In Re: Restoration of Employment Choice for Adults with Disabilities Act

Dear Andrew:

As President, I am writing on behalf of the he Coalition for the Preservation of Employment Choice, Inc. to support the Restoration of Employment Choice for Adults with Disabilities Act. We wholeheartedly believe this Act will provide transitioning students with more employment and training opportunities. The WIOA Act and Section 511, although done with good intent, has been a barrier for students with disabilities. All students should have the right to graduate at 18 and move on to employment and/or services that meet their needs. Students waiting to transition at the age of 21 and if not employment ready, not being able to access programs until age 24 loose valuable skills and most times are not aware of how to access current training and 14C providers. They are literally dropping through the cracks. Please feel free to add the Coalition to the list of supporters for this Act.

Sincerely,

Colleen A. Stuart

Board President, Coalition for the Preservation of Employment Choice, Inc.
