The vision of the Hawai'i Community Foundation is to create an equitable and vibrant Hawai'i in which all our Island communities thrive. With our more-than-105-year history, our trusted expertise, and the generous support of donors, we are working to address the root causes of our state's most difficult challenges, including expanding access to affordable housing, conserving fresh water resources, and ensuring the healthy development of Hawai'i's young children. We focus our efforts through the CHANGE Framework, which identifies six essential sectors affecting the overall well-being of these islands and its people. HCF works in communities across Hawai'i, with offices and staff located statewide. In 2022, HCF stewarded more than 1,100 funds, established by individuals, businesses, and organizations who share our passion for a better Hawai'i. We distributed over $87 million in grants to the community from funds at HCF, contracts, and private foundations statewide, including scholarships assisting more than 1,000 Hawai'i students.
