5728	0	Scott	Bill	This section extends the existing statutory limitation on the retirement, divestment, or reduction of sustainment funding for EA-18G aircraft by five years, from September 30, 2027, to September 30, 2032. □	TAL	EB 1	Agreed to by voice vote	
5752	2	DesJarlais	DRL	DRL on Attrition-Ready Low-Cost Counter-Unmanned Aircraft System Interceptors	TAL	EB 1	Agreed to by voice vote	
5753	3	DesJarlais	DRL	DRL on Counter-Unmanned Aircraft Systems Architecture and Sustainment	TAL	EB 1	Agreed to by voice vote	
5771	2	Hamadeh	Bill	Develops a competitive experimentation plan for autonomous and non-traditional capabilities relevant to the A-10 mission set to encourage autonomous replacement and modernization of the A-10, while also prioritizing participation of non-traditional defense firms.	TAL	EB 1	Agreed to by voice vote	Davis, Donald G.; Van Orden, Derrick
5782	0	Carbajal	DRL	This DRL directs SECAF to brief HASC on its strategy for acquiring c-UAS systems for installations and justifications for departures from existing programs of record and clarification of decision-making authority within the Department's evolving c-UAS acquisition structure.	TAL	EB 1	Agreed to by voice vote	
5823	0	Vasquez	DRL	Directs a report on testing, feasibility and potential impact if the Department of the Air Force were to implement digital airworthiness certification across suitable unmanned aircraft platforms.	TAL	EB 1	Agreed to by voice vote	
5825	1	Hamadeh	DRL	Amends "Ground Autonomy Procurement Strategy" report language add specificity by size classification of autonomous ground vehicles.	TAL	EB 1	Agreed to by voice vote	
5835	2	Vasquez	DRL	This would amend DRL in the Chairman's Mark to expand the report on DoD's Counter Unmanned Aircraft Systems Coordination to include the feasibility, safety precautions and use cases of deploying directed energy C-UAS domestically.	TAL	EB 1	Agreed to by voice vote	
5838	1	Hamadeh	DRL	Directs the Secretary of the Army to submit a report on the acquisition strategy for the M1128 and Next Generation Rocket Assisted Projectiles (RAP) artillery rounds.	TAL	EB 1	Agreed to by voice vote	
5839	1	Stefanik	DRL	Domestic Electric and Hybrid Propulsion Motor Systems for Defense Platforms: Supports evaluation and acceleration of domestically manufactured electric and hybrid propulsion technologies for military mobility, operational endurance, and defense industrial base resilience.	TAL	EB 1	Agreed to by voice vote	
5846	2	Bergman	DRL	Directs a report for Electro-Optical and Infrared Signature Modeling for Collaborative Combat Aircraft.	TAL	EB 1	Agreed to by voice vote	
5877	0	Hamadeh	DRL	Directs the Secretary of the Army to provide a briefing on the feasibility and advisability of developing and fielding mobile unmanned aircraft system launch capabilities.	TAL	EB 1	Agreed to by voice vote	
5910	0	Jackson	DRL	Directs a report on the Department's efforts to certify, procure, and expand production of available, combat-proven electronic safe and arm optical proximity fuze systems for counter-UAS applications.	TAL	EB 1	Agreed to by voice vote	
5912	1	Jackson	DRL	Directs a briefing on how contractor-owned, contractor-operated or similar service-based constructs may support combatant command experimentation, demonstrations, and limited operational employment of Group 3 UAS capable of performing Group 4 mission sets.	TAL	EB 1	Agreed to by voice vote
