

This testimony was done under the auspices of RAND's National Defense Research Institute (NDRI)

Federal agencies with which federal contracts are held:

The RAND Corporation is an independent, non-profit organization that performs research and analysis. During the time period in question (FY2009 through present day), RAND has had contracts and grants with various agencies of the federal government to perform research and analysis. Research has been performed for the Departments of Agriculture, Commerce, Defense, Education, Energy, Health and Human Services, Homeland Security, Justice, Treasury, Veterans Affairs, the Administrative Office of the United States Courts, the Centers for Disease Control and Prevention, the National Institutes of Health, the Environmental Protection Agency, the Federal Communications Commission, the Federal Reserve Banks of Boston and New York, the Intelligence Community, the Medicare Payment Advisory Commission, the National Aeronautics and Space Administration, the National Science Foundation, the Social Security Administration, and the U.S.-China Economic and Security Review Commission. RAND has contracts with the Department of Defense to operate three federally funded research and development centers (FFRDC): PROJECT AIR FORCE for the U.S. Air Force; Arroyo Center for the U.S. Army; and National Defense Research Institute for the Department of Defense.

List of subjects of federal contract(s) (for example, ship construction, aircraft parts manufacturing, software design, force structure consultant, architecture & engineering services, etc.):

The National Defense Research Institute (NDRI), a federally funded research and development center (FFRDC), conducts a broad range of analysis for the Office of the Secretary of Defense (OSD), the Joint Staff, the Unified Combatant Commands, the defense agencies, the United States Marine Corps, and the United States Navy

The Arroyo Center, a federally funded research and development center (FFRDC) conducts a broad range of analysis for the United States Army.

Project Air Force, a federally funded research and development center (FFRDC) conducts a broad range of analysis for the United States Air Force.
