

## **John Miller**

### **Biography**

John Miller is Senior Vice President for Policy and General Counsel at the Information Technology Industry Council (ITI), the preeminent global technology trade association. John founded and leads ITI's Trust, Data and Technology policy team, driving ITI's global strategy and advocacy on cybersecurity, supply chain resiliency and security, privacy and data protection, artificial intelligence (AI), data policy, telecommunications, national security, and a broad range of related digital policy and legal issues. A recognized global expert on technology policy, Mr. Miller has testified before the U.S. Congress on an array of topics including cybersecurity incident reporting, cyber diplomacy, the Cyber Safety Review Board, supply chain resiliency, data breach, supply chain risk management, and federal privacy legislation, and was selected and currently participates in the Organisation for Economic Co-Operation and Development (OECD) Network of Experts on AI and OECD Expert Community on Data Free Flows with Trust. A longtime industry leader, John has significant leadership experience in public-private partnerships, including currently serving as the co-chair of the CISA-sponsored Information and Communications Technology Supply Chain Risk Management Task Force and previously serving as the Chair of the Information Technology Sector Coordinating Council.
