

Amendment to H.R. 8070

Offered by: Mr. Moulton

In the portion of the report to accompany H.R. 8070 titled “Assessment on Impacts of Detonation of a Nuclear Weapon in Space”, strike the following text: “the impacts of a detonation of a nuclear weapon in space.” and insert the following new text:

- “ (a) the impacts of a detonation of a nuclear weapon in space;
- (b) a summary of intelligence sources compromised or lost due to the classified information leak regarding Russia’s development of such a system; and
- (c) any and all options that are no longer available to be used to counter such a weapon now that its development is publicly known.”
