March 30, 2023

On January 31st of this year, the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) finalized regulations called “Factoring Criteria For Firearms with Attached ‘Stabilizing Braces.’”

These regulations are an affront to hundreds of good, law-abiding citizens in my district. In fact, lack of compliance with these regulations could make felons of as many as 40 million American patriots, with jail time of up to 10 years and a \$250,000 fine.

The ATF is an unconstitutional agency which enables the government to wage war on the Second Amendment. The agency illegally compiles electronic lists of American citizens and attempts to falsely interpret law so as to remove as many legal firearms as possible from peaceful gunowners.

I encourage my peers to remain vigilant—this agency is a roving, unchained behemoth in search of freedoms to devour. The ATF must be held accountable, restrained, and, God-willing, abolished completely.

Sincerely,
