

**Dr. Ed Amoroso** is currently Chief Executive Officer of TAG Cyber LLC, a global research and advisory company that supports enterprise cybersecurity teams and commercial security vendors around the world. Ed recently retired from AT&T after thirty-one years of service, beginning in Unix security R&D at Bell Labs and culminating as Senior Vice President and Chief Security

Officer of AT&T from 2004 to 2016.

Ed has served as Research Professor at the Tandon School of Engineering at NYU since 2017. He has also been an Adjunct Professor of Computer Science at the Stevens Institute of Technology for the past thirty years, where he has introduced nearly two thousand graduate students to the topic of information security. Ed also serves the Applied Physics Laboratory at Johns Hopkins University as a senior advisor. He is the author of six books on cybersecurity and dozens of major research and technical papers and articles in peer-reviewed and major publications.
