The Honorable Jamie Raskin  
Ranking Member, House Oversight Committee  
2242 Rayburn House Office Building  
Washington, DC, 20515-2008

Subject: Letter of Support for Delinking Revenue from Unfair Gouging (DRUG) Act (H.R. 6283)

Dear Chairman Comer and Ranking Member Raskin,

I am writing to express my strong support for the Delinking Revenue from Unfair Gouging (DRUG) Act (H.R. 6283) and to urge you to consider and advance this important legislation through the House Oversight Committee. This legislation addresses a critical issue in our healthcare system and seeks to promote fairness, accessibility, and affordability of essential medications for all Americans.

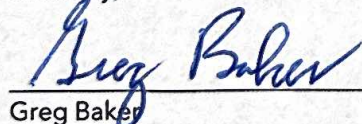

The rising costs of prescription drugs have become a significant burden for many individuals and families across the nation. The DRUG Act presents a commendable effort to tackle this issue by delinking the revenue generated by pharmaceutical companies from unfair pricing practices. By doing so, the Act aims to ensure that the pricing of essential medications is reasonable and justifiable, prioritizing the well-being of patients over excessive profits.

Access to affordable healthcare is a fundamental right, and the high costs of prescription drugs often create barriers to this access. The DRUG Act is a step in the right direction to address this challenge and make essential medications more accessible to those who need them. Additionally, it sends a strong message that the government is committed to protecting the interests of its citizens when it comes to their health and well-being.

I believe that passing the DRUG Act through the House Oversight Committee is crucial to advancing the cause of affordable healthcare in our country. I appreciate your dedication to addressing pressing issues affecting the lives of everyday Americans, and I trust that you will give due consideration to the positive impact that the DRUG Act can have on the lives of countless individuals.

Thank you for your attention to this matter, and support for comprehensive PBM reform legislation. I look forward to witnessing the progress of the Delinking Revenue from Unfair Gouging (DRUG) Act in the House Oversight Committee.

Sincerely,
