

Angela Gray, BSN, RN

Angela Gray, BSN, RN is the Nursing Director for the Berkeley-Morgan County Board of Health. In this role, Angie oversees clinical staff and operations in the Berkeley County Health Department, located in Martinsburg, WV and in the Morgan County Health Department which is located in Berkeley Springs, WV.

Angie earned her LPN license in 1994 and a Bachelor of Science in Nursing in 2006 at Mountain State University. She taught Community Health clinical for Shepherd University's BSN program from 2009-2011 and continues to sit on the WV TB Advisory Committee which she joined in 2011.

Until recently Angie served on the Morgan County Board of Health, where she was the elected chairperson in 2013. She is a member of the Future of Nursing WV Action Coalition Leadership Team, and a Robert Wood Johnson Foundation Public Health Nurse Leader.

In addition to being a longtime member of the West Virginia Public Health Association, where she has served in many elected roles on the Nurse Executive Committee, Angie is devoted to the health and wellbeing of West Virginians in her professional and personal life. Angie continues to spearhead the Harm Reduction efforts for the Berkeley-Morgan County Board of Health and is often sought after for interviews, knowledge sharing and best practice approaches by other organizations.

In her spare time, in addition to serving as a board member on the grass roots non-profit, Life or Drugs, Tri-State Support, that provides support, awareness, education and prevention opportunities locally, Angie enjoys spending time with her husband, daughter, nieces, nephews and country cousins.
