

James N. Albers, Senior Vice President for Government Operations – James Albers is responsible for all of MorphoTrust’s federal business development across the three market segments: Enterprise, Identity and Services. The federal sector customer base includes the Department of Defense, Department of State, Department of Homeland Security, Department of Justice, Intelligence Community and the Veteran’s Administration. During his tenure, Mr. Albers changed the business model from product-based sales to providing complete identity solutions, serving as Prime Contractor or major subcontractor on all significant identity management programs. Prior to joining MorphoTrust, he served as Vice President of Government Operations for Sarnoff Corporation, and as President, EVP and VP at Frequency Engineering Laboratories. In the public sector, Mr. Albers has worked for the State of New Jersey, and served as Chief of Staff, Assistant Commissioner, Chairman of the Economic Development Authority, Urban development Authority and other financing organizations.
