to in paragraph (2)—

14 (A) in the office of the Undersecretary of
15 Defense for Research and Engineering, a pro-
16 gram with twenty participants, focused on ex-
17 changes with private sector entities working on
18 artificial intelligence applications.

19 (B) in the office of the Chief Information
20 Officer of the Department of Defense, a pro-
21 gram with twenty participants, focused on ex-
22 changes with private sector entities working on
23 artificial intelligence applications.

24 (4) In the Army, Navy, and Marine Corps, the
25 establishment of new public-private exchange pro-

1 grams, comparable to the Air Force Education with
2 Industry Program, each with twenty program par-
3 ticipants, focused on private sector entities working
4 on artificial intelligence applications.

5 (d) TREATMENT OF PROGRAM PARTICIPANTS.—

6 (1) The Army, Navy, and Marine Corps shall
7 take steps to ensure that participation by a service
8 member in a program described in subsection (c)(4)
9 is treated, for purposes of promotion boards and
10 subsequent assignments, as equivalent to attending
11 resident professional military education.

12 (2) The Secretary of Defense shall establish a
13 public-private exchange program billet office to tem-
14 porarily hold billets for civilian employees who par-
15 ticipate in programs described in subsection (b), to
16 ensure that participating Department of Defense of-
17 fices are able to retain their staffing levels during
18 the period of participation.

19 (e) BRIEFING ON EXPANSION OF EXISTING EX-
20 CHANGE PROGRAMS.—Not later than 180 days after the
21 date of the enactment of this Act, and annually thereafter,
22 the Secretary of Defense shall provide to the Committees
23 on Armed Services of the Senate and the House of Rep-
24 resentatives a briefing on the efforts undertaken to expand
25 existing public-private exchange programs of the Depart-

1 ment of Defense and to ensure that such programs seek
2 opportunities for exchanges with private sector entities
3 working on artificial intelligence applications, in accord-
4 ance with the requirements of this section.

Amendment to H.R. 6395

National Defense Authorization Act for Fiscal Year 2021

Offered by: Rep. Xochitl Torres Small

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

RESEARCH OPPORTUNITIES IN CLOUD-AEROSOL EFFECTS AND ATMOSPHERIC SUNLIGHT REFLECTION

The United States faces a complex array of threats to our national security, as highlighted in a December 2018 GAO Report (GAO-19-204SP) which identified emerging threats of high consequence that will evolve as adversaries develop militarily, weapons and technology advances, and as environmental changes occur, including threats arising through extreme weather events—such as hurricanes, floods and droughts, that could intensify and affect energy resources, critical infrastructure and military installations.

The Committee is aware of basic research opportunities in cloud-aerosol effects and atmospheric sunlight reflection and believes this research has the potential to benefit the military by providing improvements to short-term prediction of operationally relevant weather behavior and by reducing uncertainty in medium and long-term forecasting of extreme weather and climate conditions affecting military infrastructure, tactical operations and readiness. This research also has the potential to expand the portfolio of options for reducing risks to military infrastructure, operations and readiness and to ensure U.S. leadership in an area of innovation with significant implications for national security. The Committee also understands that other nations have established research programs on the physical, chemical, and optical properties of atmospheric aerosols and to study, among other things, their impact on climate.

Furthermore, temperature data shows that the Arctic is getting warmer faster than any other region of the world, making it a bellwether for future climate damages and a major driver of tipping points with the potential to cause rapid and geopolitically destabilizing environmental changes. It is also a domain of renewed great power competition, as other nations position themselves to exploit the increasing accessibility of the Arctic even as US investment in Arctic-ready platforms has lagged. The United States has the world's greatest concentration of military and civilian assets and technology to observe, assess, and predict changing conditions in the Arctic, but has not adequately invested in maintaining its northernmost scientific and national security infrastructure. The US capability to forecast near and long-term weather and environmental conditions in the Arctic

underwrites technical and tactical advantages essential for maintaining strategic security guarantees, and provides crucial intelligence essential to anticipate, prioritize, and counter suspicious patterns of activity in airborne and maritime traffic passing through or within the Arctic. At the same time, decadal projections of Arctic conditions are essential for prioritizing investments into Arctic-capable vessels and exercises to prepare personnel for the unique challenges of operating in the Arctic environment. Improving these forecasts will depend on increasing our scientific understanding of processes driving Arctic changes.

Therefore, to improve the Department's ability to forecast operationally relevant weather behavior, better understand climate risk, and ensure U.S. leadership in this field, the Committee directs the Chief of Naval Research to review research opportunities in cloud-aerosol effects and atmospheric sunlight reflection, and to report back to the Committee not later than 90 days after the enactment of this Act on the capabilities the Office of Naval Research can provide to the Department and the National Laboratories to support this critical research.

AMENDMENT TO H.R. 6395
OFFERED BY MR. KHANNA OF CALIFORNIA

At the appropriate place in title XVII, insert the following:

1 **SEC. 17___. RESOURCES TO IMPLEMENT A DEPARTMENT**
2 **OF DEFENSE POLICY ON CIVILIAN CASUAL-**
3 **TIES IN CONNECTION WITH UNITED STATES**
4 **MILITARY OPERATIONS.**

5 (a) RESOURCES TO IMPLEMENT DEPARTMENT OF
6 DEFENSE POLICY ON CIVILIAN CASUALTIES IN CONNEC-
7 TION WITH UNITED STATES MILITARY OPERATIONS.—

8 (1) PURPOSE.—The purpose of this section is
9 to facilitate fulfillment of the requirements in section
10 936 of the John S. McCain National Defense Au-
11 thorization Act for Fiscal Year 2019 (10 U.S.C. 134
12 note).

13 (2) PERSONNEL.—Not later than 180 days
14 after the date of the enactment of this Act, the Sec-
15 retary of Defense shall do the following:

16 (A) Add to, and assign within, each of the
17 United States Central Command, the United
18 States Africa Command, the United States Spe-
19 cial Operations Command, the United States

1 European Command, the United States South-
2 ern Command, the United States Indo-Pacific
3 Command, and the United States Northern
4 Command not fewer than two personnel who
5 shall have primary responsibility for the fol-
6 lowing in connection with military operations
7 undertaken by such command:

8 (i) Providing guidance and oversight
9 relating to prevention of and response to
10 civilian casualties, promotion of observance
11 of human rights, and the protection of ci-
12 vilians and civilian infrastructure.

13 (ii) Overseeing civilian casualty re-
14 sponse functions on behalf of the com-
15 mander of such command.

16 (iii) Receiving reports of civilian cas-
17 ualties and conduct of civilian casualty as-
18 sessments.

19 (iv) Analyzing civilian casualty inci-
20 dents and trends.

21 (v) Offering condolences for casual-
22 ties, including ex gratia payments.

23 (vi) Ensuring the integration of activi-
24 ties relating to civilian casualty mitigation,
25 protection of civilians, and promotion of

1 observance of human rights in security co-
2 operation activities.

3 (vii) Consulting with non-govern-
4 mental organizations on civilian casualty
5 and human rights matters.

6 (B) Add to, and assign within, the Office
7 of the Under Secretary for Policy not fewer
8 than two personnel who shall have primary re-
9 sponsibility for implementing and overseeing
10 implementation by the components of the De-
11 partment of Defense of Department policy on
12 civilian casualties resulting from United States
13 military operations.

14 (C) Add to, and assign within, the Joint
15 Staff not fewer than two personnel who shall
16 have primary responsibility for the following:

17 (i) Overseeing implementation by the
18 components of the Department of Defense
19 of Department policy on civilian casualties
20 resulting from United States military oper-
21 ations.

22 (ii) Developing and sharing in the im-
23 plementation of such policy.

24 (iii) Communicating operational guid-
25 ance on such policy.

1 (3) TRAINING, SOFTWARE, AND OTHER RE-
2 QUIREMENTS.—

3 (A) IN GENERAL.—In each of fiscal years
4 2021 through 2023, the Secretary of Defense
5 and each Secretary of a military department
6 may obligate and expend, from amounts speci-
7 fied in subparagraph (B), not more than
8 \$5,000,000 for the following:

9 (i) Training related to civilian cas-
10 ualty mitigation and response.

11 (ii) Information technology equip-
12 ment, support and maintenance, and data
13 storage, in order to implement the policy of
14 the Department related relating to civilian
15 casualties resulting from United States
16 military operations as required by section
17 936 of the John S. McCain National De-
18 fense Authorization Act for Fiscal Year
19 2019.

20 (B) FUNDS.—The funds for a fiscal year
21 specified in this subparagraph are funds as fol-
22 lows:

23 (i) In the case of the Secretary of De-
24 fense, amounts authorized to be appro-

1 appropriated for such fiscal year for operation
2 and maintenance, Defense-wide.

3 (ii) In the case of a Secretary of a
4 military department, amounts authorized
5 to be appropriated for such fiscal year for
6 operation and maintenance for the compo-
7 nents of the Armed Forces under the juris-
8 diction of such Secretary.

9 (b) UNITED STATES MILITARY OPERATIONS DE-
10 FINED.—In this section, the term “United States military
11 operations” includes any mission, strike, engagement,
12 raid, or incident involving United States Armed Forces.

AMENDMENT TO H.R. 6395
OFFERED BY MR. KHANNA OF CALIFORNIA

At the appropriate place in title XVII, insert the following:

1 **SEC. 17 ____ . SENSE OF CONGRESS REGARDING REPORTING**
2 **OF CIVILIAN CASUALTIES RESULTING FROM**
3 **UNITED STATES MILITARY OPERATIONS.**

4 It is the sense of Congress—

5 (1) to commend the Department of Defense for
6 the measures it has implemented and is currently
7 implementing to prevent, mitigate, track, investigate,
8 learn from, respond to, and report civilian casualties
9 resulting from United States military operations;
10 and

11 (2) to agree with the Department that civilian
12 casualties are a tragic and unavoidable part of war,
13 and to recognize that the Department endeavors to
14 conduct all military operations in compliance with
15 the international law of armed conflict and the laws
16 of the United States, including distinction, propor-
17 tionality, and the requirement to take feasible pre-
18 cautions in planning and conducting operations to
19 reduce the risk of harm to civilians and other pro-

1 tected persons and objects; and the protection of ci-
2 vilians and other protected persons and objects, in
3 addition to a legal obligation and a strategic inter-
4 est, is a moral and ethical imperative; that the De-
5 partment has submitted to Congress three successive
6 annual reports on civilian casualties resulting from
7 United States military operations for calendar years
8 2017, 2018, and 2019, and has updated reports as
9 appropriate; and to recognize the efforts of the De-
10 partment, both in policy and in practice, to reduce
11 the harm to civilians and other protected persons
12 and objects resulting from United States military
13 operations, and to encourage the Department to
14 make additional progress in—

15 (A) developing at all combatant commands
16 personnel and offices responsible for advising
17 the commanders of such commands, and inte-
18 grating into command strategy, the promotion
19 of observance of human rights and the protec-
20 tion of civilians and other protected persons
21 and objects;

22 (B) finalizing and implementing the policy
23 of the Department relating to civilian casualties
24 resulting from United States military oper-
25 ations, as required by section 936 of the John

1 S. McCain National Defense Authorization Act
2 for Fiscal Year 2019 (10 U.S.C. 134 note);

3 (C) finalizing Department-wide regulations
4 to implement section 1213 of the National De-
5 fense Authorization for Fiscal Year 2020 (Pub-
6 lic Law 116–92) for ex gratia payments for
7 damage, personal injury, or death that is inci-
8 dent to the use of force by the United States
9 Armed Forces, a coalition that includes the
10 United States, a military organization sup-
11 porting the United States, or a military organi-
12 zation supporting the United States or such co-
13 alition; and

14 (D) professionalizing foreign partner forces
15 to reduce civilian casualties, including in con-
16 nection with train and equip programs, advise,
17 assist, accompany, and enable missions, and
18 fully combined and coalition operations.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by Rep. Escobar of Texas

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

University Consortium to Address Research Needs Unique to the Space Force

The committee acknowledges the importance of a strong U.S. presence in the space domain and the foundational role of the newly established U.S. Space Force in providing for our national security. The committee also notes the historical importance of academic support in the research, development, test, and evaluation efforts of the established military services. The committee supports the creation of a university consortium for National Space Research to provide for the unique research and technological needs of the Space Force. The committee encourages the Department to consider for inclusion universities with established expertise and competencies in relevant research and engineering disciplines. The committee therefore directs the Chief of Space Operations to provide a briefing to the committee no later than January 31, 2021 on the Space Force's strategy to establish a consortium of institutions of higher education to lead foundational research in areas that the Chief determines to be critical to the mission of the Space Force.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Rep. Kendra S. Horn

At the end of title XI, add the following:

**REPORT ON SPECIAL OPERATIONS COMMAND ARMED OVERWATCH
CONCEPT**

As the Department of Defense continues to refine the personnel and capability contributions and disposition of the U.S. Special Operations Command Armed Overwatch program, the committee encourages the Department to actively consider and include the robust capabilities of the Reserves and National Guard as critical components of the program's development and implementation. A trained and participatory Reserve and National Guard force ensures readiness, operational mobility, resiliency, and is the foundation of our nation's ability to rapidly mobilize and project power. Therefore, the committee directs the Commander of U.S. Special Operations Command to provide a briefing to the House Committee on Armed Services by March 1, 2020, on the planned utilization of the Reserve and National Guard components, including those National guard components currently projected as part of the Armed Overwatch program, and the role of these components in the development, testing, and operational employment of the Armed Overwatch platform.

Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021
Offered by: Ms. Trahan of Massachusetts

In the appropriate place in the report to accompany H.R. 6395, insert the following new Item of Special Interest:

Joint Artificial Intelligence Center Outreach to the Private Sector

The Committee notes the significant importance that artificial intelligence (AI) capability will provide to the warfighter, and more broadly, the Department of Defense over the coming years. The Committee also recognizes the strategic priority that the Department of Defense places on AI to meet the goals of the National Defense Strategy in a near peer competitor environment. The Department of Defense is investing significant funding in the President's Budget Request for Fiscal Year 2021 and anticipated in future budget requests for this important capability. The Committee is encouraged by this continued investment and development and notes the necessity of working collaboratively with the private sector to most effectively operationalize AI technologies on the battlefield. To this end, the encourages the Department's Joint Artificial Intelligence Center to leverage existing relationships between the Department and the private sector, to capitalize on the efforts already underway. These include, but are not limited to, Defense Innovation Unit (DIU); Kessel Run; SOFWERX; AFWERX and Navy Tech Innovation bridges. The Committee believes that if AI is to be a critical enabler for the warfighter and to achieve savings in efficiencies, then the Department must better understand and leverage the innovation in the private sector and academia. The committee directs a briefing from the Joint Artificial Intelligence Center by August 30, 2021 on the Center's established and prospective relationships with universities, academic consortia, and private sector institutions.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Rep. K. Michael Conaway

In the portion of the report to accompany H.R. 6395 titled “Report on Ties between Russia and China” insert at the end of the first listed item, the following new text:

“(2) an assessment of the strength and impacts of increased defense cooperation, coordination, interoperability, and increased proficiencies between Russia and China, including defense industrial cooperation on dual-use technologies; bilateral training and exercises, cyberspace and electronic warfare capabilities, gray zone activities, coordination, and capability-sharing; and strategic goals of conventional and non-conventional arms and arms control agreements;

(3) an assessment of the locations of where Russia and China are enhancing their respective military and strategic presence and access around the world and the tools and mechanisms Russia and China are using to increase such presence and access;

(4) an assessment of the potential implications to United States military and security operations of increased defense cooperation, coordination, and interoperability between Russia and China as described in paragraphs (3) and (4);”

Amendment to H.R. 6395 National Defense Authorization Act for Fiscal Year 2021

Offered by: Mr. Khanna of California

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Feasibility Study on the Adoption of AFRICOM CivCas Initiatives by each Combatant Command

The committee believes that the United States Africa Command (AFRICOM) has adopted important civilian casualty initiatives to prevent, mitigate, track, investigate, learn from, respond to, and report civilian casualties resulting from United States military operations and that the announcement by AFRICOM on March 31, 2020, that the command would be issuing a new quarterly report on the status of ongoing civilian casualty allegations and assessments was a welcome step to provide increased transparency and public accounting of U.S. military operations, demonstrating the commitment of the Department to minimize civilian casualties.

The committee directs the Secretary of Defense to submit a report to the congressional defense committees by February 1, 2021, on the opportunities and challenges for each combatant command to adopt civilian casualty initiatives undertaken by AFRICOM, to include:

- (1) a public facing interface to submit CIVCAS incidents;
- (2) quarterly public reports on the status of ongoing civilian casualty allegations and assessments;
- (3) a mechanism for civilian victims and designated representatives to include family members and non-governmental organizations (NGOs) presenting or facilitating allegations, to access updated and unclassified information specific to their cause or claim, including the status and findings of assessments or investigation.

AMENDMENT TO H.R. 6395
OFFERED BY MR. BROWN OF MARYLAND

At the appropriate place in title II, insert the following new section:

1 **SEC. 2 __ . ENHANCED PARTICIPATION OF DEPARTMENT**
2 **OF DEFENSE CONTRACTORS IN SCIENCE,**
3 **TECHNOLOGY, ENGINEERING, AND MATHE-**
4 **MATICS ACTIVITIES.**

5 (a) IN GENERAL.—

6 (1) PROGRAM REQUIRED.—Chapter 111 of title
7 10, United States Code, is amended by inserting
8 after section 2192b the following new section:

9 **“§ 2192c. Program to enhance contractor participa-**
10 **tion in science, technology, engineering,**
11 **and mathematics activities**

12 “(a) IN GENERAL.—The Secretary of Defense shall
13 carry out a program under which the Secretary shall seek
14 to enter into partnerships with Department of Defense
15 contractors to promote interest in careers in STEM dis-
16 ciplines.

17 “(b) OBJECTIVES.—The objectives of the program
18 under subsection (a) are—

1 “(1) to maximize strategic partnerships between
2 institutions of higher education and private sector
3 organizations to build and strengthen communities
4 involved in STEM disciplines;

5 “(2) to increase diversity, equity, and inclusion
6 by providing access to career paths in STEM in his-
7 torically underserved and underrepresented commu-
8 nities; and

9 “(3) to encourage employers in STEM dis-
10 ciplines to establish work-based learning experiences
11 such as internships and apprenticeships.

12 “(c) ACTIVITIES.—As part of the program under sub-
13 section (a), the Secretary of Defense shall seek to encour-
14 age and provide support to Department of Defense con-
15 tractors to enable such contractors to carry out activities
16 to promote interest in careers in STEM disciplines. Such
17 activities may include—

18 “(1) aiding in the development of educational
19 programs and curriculum in STEM disciplines for
20 students of elementary schools and secondary
21 schools;

22 “(2) establishing volunteer programs in elemen-
23 tary schools and secondary schools receiving assist-
24 ance under part A of title I of the Elementary and

1 Secondary Education Act of 1965 (20 U.S.C. 6311
2 et seq.) to enhance education in STEM disciplines.

3 “(3) enhancing education in STEM disciplines
4 at institutions of higher education by—

5 “(A) making personnel available to advise
6 and assist faculty at such institutions in the
7 performance of research and instruction in
8 STEM disciplines that are determined to be
9 critical to the functions of the Department of
10 Defense;

11 “(B) awarding scholarships and fellowships
12 to students pursuing courses of study in STEM
13 disciplines; or

14 “(C) establishing cooperative work-edu-
15 cation programs in STEM disciplines for stu-
16 dents; or

17 “(4) enhancing education in STEM disciplines
18 at minority institutions by—

19 “(A) establishing partnerships between
20 offerors and such institutions for the purpose of
21 training students in STEM disciplines;

22 “(B) conducting recruitment activities at
23 such institutions; or

24 “(C) making internships or apprenticeships
25 available to students of such institutions.

1 “(d) ALLOWABILITY OF COSTS.—Activities described
2 in subsection (c) shall be considered as allowable commu-
3 nity service activities for the purposes of determining al-
4 lowability of cost on a government contract.

5 “(h) DEFINITIONS.—In this section:

6 “(1) The terms ‘elementary school’ and ‘sec-
7 ondary school’ have the meanings given those terms
8 in section 8101 of the Higher Education Act of
9 1965 (20 U.S.C. 7801).

10 “(2) The term ‘institution of higher education’
11 has the meaning given that term in section 101 of
12 the Higher Education Act of 1965 (20 U.S.C.
13 1001).

14 “(3) The term ‘minority institution’ means—

15 “(A) a part B institution (as that term is
16 defined in section 322(2) of the Higher Edu-
17 cation Act of 1965 (20 U.S.C. 1061(2)); or

18 “(B) any other institution of higher edu-
19 cation (as that term is defined in section 101
20 of such Act (20 U.S.C. 1001)) at which not less
21 than 50 percent of the total student enrollment
22 consists of students from ethnic groups that are
23 underrepresented in the fields of science and
24 engineering.

1 “(4) The term ‘STEM disciplines’ means dis-
2 ciplines relating to science, technology, engineering
3 and mathematics, including disciplines that are crit-
4 ical to the national security functions of the Depart-
5 ment of Defense and that are needed in the Depart-
6 ment of Defense workforce (as determined by the
7 Secretary of Defense under section 2192a(a)).”.

8 (2) CLERICAL AMENDMENT.—The table of sec-
9 tions at the beginning of such chapter is amended
10 by inserting after the item relating to section 2192b
11 the following new item:

 “2192c. Program to enhance contractor participation in science, technology, en-
 gineering, and math activities.”.

12 (b) CONFORMING REPEAL.—Section 862 of the Na-
13 tional Defense Authorization Act for Fiscal Year 2012
14 (Public Law 112–81; 10 U.S.C. note prec. 2191) is re-
15 pealed.

Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021

Offered by: Ms. Kendra S. Horn of Oklahoma

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

REPORT ON USE OF AUTOMATED MANUFACTURING TECHNOLOGIES

Not later than March 1, 2021, the Secretary of Defense, in consultation with the Undersecretary of Defense for Acquisition and Sustainment, and the Secretary of the Air Force, through the Assistant Secretary of Acquisition Technology and Logistics, the Secretary of the Army, through the Assistant Secretary of Acquisition, Logistics and Technology and the Secretary of the Navy through the Assistant Secretary of the Navy for Research, Development and Acquisition, shall submit to the congressional defense committees a report on the feasibility and advisability of using automated manufacturing technologies to increase the supply of suitable, mission-critical repair parts available to the Department of Defense and the Armed Forces.

The report under shall include the following:

- (1) Identification of the elements within each Armed Force that would be primarily responsible for the use of automated manufacturing technology.
- (2) An analysis of how software for the integration and automation of computer-aided design, computer-aided manufacturing, and computerized numerically controlled machining could be used at arsenals, depots, and fleet readiness centers to address spare part obsolescence issues.
- (3) A list of United States-based industrial partners that could assist the Department of Defense in using computerized numerically controlled machining to address spare part obsolescence issues.
- (4) An analysis of deployable manufacturing capabilities that may be integrated with manufacturing automation software.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Brown of Maryland

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Fourth Estate Network Optimization

The committee recognizes the importance of creating efficiencies and cost savings within the Fourth Estate and across the Department of Defense, to include the consolidation of information technology services away from legacy common use information technology services into a single service provider (SSP). The committee notes that on August 15, 2019 the Deputy Secretary of Defense directed the Defense Information Systems Agency (DISA) to execute such consolidation under the Fourth Estate Network Optimization (4ENO) effort over the period of fiscal year 2020 to fiscal year 2024. The committee directs the Secretary of Defense to provide a report to the congressional defense committees not later than February 1, 2021, on the status of the consolidation effort, including details on the schedule and plan for consolidation, progress on the transition of each Defense Agency and Field Activity (DAFA) from common use information technology services into the SSP environment, the list of assets and services being transitioned, a list of assets and services remaining within each DAFA, a justification for assets not transitioned, and the reallocation of funding as a result of the transition.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Mr. Brown of Maryland

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Digital Persona Protection

The committee recognizes the evolving challenge to protect our military leaders and service members from emerging threats on digital and social channels. The committee believes that protecting the digital personas of Department of Defense personnel is a core component of the current operating environment and that preventive measures must be taken to mitigate hostile actions against military, civil servants, military websites, domains and other digital assets in which these personas exist or may be impersonated. The committee is aware of commercially developed and tested technology that is available and is currently used by the Army to increase the protection of the digital personas of senior Army leaders. The committee directs the Secretary of Defense to provide a briefing to the House Committee on Armed Services no later than January 1, 2021 on the threat to the digital personas of senior military leaders and the use of technology to mitigate associated risks.

AMENDMENT TO H.R. 6395
OFFERED BY MR . TURNER of OHIO

At the appropriate place in title XVI, insert the following new section:

1 **SEC. 16 ____ . LIMITATION ON AWARDING CONTRACTS TO EN-**
2 **TITIES OPERATING COMMERCIAL TERRES-**
3 **TRIAL COMMUNICATION NETWORKS THAT**
4 **CAUSE INTERFERENCE WITH THE GLOBAL**
5 **POSITIONING SYSTEM.**

6 The Secretary of Defense may not enter into a con-
7 tract, or extend or renew a contract, with an entity that
8 engages in commercial terrestrial operations using the
9 1525–1559 megahertz band or the 1626.5–1660.5 mega-
10 hertz band unless the Secretary has certified to the con-
11 gressional defense committees that such operations do not
12 cause harmful interference to a Global Positioning System
13 device of the Department of Defense.

AMENDMENT TO H.R. 6395
OFFERED BY MR. LARSEN OF WASHINGTON

At the appropriate place in title II, insert the following new section:

1 **SEC. 2 ____ . INFORMATION TECHNOLOGY MODERNIZATION**

2 **AND SECURITY EFFORTS.**

3 (a) MODERNIZATION EFFORT.—

4 (1) DEFINITIONS.—In this subsection—

5 (A) the term “Assistant Secretary” means
6 the Assistant Secretary of Commerce for Com-
7 munications and Information;

8 (B) the term “covered agency”—

9 (i) means any Federal entity that the
10 Assistant Secretary determines is appro-
11 priate; and

12 (ii) includes the Department of De-
13 fense;

14 (C) the term “Federal entity” has the
15 meaning given the term in section 113(l) of the
16 National Telecommunications and Information
17 Administration Organization Act (47 U.S.C.
18 923(l));

1 (D) the term “Federal spectrum” means
2 frequencies assigned on a primary basis to a
3 covered agency;

4 (E) the term “infrastructure” means infor-
5 mation technology systems and information
6 technologies, tools, and databases; and

7 (F) the term “NTIA” means the National
8 Telecommunications and Information Adminis-
9 tration.

10 (2) INITIAL INTERAGENCY SPECTRUM INFORMA-
11 TION TECHNOLOGY COORDINATION.—Not later than
12 90 days after the date of enactment of this Act, the
13 Assistant Secretary, in consultation with the Policy
14 and Plans Steering Group, shall identify a process to
15 establish goals, including parameters to measure the
16 achievement of those goals, for the modernization of
17 the infrastructure of covered agencies relating to
18 managing the use of Federal spectrum by those
19 agencies, which shall include—

20 (A) the standardization of data inputs,
21 modeling algorithms, modeling and simulation
22 processes, analysis tools with respect to Federal
23 spectrum, assumptions, and any other tool to
24 ensure interoperability and functionality with
25 respect to that infrastructure;

1 (B) other potential innovative technological
2 capabilities with respect to that infrastructure,
3 including cloud-based databases, artificial intel-
4 ligence technologies, automation, and improved
5 modeling and simulation capabilities;

6 (C) ways to improve the management of
7 covered agencies' use of Federal spectrum
8 through that infrastructure, including by—

9 (i) increasing the efficiency of that in-
10 frastructure;

11 (ii) addressing validation of usage
12 with respect to that infrastructure;

13 (iii) increasing the accuracy of that
14 infrastructure;

15 (iv) validating models used by that in-
16 frastructure; and

17 (v) monitoring and enforcing require-
18 ments that are imposed on covered agen-
19 cies with respect to the use of Federal
20 spectrum by covered agencies;

21 (D) ways to improve the ability of covered
22 agencies to meet mission requirements in con-
23 gested environments with respect to Federal
24 spectrum, including as part of automated ad-

1 justments to operations based on changing con-
2 ditions in those environments;

3 (E) the creation of a time-based automated
4 mechanism—

5 (i) to share Federal spectrum between
6 covered agencies to collaboratively and dy-
7 namically increase access to Federal spec-
8 trum by those agencies; and

9 (ii) that could be scaled across Fed-
10 eral spectrum; and

11 (F) the collaboration between covered
12 agencies necessary to ensure the interoperability
13 of Federal spectrum.

14 (3) SPECTRUM INFORMATION TECHNOLOGY
15 MODERNIZATION.—

16 (A) IN GENERAL.—Not later than 240
17 days after the date of enactment of this Act,
18 the Assistant Secretary shall submit to Con-
19 gress a report that contains the plan of the
20 NTIA to modernize and automate the infra-
21 structure of the NTIA relating to managing the
22 use of Federal spectrum by covered agencies so
23 as to more efficiently manage that use.

24 (B) CONTENTS.—The report required
25 under subparagraph (A) shall include—

1 (i) an assessment of the current, as of
2 the date on which the report is submitted,
3 infrastructure of the NTIA described in
4 that paragraph;

5 (ii) an acquisition strategy for the
6 modernized infrastructure of the NTIA de-
7 scribed in that paragraph, including how
8 that modernized infrastructure will enable
9 covered agencies to be more efficient and
10 effective in the use of Federal spectrum;

11 (iii) a timeline for the implementation
12 of the modernization efforts described in
13 that paragraph;

14 (iv) plans detailing how the modern-
15 ized infrastructure of the NTIA described
16 in that paragraph will—

17 (I) enhance the security and reli-
18 ability of that infrastructure so that
19 such infrastructure satisfies the re-
20 quirements of the Federal Information
21 Security Management Act of 2002
22 (Public Law 107–296; 116 Stat.
23 2135);

24 (II) improve data models and
25 analysis tools to increase the effi-

1 ciency of the spectrum use described
2 in that paragraph;

3 (III) enhance automation and
4 workflows, and reduce the scope and
5 level of manual effort, in order to—

6 (aa) administer the manage-
7 ment of the spectrum use de-
8 scribed in that paragraph; and

9 (bb) improve data quality
10 and processing time; and

11 (IV) improve the timeliness of
12 spectrum analyses and requests for in-
13 formation, including requests sub-
14 mitted pursuant to section 552 of title
15 5, United States Code;

16 (v) an operations and maintenance
17 plan with respect to the modernized infra-
18 structure of the NTIA described in that
19 paragraph;

20 (vi) a strategy for coordination be-
21 tween the covered agencies within the Pol-
22 icy and Plans Steering Group, which shall
23 include—

24 (I) a description of—

1 (aa) those coordination ef-
2 forts, as in effect on the date on
3 which the report is submitted;
4 and

5 (bb) a plan for coordination
6 of those efforts after the date on
7 which the report is submitted, in-
8 cluding with respect to the ef-
9 forts described in paragraph (4);
10 (II) a plan for standardizing—

11 (aa) electromagnetic spec-
12 trum analysis tools;

13 (bb) modeling and simula-
14 tion processes and technologies;
15 and

16 (cc) databases to provide
17 technical interference assess-
18 ments that are usable across the
19 Federal Government as part of a
20 common spectrum management
21 infrastructure for covered agen-
22 cies;

23 (III) a plan for each covered
24 agency to implement a modernization
25 plan described in paragraph (4)(A)

1 that is tailored to the particular
2 timeline of the agency;

3 (vii) identification of manually inten-
4 sive processes involved in managing Fed-
5 eral spectrum and proposed enhancements
6 to those processes;

7 (viii) metrics to evaluate the success
8 of the modernization efforts described in
9 that paragraph and any similar future ef-
10 forts; and

11 (ix) an estimate of the cost of the
12 modernization efforts described in that
13 paragraph and any future maintenance
14 with respect to the modernized infrastruc-
15 ture of the NTIA described in that para-
16 graph, including the cost of any personnel
17 and equipment relating to that mainte-
18 nance.

19 (4) INTERAGENCY INPUTS.—

20 (A) IN GENERAL.—Not later than 1 year
21 after the date of enactment of this Act, the
22 head of each covered agency shall submit to the
23 Assistant Secretary and the Policy and Plans
24 Steering Group a report that describes the plan
25 of the agency to modernize the infrastructure of

1 the agency with respect to the use of Federal
2 spectrum by the agency so that such modern-
3 ized infrastructure of the agency is interoper-
4 able with the modernized infrastructure of the
5 NTLA, as described in paragraph (3).

6 (B) CONTENTS.—Each report submitted
7 by the head of a covered agency under subpara-
8 graph (A) shall—

9 (i) include—

10 (I) an assessment of the current,
11 as of the date on which the report is
12 submitted, management capabilities of
13 the agency with respect to the use of
14 frequencies that are assigned to the
15 agency, which shall include a descrip-
16 tion of any challenges faced by the
17 agency with respect to that manage-
18 ment;

19 (II) a timeline for completion of
20 the modernization efforts described in
21 that paragraph; and

22 (III) a description of potential in-
23 novative technological capabilities for
24 the management of frequencies that

1 are assigned to the agency, as deter-
2 mined under paragraph (2);

3 (IV) identification of agency-spe-
4 cific requirements or constraints relat-
5 ing to the infrastructure of the agen-
6 cy;

7 (V) identification of any existing,
8 as of the date on which the report is
9 submitted, systems of the agency that
10 are duplicative of the modernized in-
11 frastructure of the NTIA, as proposed
12 under paragraph (3); and

13 (VI) with respect to the report
14 submitted by the Secretary of De-
15 fense—

16 (aa) a strategy for the inte-
17 gration of systems or the flow of
18 data among the Armed Forces,
19 the military departments, the De-
20 fense Agencies and Department
21 of Defense Field Activities, and
22 other components of the Depart-
23 ment of Defense;

24 (bb) a plan for the imple-
25 mentation of solutions to the use

1 of Federal spectrum by the De-
2 partment of Defense involving in-
3 formation at multiple levels of
4 classification; and

5 (cc) a strategy for address-
6 ing, within the modernized infra-
7 structure of the Department of
8 Defense described in that para-
9 graph, the exchange of informa-
10 tion between the Department of
11 Defense and the NTIA in order
12 to accomplish required processing
13 of all Department of Defense do-
14 mestic spectrum coordination and
15 management activities; and

16 (ii) be submitted in an unclassified
17 format, with a classified annex, as appro-
18 priate.

19 (C) NOTIFICATION OF CONGRESS.—Upon
20 submission of the report required under sub-
21 paragraph (A), the head of each covered agency
22 shall notify Congress that the head of the cov-
23 ered agency has submitted the report.

24 (5) GAO OVERSIGHT.—The Comptroller Gen-
25 eral of the United States shall—

1 (A) not later than 90 days after the date
2 of enactment of this Act, conduct a review of
3 the infrastructure of covered agencies, as that
4 infrastructure exists on the date of enactment
5 of this Act;

6 (B) after all of the reports required under
7 paragraph (4) have been submitted, conduct
8 oversight of the implementation of the mod-
9 ernization plans submitted by the NTIA and
10 covered agencies under paragraphs (3) and (4),
11 respectively;

12 (C) not later than 1 year after the date on
13 which the Comptroller General begins con-
14 ducting oversight under subparagraph (B), and
15 annually thereafter, submit a report regarding
16 that oversight to—

17 (i) with respect to the implementation
18 of the modernization plan of the Depart-
19 ment of Defense, the Committee on Armed
20 Services of the Senate and the Committee
21 on Armed Services of the House of Rep-
22 resentatives; and

23 (ii) with respect to the implementation
24 of the modernization plans of all covered
25 agencies, including the Department of De-

1 fense, the Committee on Commerce,
2 Science, and Transportation of the Senate
3 and the Committee on Energy and Com-
4 merce of the House of Representatives;
5 and

6 (D) provide regular briefings to—

7 (i) with respect to the application of
8 this section to the Department of Defense,
9 the Committee on Armed Services of the
10 Senate and the Committee on Armed Serv-
11 ices of the House of Representatives; and

12 (ii) with respect to the application of
13 this section to all covered agencies, includ-
14 ing the Department of Defense, the Com-
15 mittee on Commerce, Science, and Trans-
16 portation of the Senate and the Committee
17 on Energy and Commerce of the House of
18 Representatives.

19 (b) TELECOMMUNICATIONS SECURITY PROGRAM.—

20 (1) PROGRAM REQUIRED.—The Secretary of
21 Defense shall carry out a program to identify and
22 mitigate vulnerabilities in the telecommunications in-
23 frastructure of the Department of Defense.

24 (2) ELEMENTS.—In carrying out the program
25 under paragraph (1), the Secretary shall—

1 (A) develop a capability to communicate
2 clearly and authoritatively about threats by for-
3 eign adversaries;

4 (B) conduct independent red-team security
5 analysis of Department of Defense systems,
6 subsystems, devices, and components including
7 no-knowledge testing and testing with limited or
8 full knowledge of expected functionalities;

9 (C) verify the integrity of personnel who
10 are tasked with design fabrication, integration,
11 configuration, storage, test, and documentation
12 of noncommercial 5G technology to be used by
13 the Department of Defense;

14 (D) verify the efficacy of the physical secu-
15 rity measures used at Department of Defense
16 locations where system design, fabrication, inte-
17 gration, configuration, storage, test, and docu-
18 mentation of 5G technology occurs;

19 (E) direct the Chief Information Officer of
20 the Department of Defense to use the Federal
21 Risk and Authorization Management Program
22 (commonly known as “FedRAMP”) moderate
23 or high cloud standard baselines, supplemented
24 with the Department’s FedRAMP cloud stand-
25 ard controls and control enhancements, to as-

1 sess 5G core service providers whose services
2 will be used by the Department of Defense
3 through the Department's provisional author-
4 ization process; and

5 (F) direct the Defense Information Sys-
6 tems Agency and the United States Cyber Com-
7 mand to Develop a capability for continuous,
8 independent monitoring of packet streams for
9 5G data on frequencies assigned to the Depart-
10 ment of Defense to validate availability, con-
11 fidentiality, and integrity of Department of De-
12 fense communications systems.

13 (3) IMPLEMENTATION PLAN.—Not later than
14 90 days after the date of the enactment of this Act,
15 the Secretary of Defense shall submit to Congress a
16 plan for the implementation of the program under
17 paragraph (1).

18 (4) REPORT REQUIRED.—Not later than 270
19 days after submitting the plan under paragraph (3),
20 the Secretary of Defense shall submit to Congress a
21 report that includes—

22 (A) a comprehensive assessment of the
23 findings and conclusions of the program under
24 paragraph (1);

1 (B) recommendations on how to mitigate
2 vulnerabilities in the Department of Defense
3 telecommunications infrastructure; and

4 (C) an explanation of how the Department
5 of Defense plans to implement such rec-
6 ommendations.

Amendment to H.R. 6395 National Defense Authorization Act for Fiscal Year 2021

Offered by: Mr. Moulton

In the portion of the report to accompany H.R. 6395 titled "Information Technology Asset Management and Inventory", strike the following text:

“The committee commends the Department of Defense for the considerable improvement made on information technology, asset discovery, and asset management. However, the committee believes the Department would benefit from an established process for auditing software and hardware inventories. The lack of a single policy framework hinders the capacity of the Department to discover license duplication and the Department is at risk of wasting valuable resources on redundant or underutilized hardware and software. The private sector has successfully navigated this challenge through the use of automated software tools widely available on the commercial market.

The committee directs the Chief Information Officer of the Department of Defense, in coordination with chief information officers of the military services, to provide a briefing to the House Committee on Armed Services, not later than September 1, 2021, on the processes in place for asset discovery and management of hardware and software products. This briefing should present the following information:

- (1) process for identifying duplicative software licenses;
- (2) process for identifying redundant and/or duplicative software and hardware;
- (3) process for identifying and cataloging usage information for both hardware and software; and
- (4) process for identifying potential cost savings from the aforementioned briefing elements.” and insert the following new text

“The committee commends the Department of Defense for the considerable improvement made on information technology, asset discovery, and asset management. However, the committee believes the Department would benefit from an established process for auditing software and hardware inventories. The lack of a single policy framework hinders the capacity of the Department to discover license duplication and the Department is at risk of wasting valuable resources on redundant or underutilized hardware and software. The Department also lacks real-time discovery of and visibility over its network attack surface, particularly its forward-facing internet assets and Department assets held in cloud environments, resulting in increased risk of exposures exploitable by malicious adversaries. The

private sector has successfully navigated this challenge through the use of automated software tools widely available on the commercial market.

The committee directs the Chief Information Officer of the Department of Defense, in coordination with chief information officers of the military services, to provide a briefing to the House Committee on Armed Services, not later than March 1, 2021, on the processes in place for asset discovery and management of hardware and software products. This briefing should present the following information:

- (1) process for identifying duplicative software licenses;
- (2) process for identifying redundant and/or duplicative software and hardware;
- (3) process for identifying and cataloging usage information for both hardware and software; and
- (4) process for using systems and capabilities, including Commercial Off The Shelf (COTS) solutions, to continuously discover, manage, and monitor all globally deployed Department of Defense internet assets, including in cloud environments;
- (5) process for identifying potential cost savings from the aforementioned briefing elements; and
- (6) process for identifying the specific responsibilities of Department of Defense components and headquarters in performing internet operations management across the global internet.”

AMENDMENT TO H.R. 6395

OFFERED BY MR. LANGEVIN OF RHODE ISLAND

At the appropriate place in title II, insert the following new section:

1 **SEC. 2 ____ . INDEPENDENT EVALUATION OF PERSONAL PRO-**
2 **TECTIVE AND DIAGNOSTIC TESTING EQUIP-**
3 **MENT.**

4 (a) INDEPENDENT EVALUATION REQUIRED.—The
5 Director of Operational Test and Evaluation shall conduct
6 an independent evaluation of—

7 (1) any processes used to test the effectiveness
8 of covered personal protective and diagnostic testing
9 equipment; and

10 (2) the results of such tests.

11 (b) AVAILABILITY OF INFORMATION.—The Secretary
12 of Defense shall provide the Director of Operational Test
13 and Evaluation with such information as may be necessary
14 for the Director to conduct the evaluations required under
15 subsection (a), including any relevant documentation re-
16 lating to testing processes and test results for covered per-
17 sonal protective and diagnostic testing equipment.

18 (c) REPORT TO CONGRESS.—Not later than 30 days
19 after the completion of each evaluation under subsection

1 (a), the Director of Operational Test and Evaluation shall
2 submit to the congressional defense committees a report
3 on the results of the evaluation.

4 (d) COVERED PERSONAL PROTECTIVE AND DIAG-
5 NOSTIC TESTING EQUIPMENT DEFINED.—In this section,
6 the term “covered personal protective and diagnostic test-
7 ing equipment” means any personal protective equipment
8 or diagnostic testing equipment developed, acquired, or
9 used by the Department of Defense—

10 (1) in response to COVID–19; or

11 (2) as part of any follow-on, long-term acquisi-
12 tion and distribution program for such equipment.

AMENDMENT TO H.R. 6395
OFFERED BY MR. CROW OF COLORADO

At the appropriate place in title III, insert the following:

1 **SEC. 3 ____ . BIODEFENSE ANALYSIS AND BUDGET SUBMIS-**
2 **SION.**

3 (a) ANNUAL ANALYSIS.—For each fiscal year, the
4 Director of the Office of Management and Budget shall—

5 (1) conduct a detailed and comprehensive anal-
6 ysis of Federal biodefense programs; and

7 (2) develop an integrated biodefense budget
8 submission.

9 (b) DEFINITION OF BIODEFENSE.—In accordance
10 with the National Biodefense Strategy, the Director shall
11 develop and disseminate to all Federal departments and
12 agencies a unified definition of the term “biodefense” to
13 identify which programs and activities are included in an-
14 nual budget submission referred to in subsection (a).

15 (c) REQUIREMENTS FOR ANALYSIS.—The analysis
16 required under subsection (a) shall include—

17 (1) the display of all funds requested for bio-
18 defense activities, both mandatory and discretionary,
19 by agency and categorized by biodefense enterprise

1 element, including threat awareness, prevention, de-
2 terrence, preparedness, surveillance and detection,
3 response, attribution (including bioforensic capabili-
4 ties), recovery, and mitigation; and

5 (2) detailed explanations of how each program
6 and activity included aligns with biodefense goals.

7 (d) SUBMITTAL TO CONGRESS.— The Director shall
8 submit to Congress the analysis required under subsection
9 (a) for a fiscal year concurrently with the President’s an-
10 nual budget request for that fiscal year.

Log 487 [Revision 1]

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Rep. Xochitl Torres Small

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Development of technology to increase the resiliency in mitigating viral pandemics

The committee commends the Department of Defense's response effort to COVID-19 to ensure the safety of military and civilian personnel in the United States and around the world. The committee is aware of maturing sensor capabilities that instantly screen and identify individuals infected with COVID-19 that are both presymptomatic or asymptomatic. As such, the committee encourages the Department of Defense to engage in research and development of detection approaches that are scalable, deployable, and provide detection for pre-symptomatic, symptomatic, and asymptomatic individuals. Furthermore, the committee understands that capabilities developed by the Department, such as infrared laser technology to detect trace explosives, can be applied to viral detection. The Department should consider a variety of technologies that would provide active remote viral detection capabilities and employ all means to fast-track research and development of promising technologies and approaches.

Therefore, the committee directs the Deputy Assistant Secretary of Defense for Chemical and Biological Defense to provide a briefing to the House Committee on Armed Services by March 15, 2021 on the development of technology to increase the resiliency in mitigating viral pandemics, including an assessment of the gaps in the Department's viral pandemic detection and surveillance capabilities, a summary of current viral pandemic research and development response efforts focused on remote or standoff testing of potentially infected individuals, an analysis of existing chemical or biological detection capabilities developed by the Chemical Biological Defense Program and the Defense Threat Reduction Agency to address gaps in viral pandemic detection and surveillance, a description of current advanced development efforts for improved disease detection, and an estimated time to delivery of functional capabilities for such technologies.

**Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021**

Offered by: Rep. Speier of California

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Report on Department of Defense University Research COVID-19 Recovery

The committee is aware that most academic research has been suspended or slowed down due to the pandemic. With these setbacks, the university's workforce is also impacted, especially postdoctoral fellows, graduate students, and technical support staff. Recognizing that many of the technologies the nation uses today were derived from Department of Defense-funded fundamental research, the committee directs the Under Secretary of Defense for Research and Engineering, in collaboration with the research directors of the military services, to submit a report to the Committees on Armed Services of the Senate and the House of Representatives by January 1, 2021, addressing research impacts due to COVID-19, including, at a minimum, (1) the total number of grants and cooperative agreements that would need cost extensions to complete their original award scope fully funded; (2) total cost of providing cost extensions for such grants and cooperative agreements; (3) a best estimate taken from information on the number of grants affected of the total number of Department-funded postdoctoral fellows and graduate students unable to reach their desired academic or professional level because of a lack of research funding; and (4) any other negative impacts to the defense science and technology program as determined by the Under Secretary.

AMENDMENT TO H.R. 6395
OFFERED BY MR. ABRAHAM OF LOUISIANA

Add at the end of section 1625(c) the following:

1 (3) CYBER WORKFORCE PIPELINE AND EARLY
2 CHILDHOOD EDUCATION.—

3 (A) ELEMENTS.—The Secretary of De-
4 fense shall, when completing the report required
5 under paragraph (1), take into consideration
6 existing Federal childhood cyber education pro-
7 grams, including the programs identified in the
8 report required under section 1649 of the Na-
9 tional Defense Authorization Act for Fiscal
10 Year 2020 (Public Law 116–92) and the De-
11 partment of Homeland Security’s Cybersecurity
12 Education and Training Assistance Program
13 (CETAP), that can provide opportunities to
14 military-connected students and members of the
15 Armed Forces to pursue cyber careers.

16 (B) DEFINITION.—In this paragraph, the
17 term “military-connected student” means an in-
18 dividual who—

19 (i) is a dependent a member of the
20 Armed Forces serving on active duty; and

2

1 (ii) is enrolled in a preschool, an ele-
2 mentary or secondary school, or an institu-
3 tion of higher education.

Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021

Offered by: Mr. Wilson of South Carolina

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Improving the cybersecurity of disadvantaged small businesses in the defense industrial base

The committee is aware that small and medium-sized businesses in the defense industrial base (DIB) are concerned about their ability to meet increasing cybersecurity requirements for the protection of Department of Defense (DOD) information and operations. To assist the DIB, the Department should consider a range of options, including purpose-built cloud infrastructure and virtualized hosted environments to store and work with DOD data in a protected cloud that meets stringent security accreditation requirements. The committee is aware that Department of Commerce Manufacturing Extension Partnership (MEP) offices are working with small and medium-sized DIB companies to develop options for local high-bandwidth hosting and computing environments that meet DOD security requirements and are capable of supporting thin-client operations.

The committee, therefore, directs the Under Secretary of Defense for Acquisition and Sustainment to provide a briefing to the House Committee on Armed Services by February 1, 2021, on the range of options available to the Department of Defense for the encouragement or establishment of secure hosting environments for DIB companies. The briefing should consider the global nature of the Department's supply-chain, as well as the existing set of programs, policies, and initiatives as identified by Sec. 1648 of the FY 2020 National Defense Authorization Act.

Amendment to H.R. 6395 National Defense Authorization Act for Fiscal Year 2021

Offered by: Rep. Houlihan

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

GAO Assessment on DOD Cyber Incident Management Efforts

The committee notes that the Department of Defense (DOD) has experienced a number of high-profile breaches to Department of Defense (DOD) systems and networks. For example, in July 2015, a phishing attack on the Joint Chiefs of Staff unclassified email servers resulted in the system being shut down for more than a week while cyber experts rebuilt the network, affecting the work of roughly 4,000 military and civilian personnel. In 2018, DOD disclosed a data breach to its contracted travel management system that allegedly affected approximately 30,000 military and civilian employees. In 2020, DOD similarly acknowledged that the Defense Information Systems Agency networks were breached that reportedly resulted in the personal data of approximately 200,000 network users being compromised.

The committee is concerned that while DOD established the Joint Force Headquarters-DOD Information Network (JFHQ-DODIN) to operationalize and defend DOD systems and networks, other DOD components still view these systems and networks as an administrative capability. Cyber incidents, such as those identified above, can disrupt critical military operations, lead to inappropriate access to and modification of sensitive information, result in long-term financial obligations for credit monitoring, and threaten national security.

Therefore, the committee directs the Comptroller General of the United States to provide the congressional defense committees with an assessment of DOD management of cyber incidents and efforts to mitigate future cyber incidents. The assessment should identify:

- Information about cyber incidents and breaches within DOD networks and systems since 2015. Such information should include number of incidents, number of individuals potentially affected, mission and other impacts associated with the incident, causal factors associated with the incident,

amount of resources (including time, personnel, and funds) used to address the incident;

- Information about financial costs incurred as a result of the incident including costs associated with credit monitoring;
- the extent to which DOD has established and implemented a process to notify DOD leaders and potential victims of cyber incidents in a timely manner;
- the extent to which DOD shares information about cyber incidents (including common attack techniques and forensics from the incident) with other DOD components and security operations centers; and
- Any other matters the Comptroller General determines to be relevant.

The committee further directs the Comptroller General to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives by March 1, 2021 on preliminary findings, and submit a final report to the congressional defense committees at a date agreed to at the time of the briefing.

Amendment to H.R. 6395 National Defense Authorization Act for Fiscal Year 2021

Offered by: Rep. Houlihan

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

GAO Assessment on DOD Cyber Incident Management Efforts

The committee notes that the Department of Defense (DOD) has experienced a number of high-profile breaches to Department of Defense (DOD) systems and networks. For example, in July 2015, a phishing attack on the Joint Chiefs of Staff unclassified email servers resulted in the system being shut down for more than a week while cyber experts rebuilt the network, affecting the work of roughly 4,000 military and civilian personnel. In 2018, DOD disclosed a data breach to its contracted travel management system that allegedly affected approximately 30,000 military and civilian employees. Amendment to H.R. 6395
National Defense Authorization Act for Fiscal Year 2021

Offered by: Rep. Houlihan

In the appropriate place in the report to accompany H.R. 6395, insert the following new Directive Report Language:

Report and GAO Briefing on DOD Cyber Hygiene and Cybersecurity Maturity
Model Certification Framework

In previous Congressional testimony, the DOD Principal Cyber Advisor told the committee that cybersecurity experts estimate 90 percent of cyberattacks could be defeated by implementing basic cyber hygiene practices. The U.S. Government Accountability Office (GAO) assessed DOD's progress in implementing cyber hygiene practices and found that DOD had not fully implemented three of its key initiatives and practices aimed at improving cyber hygiene. DOD had also developed lists of its adversaries' most frequently used techniques, and practices to combat them. Yet, DOD does not know the extent to which the department is using these practices.

The committee is concerned that while DOD leadership recognizes that certain cyber hygiene practices could effectively protect the department from a significant number of cybersecurity risks the department has not implemented its own cyber hygiene practices and yet it plans to require private sector companies to implement cyber hygiene practices through the Cybersecurity Maturity Model Certification (CMMC) framework.

Given the importance of implementing cyber hygiene practices that could effectively protect DOD missions, information, and systems and networks, we direct the Secretary of Defense to submit a report to the defense committees identifying the extent to which each of the DOD components have implemented cyber hygiene practices and levels identified in the CMMC framework. For each DOD component that does not achieve level 3 status (referred to as "good cyber hygiene" in CMMC Model ver. 1.02), the head of the component is to provide the Congressional defense committees, the DOD Chief Information Officer, the commander of JFHQ-DODIN a plan on how the component will implement those security measures within one year and mitigate potential consequences until those practices are implemented. In order to aid in the understanding of what cyber hygiene practices have been and have not been implemented by the DOD that the department requires private sector

companies to implement before they receive a contract where they would have access to controlled unclassified information, the Secretary of Defense shall submit the DOD report to the Congressional defense committees and the Comptroller General of the United States by March 1, 2021.

The committee further directs the Comptroller General to conduct an independent review of the Secretary's report and provide a briefing to the Congressional defense committees no later than the end of the fiscal year.

AMENDMENT TO H.R. 6395
OFFERED BY MRS. HARTZLER OF MISSOURI

At the appropriate place in title VIII, insert the following new section:

1 **SEC. ____ . ADDITIONAL REQUIREMENTS PERTAINING TO**
2 **PRINTED CIRCUIT BOARDS.**

3 (a) PURCHASES.—Beginning in fiscal year 2023, the
4 Secretary of Defense shall require that any contractor or
5 subcontractor that provides covered printed circuit boards
6 for use by the Department of Defense to certify that, of
7 the total value of the covered printed circuit boards pro-
8 vided by such contractor or subcontractor pursuant to a
9 contract with the Department of Defense, not less than
10 the percentages set forth in subsection (b) were manufac-
11 tured and assembled within a covered country.

12 (b) IMPLEMENTATION.—In making a certification
13 under subsection (a), a contractor or subcontractor shall
14 use the following percentages:

15 (1) During fiscal years 2023 through 2027, the
16 greater of—

17 (A) 50 percent; or

18 (B) 75 percent, if the Secretary of Defense
19 has determined that suppliers in covered coun-

1 tries are capable of supplying 75 percent of De-
2 partment of Defense requirements for printed
3 circuit boards.

4 (2) During fiscal years 2028 through 2032, the
5 greater of—

6 (A) 75 percent; or

7 (B) 100 percent, if the Secretary of De-
8 fense has determined that suppliers in covered
9 countries are capable of supplying 100 percent
10 of Department of Defense requirements for
11 printed circuit boards.

12 (3) Beginning in fiscal year 2033, 100 percent.

13 (c) REMEDIATION.—

14 (1) IN GENERAL.—In the event that a con-
15 tractor or subcontractor is unable to make the cer-
16 tification required under subsection (a), the Sec-
17 retary may accept covered printed circuit boards
18 from such contractor or subcontractor for up to one
19 year while requiring the contractor to complete a re-
20 mediation plan. Such a plan shall be submitted to
21 the congressional defense committees and shall re-
22 quire the contractor or subcontractor that failed to
23 make the certification required under subsection (a)
24 to—

1 (A) audit its supply chain to identify any
2 areas of security vulnerability and noncompli-
3 ance with section 224 of the National Defense
4 Authorization Act for Fiscal Year 2020 (Public
5 Law 116–92); and

6 (B) meet the requirements of subsection
7 (a) within one year after the initial missed cer-
8 tification deadline.

9 (2) RESTRICTION.—No contractor or subcon-
10 tractor that has supplied covered printed circuit
11 boards while under a remediation plan shall be eligi-
12 ble to enter into another remediation plan under
13 subsection (c) for a period of five years.

14 (d) WAIVER.—The Secretary of Defense may waive
15 the requirement under subsection (a) with respect to a
16 contractor or subcontractor if the Secretary determines
17 that—

18 (1) there are no significant national security
19 concerns regarding counterfeiting, quality, or unau-
20 thorized access created by accepting covered printed
21 circuit boards under such waiver; and

22 (2) the contractor is otherwise in compliance
23 with all relevant cybersecurity provisions relating to
24 members of the defense industrial base, including

1 section 224 of the National Defense Authorization
2 Act for Fiscal Year 2020 (Public Law 116–92).

3 (e) AVAILABILITY EXCEPTION.—Subsection (a) shall
4 not apply to the extent that the Secretary of Defense or
5 the Secretary of the military department concerned deter-
6 mines that covered printed circuit boards of satisfactory
7 quality and sufficient quantity, in the required form, can-
8 not be procured as and when needed from covered coun-
9 tries.

10 (f) DEFINITIONS.—In this section:

11 (1) COVERED COUNTRY.—The term “covered
12 country” means—

13 (A) the United States; or

14 (B) a foreign country whose government
15 has a memorandum of understanding or agree-
16 ment with the United States that—

17 (i) where applicable, complies with the
18 requirements of section 36 of the Arms
19 Export Control Act (22 U.S.C. 2776) and
20 with section 2457 of title 10, United
21 States Code; and

22 (ii) either—

23 (I) requires the United States to
24 purchase supplies from foreign
25 sources for the purposes of offsetting

1 sales made the by United States Gov-
2 ernment or United States firms under
3 approved programs serving defense re-
4 quirements; or

5 (II) under which the United
6 States and such government agree to
7 remove barriers to purchase supplies
8 produced in such foreign country or
9 services performed by sources of such
10 foreign country.

11 (2) COVERED PRINTED CIRCUIT BOARD.—

12 (A) IN GENERAL.—The term “covered
13 printed circuit board” means any printed circuit
14 board that is—

15 (i) a product that is not a commercial
16 product (as defined in section 103 of title
17 41, United States Code); or

18 (ii) a commercial product (as defined
19 in section 103 of title 41, United States
20 Code), other than a commercially available
21 off-the-shelf item (as defined in section
22 104 of title 41, United States Code) not
23 described in subparagraph (B).

24 (B) COMMERCIALY AVAILABLE OFF-THE-
25 SHELF ITEMS DESCRIBED.—The commercially

1 available off-the-shelf items (as defined in sec-
2 tion 104 of title 41, United States Code) de-
3 scribed in this subparagraph are such items
4 that are acquired under a contract with an
5 award value that is greater than the micro-pur-
6 chase threshold under section 2338 of title 10,
7 United States Code, for use as an integral com-
8 ponent in a system designed for—

- 9 (i) telecommunications, including data
10 communications and fifth-generation cel-
11 lular communications;
- 12 (ii) data storage;
- 13 (iii) medical applications;
- 14 (iv) networking;
- 15 (v) computing;
- 16 (vi) radar;
- 17 (vii) munitions; or
- 18 (viii) any other system that the Sec-
19 retary of Defense determines should be
20 covered under this section.

21 (3) SUBCONTRACTOR.—The term “subcon-
22 tractor” includes subcontractors at any tier.
