United States House of Representatives  
Washington, DC 20515

**Re: SMACNA Endorsement of Jessica Looman - Administrator of Wage and Hour Division**

Dear Representative:

The Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) is supported by more than 3,500 construction firms specializing in industrial, commercial, residential, architectural and specialty sheet metal and air conditioning construction in public and private markets throughout the United States. **On behalf of SMACNA, I want to share our most enthusiastic endorsement of Jessica Looman, now Administrator of the US Department of Labor's Wage and Hour Division (WHD). Ms. Looman was confirmed by the Senate October 25<sup>th</sup> after being reported by a bipartisan HELP Committee vote to the Senate floor March 28<sup>th</sup> due to her outstanding qualifications, experience, fairness, and judgement** while serving at the Department of Labor as well as in many highly important private and public service positions at the local, state, and federal levels. Partisan politics aside, she was an outstanding nominee with decades of legal and public service experience at many private and public sector levels. **She was endorsed by many private sector employers and their organizations as well as a variety of national construction associations.**

Over many decades of reviewing candidates for federal appointments, SMACNA as a CEO member corporate trade association has very rarely endorsed a nominee for federal office. However, we make a special exception to support Jessica Looman to be WHD Administrator due to years of appreciation for her dedication and ability as well as our first-hand experience viewing her fairness, judgement, and professionalism at the state and federal levels. Our member corporations have appreciated her work up close, from her service as Minnesota Commissioner of Commerce, Assistant and Deputy Commissioner of the Minnesota Department of Labor and later as Executive Director of the Minnesota State Building and Construction Trades Council. Ms. Looman made significant progress in Minnesota to increase private and public investment in construction infrastructure, an effort benefitting contractors and workers alike as well as the Minnesota taxpayer. During tenure at the Minnesota and US DOL she actively supported increasing construction workforce training quality, public project safety and productivity. On these long ignored regulatory matters she has earned the trust of our industry and introduced policy proposals important to our thousands of firms and their workforce.

In summary, SMACNA has long viewed Ms. Looman as a highly competent, first-rate administrator supportive of a construction industry with a larger skilled workforce led by quality driven firms. For that reason and many more, we endorsed Jessica Looman to be the Administrator of the Wage and Hour Division.

**In our view, there is no more qualified and experienced person to lead the Wage and Hour Division and we wish her well in her newly confirmed role at the Department of Labor.**

Sincerely,

Stanley E. Kolbe, Jr.  
Executive Director, Government and Political Affairs
