

Page 10, beginning line 3, amend subparagraph (B)

to read as follows:

(B) require a license for all servicing of any applicable item located in any key semiconductor manufacturing facility and mandate the removal of all equipment meeting the parameters of Export Control Classification Number 3B993.f.1 (excluding the parameters described in 3B993.f.1.b.2) that are either physically in or in transit to key semiconductor manufacturing facilities; and

Page 19, beginning line 6, strike “advanced-node”.

Insert the following:

Failure to comply with the license requirement for servicing and maintenance personnel, will result in the removal of all chip tools and machinery on Chinese soil, and any current tools and machinery in transit to China will be halted.
