Andrew,

Remarkable is interested in supporting the Restoration of Employment Choice for Adults with Disabilities Act that is being introduced by Congressman Glenn Grothman.

This proposal will successfully change the age of when individuals can work on the production work floor from 24 to 18.

We've experienced many young adults with special abilities need meaningful employment post-high school. This proposal would support this occurring, while still remaining committed to community employment at a later date.

My name is Rob Servais, and the Chief Executive Officer at Remarkable, Inc. We are based out of Oshkosh and Neenah and currently have a 14c certificate on our production floor. We have been serving this population since we began, in 1962.

We appreciate your consideration as you are deliberating whether to support this proposal by Congressman Grothman. It's imperative we continue to look at the best way forward for those we serve, and this bill is a step in that direction.

With respect,

Rob Servais

Chief Executive Officer
Remarkable
