A BILL

To allow Americans to earn paid sick time so that they can address their own health needs and the health needs of their families.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Healthy Families Act”.

5 **SEC. 2. FINDINGS.**

6 Congress makes the following findings:

7 (1) Working people need time to meet their own
8 health care needs and to care for family members.

9 The absence of paid sick time has forced working
10 people to make untenable choices between needed in-
11 come and jobs on the one hand and caring for their
12 own and their family’s health on the other. It is in
13 the national interest to ensure that all working peo-
14 ple can care for their own health and the health of
15 their families while prospering at work.

16 (2) Twenty-nine percent of the private sector
17 workforce and 9 percent of the public sector work-
18 force lack paid sick time. Millions more theoretically

1 have access to sick time, but have not been on the
2 job long enough to use it. Millions more lack sick
3 time they can use to care for a sick child or ill fam-
4 ily member.

5 (3) Working people without paid sick days are
6 more likely to go to work sick and delay or forgo
7 needed health care. A 2016 study in the journal
8 Health Affairs found that working adults without
9 paid sick days are 3 times more likely to forgo med-
10 ical care for themselves, and 1.6 times more likely
11 to forgo medical care for their family, compared to
12 working adults with paid sick days. Lack of paid
13 sick days is also a barrier to receiving annual health
14 screenings and preventive care, according to a 2017
15 study in the American Journal of Nursing.

16 (4) Nearly 1 in 4 parents without paid sick
17 time reports sending a sick child to school or child
18 care because the parent has to go to work. When
19 children go to school and child care sick, they risk
20 their own health and that of other children, teach-
21 ers, and administrators. Research suggests that
22 schools play a key role in transmitting contagious ill-
23 nesses like influenza.

24 (5) A 2012 study published in the American
25 Journal of Public Health found that a lack of work-

1 place policies like paid sick days contributed to an
2 additional 5,000,000 cases of influenza-like illness
3 during the H1N1 pandemic of 2009.

4 (6) A National Bureau of Economic Research
5 analysis examining influenza rates following the im-
6 plementation of comprehensive paid sick time laws
7 in 7 major cities in the United States found that
8 when workers gained access to paid sick time in
9 those cities, the general influenza rate in the popu-
10 lation decreased by 5.5 to 6.5 percent. This analysis
11 estimates that those laws helped prevent about 100
12 influenza-like infections per week for every 100,000
13 people.

14 (7) Paid sick days contribute to more cost-effec-
15 tive use of health care resources. A 2011 study by
16 the Institute for Women’s Policy Research found
17 that a universal paid sick days policy would reduce
18 preventable visits to the emergency room and result
19 in cost savings of \$1,100,000,000 per year, includ-
20 ing \$500,000,000 in savings for public health insur-
21 ance programs like Medicare and Medicaid.

22 (8) The American Productivity Audit completed
23 in 2003 found that lost productivity due to illness
24 costs \$226,000,000,000 (\$308,000,000,000 in 2019
25 dollars) annually, and that 71 percent of that cost

1 stems from presenteeism—the practice of employees
2 coming to work while ill. Studies in the *Journal of*
3 *Occupational and Environmental Medicine* and the
4 *Journal of the American Medical Association* show
5 that presenteeism is a larger productivity drain than
6 either absenteeism or short-term disability.

7 (9) Working while sick also increases a worker’s
8 probability of suffering an injury on the job. A 2012
9 study published by the *American Journal of Public*
10 *Health* found that workers with access to paid sick
11 leave were 28 percent less likely than workers with-
12 out paid sick leave to suffer nonfatal occupational
13 injuries.

14 (10) Workers’ access to paid sick time varies
15 dramatically by wage level, as demonstrated by the
16 following:

17 (A) For private sector workers—

18 (i) for workers in the lowest quartile
19 of earners, 55 percent lack paid sick time;

20 (ii) for workers in the next 2 quar-
21 tiles, 27 and 17 percent, respectively, lack
22 paid sick time; and

23 (iii) even for workers in the highest
24 quartile, 10 percent lack paid sick time.

25 (B) For public sector workers—

1 (i) for workers in the lowest quartile
2 of earners, 21 percent lack paid sick time;

3 (ii) for workers in the next 2 quar-
4 tiles, 5 and 3 percent, respectively, lack
5 paid sick time; and

6 (iii) for workers in the highest quar-
7 tile, 5 percent lack paid sick time.

8 (11) Workers' access to paid sick days also var-
9 ies depending on their occupation and race. For ex-
10 ample, more than 80 percent of workers in food
11 preparation and serving occupations lack access to
12 paid sick days, compared to only 23 percent of work-
13 ers in management occupations. More than half of
14 Latino workers and nearly half of Native American
15 or Alaskan Native workers do not have access to
16 paid sick days, compared to nearly 40 percent of
17 White and Black workers.

18 (12) According to the Centers for Disease Con-
19 trol and Prevention, more than 1 in 3 women and
20 more than 1 in 4 men in America report having ex-
21perienced rape, physical abuse, or some form of un-
22wanted sexual contact at some point in their lives.
23 Women and men of color are even more likely to re-
24port being impacted by intimate partner violence.
25 Too many people, and especially women, are forced

1 to risk losing their jobs or critical income when they
2 need to take time away from work to address domes-
3 tic-violence-related issues, such as obtaining a re-
4 straining order or finding housing, in order to avoid
5 or prevent physical or sexual abuse.

6 (13) Without paid sick time that can be used
7 to address the effects of domestic violence, these vic-
8 tims are in grave danger of losing their jobs. In a
9 2018 survey of domestic violence survivors, nearly $\frac{3}{4}$
10 (73 percent) reported that financial problems forced
11 them to remain with their abusers longer than they
12 wanted or to return to their abusers after having
13 left, and more than half (53 percent) said they lost
14 a job because of the abuse. The loss of employment
15 can be particularly devastating for victims of domes-
16 tic violence, who often need economic security to en-
17 sure safety.

18 (14) The Centers for Disease Control and Pre-
19 vention has estimated that intimate partner violence
20 costs over \$700,000,000 annually due to the victims'
21 lost productivity in employment.

22 (15) A 2018 study published in the American
23 Journal of Orthopsychiatry found that workers with-
24 out paid sick leave benefits have higher levels of psy-
25 chological distress and are 1.45 times more likely to

1 report that their distress symptoms interfere “a lot”
2 with their daily life activities.

3 (16) Efforts to assist abused employees result
4 in positive outcomes for employers as well as em-
5 ployees because employers can retain workers who
6 might otherwise be compelled to leave.

7 (17) Dozens of States, cities, and localities have
8 or will soon have paid sick time laws in place and
9 evidence shows that those laws are working well for
10 workers, businesses, and the economy.

11 (18) A 2009 study by the Center for Economic
12 and Policy Research found that, of 22 countries with
13 comparable economies, the United States was 1 of
14 only 3 countries that did not provide any paid time
15 off for workers with short-term illnesses.

16 **SEC. 3. PURPOSES.**

17 The purposes of this Act are—

18 (1) to ensure that working people can address
19 their own health needs and the health needs of their
20 families by requiring employers to permit employees
21 to earn up to 56 hours of paid sick time including
22 paid time for family care;

23 (2) to diminish public and private health care
24 costs by enabling workers to seek early and routine
25 health care for themselves and their family members;

1 (3) to assist employees who are, or whose fam-
2 ily members are, victims of domestic violence, sexual
3 assault, or stalking, by providing the employees with
4 paid time away from work to allow the victims to re-
5 ceive treatment and to take the necessary steps to
6 ensure their protection;

7 (4) to address the historical and persistent
8 widespread pattern of employment discrimination on
9 the basis of gender by both private and public sector
10 employers;

11 (5) to accomplish the purposes described in
12 paragraphs (1) through (4) in a manner that is fea-
13 sible for employers; and

14 (6) consistent with the provision of the 14th
15 Amendment to the Constitution relating to equal
16 protection of the laws, and pursuant to Congress'
17 power to enforce that provision under section 5 of
18 that Amendment—

19 (A) to accomplish the purposes described
20 in paragraphs (1) through (4) in a manner that
21 minimizes the potential for employment dis-
22 crimination on the basis of sex by ensuring gen-
23 erally that paid sick time is available for eligible
24 medical reasons on a gender-neutral basis; and

1 (B) to promote the goal of equal employ-
2 ment opportunity for women and men.

15 shall be assumed to work 40 hours in each
16 workweek.

17 (B) SHORTER NORMAL WORKWEEK.—If
18 the normal workweek of such an employee is
19 less than 40 hours, the employee shall earn
20 paid sick time based upon that normal work-

22 (3) SPECIAL RULE FOR SMALLER EMPLOY-
23 ERS.—A smaller employer may provide paid sick
24 time as provided under paragraph (1) but if such
25 smaller employer opts not to do so, the smaller em-

3 for the same purposes and under the same condi-

5 an employee to earn more than 56 hours of
6 earned paid sick time at a given time.

7 (6) EMPLOYERS WITH EXISTING POLICIES.—
8 Any employer with a paid leave policy who makes
9 available an amount of paid leave that is sufficient

11 may be used for the same purposes and under the
12 same conditions as the purposes and conditions out-
13 lined in subsection (b) shall not be required to per-
14 mit an employee to earn additional paid sick time
15 under this section.

16 (7) CONSTRUCTION.—Nothing in this section
17 shall be construed as requiring financial or other re-
18 imbursement to an employee from an employer upon
19 the employee's termination, resignation, retirement,
20 or other separation from employment for earned
21 paid sick time that has not been used.

22 (8) REINSTATEMENT.—If an employee is sepa-
