

Kimberly Del Greco is the Deputy Assistant Director leading the Information Services Branch within the FBI's Criminal Justice Information Services Division. Ms. Del Greco has served 26 years in government and 14 years as a Senior Executive. For 11 years, Ms. Del Greco led the Biometric Services Section which is responsible for providing identification and investigative services to the law enforcement and national security communities using advanced fingerprint technology, facial recognition, and criminal history services. Ms. Del Greco developed the Biometric Center of Excellence for exploring and advancing biometric and identify management technologies. Today, Ms. Del Greco provides leadership over the Biometric Services Section, the National Instant Criminal Background Check Section, and the Information Technology Management Section.
