House Committee on Oversight and Reform  
2157 Rayburn House Office Building  
Washington, DC 20515

Chairman James Comer and Ranking Member Jamie Raskin:

Government transparency and Congressional oversight are more important than ever as the Biden administration tries to force far-Left ideology on all Americans through overreaching and often unconstitutional regulations. Americans deserve to have adequate time to see, assess, and—at times—push back against new rules. H.R. 262, the All Economic Regulations are Transparent (ALERT) Act of 2023, is a step toward restoring trust with the American people by promoting principled governance and badly-needed accountability for Biden's bloated administration.

Sincerely,

Ryan Walker  
Executive Vice President
