

Diane Foley Biography

Diane M. Foley was born in Keene, NH. She received her master's and bachelor degrees in nursing from the University of New Hampshire. She worked as a community health nurse and then managed her own family practice in Dover, NH for 15 years.

Diane has been married to Dr. John Foley for 44 years. He is a physician who served six years in the US Army Medical Corps. Diane and John raised five children, two who are presently active duty military.

She is the Founder of James W. Foley Legacy Foundation to continue Jim's legacy of freedom and justice for those without a voice....be they American hostages, conflict journalists or disadvantaged children without access to education.
