Re: *Support for Establishing a Unique ZIP Code for Highland City, Utah*

Dear Chair Sessions and Ranking Member Mfume,

The Utah County Commission supports Highland City's request to establish a distinct ZIP code.

Highland City is a rapidly growing community in northern Utah County, with a strong civic identity and expanding residential and commercial development. Currently, Highland shares postal codes with neighboring jurisdictions, which has created confusion for residents, businesses, and emergency services. Establishing a separate ZIP code would streamline mail delivery, improve service accuracy, and support more efficient coordination among local, county, and federal agencies.

Utah County also appreciates the dedicated efforts of Representative Mike Kennedy and his team in assisting Highland City with this request. Their advocacy on behalf of local communities continues to make a meaningful difference in ensuring our fast-growing region receives the attention and resources it needs.

As Utah County continues to experience unprecedented growth, we appreciate the Committee's consideration of this matter and the ongoing partnership between federal, state, and local leaders in serving our residents.

Thank you for your attention to this important request.

Sincerely,

DocuSigned by:
