

Henry Chao – Biography

Henry Chao has served since January 2011 as the Deputy Chief Information Officer and Deputy Director of the Office of Information Services at the Centers for Medicare & Medicaid Services (CMS). Prior roles include Chief Information Officer in the Office of Consumer Information and Insurance Oversight and Chief Technology Officer for CMS. Mr. Chao's professional accomplishments include: Chairing the CMS Technical Review Board, as well as the CTO Technical Advisory Committee, which provide support for the Agency's information technology governance processes; served as the Medicare Part C and D Systems Implementation Manager; led the final design and implementation phases of systems, while meeting the production deadline for over 10 major systems for the Medicare Prescription Drug Program; implemented Health Insurance Portability and Accountability Act's standard transactions and code sets; and participated in the creation of the common enterprise architecture framework, "Medicaid Information Technology Architecture", which has been widely adopted by most states.
