

Kevin Walsh - Biography

Kevin is a Director in GAO's Information Technology and Cybersecurity team. He joined GAO in June 2006, and oversees work on artificial intelligence, the authorities of Chief Information Officers, the Census, cybersecurity, legacy IT systems, as well as NASA and National Weather Service space systems. This work plays a key part in GAO's High Risk areas on Ensuring the Cybersecurity of the Nation, as well as Improving the Management of IT Acquisitions and Operations.

Kevin has led teams reviewing global cybercrime, cyber insurance, DOD's financial management, and major modernization efforts across the government.

Prior to joining GAO, Kevin worked as a financial analyst. He graduated from the University of Maryland with a bachelor's degree in economics and received a master's degree in business administration from Virginia Tech. He currently resides in Maryland with his wife and children.
