**Interests**

Just so you know a little bit about who I am... I am a God-loving, kind-hearted patriotic American.

I am an avid reader. I love learning and delving deep into subjects that interest me. Currently that list is pretty eclectic – anything from quantum theory to ancient history to how the mind works.

I love to travel. Historical sites are my favorite – the older the better.

I love to share. I enjoy sharing my blessings, my expertise and my joy in life.

I love to help people. The best thing about my job is improving my clients' sense of wellbeing.
