

Dominick A DellaSala, Ph. D.¹

222 Joseph Drive; Talent, Oregon; 541-621-7223
dominick@wild-heritage.org

I am a passionate scientist also serving as a CEO with three decades of expertise in conservation biology, biodiversity, and climate change planning from regional to international. I have >200 scientific publications; extensive public speaking, media and government relations; have founded and directed organizations and governing boards; managed small and large numbers of staff; and stewarded large donors and multi-year gifts. I seek to inspire, support, and communicate effectively in goal-oriented and science-based conservation.

Education (1979-89)

Adelphi University, Garden City, New York
Bachelor's Degree (highest honors) May 1979

Foraging behavior of birds and reptiles in old-fields, Long Island, NY

Wayne State University, Detroit, Michigan

Master's Degree (highest honors) May 1982

Nesting, foraging behavior of yellow warblers in old fields and riparian areas, MI

University of Michigan, Ann Arbor, Michigan

Ph. D (highest honors) June 1986

Effects of forest fragmentation on neotropical migratory songbirds, MI

Post-doc Research Fellowships on Endangered Species: Oregon State University (1986-88),
University of Wyoming (1989)

Employment (1993-present)

World Wildlife Fund, Washington, D.C; Director (1993-2006)

Management and staffing for domestic forest program tiered to WWF international programs, including large budgets, donor cultivation, corporate and government funding/relations

Oregon State and Southern Oregon Universities, Adjunct faculty (2008-16)

Course development, student advisor

Geos Institute, Ashland, Oregon; Chief Scientist/President (founder) (2006 – 2020)

Budgeting, staffing/contracting, fund raising, board relations for climate change organization.

Wild Heritage, a project of Earth Island Institute, Berkeley, CA; Chief Scientist, current

Executive Experience (2006-present)

Experienced in all aspects of running and representing organizations

- Office management, media and government relations, board relations, staffing, multi-disciplinary projects, diverse coalitions, budget tracking, grant and contract management.
- Diverse fundraising portfolio - foundations, universities, donors from \$1,000 to \$1 million, including multi-year gifts.
- Diversity, equity, and inclusivity training and application.

¹Profiles on LinkedIn and Research Gate; blogs at www.ipfieldnotes.org/author/dominickdellasala/;
www.scitechconnect.elsevier.com/author/dominick-dellasala/

Boards, Coalitions, Committees (1998-present)

Committees

- White House Office Science and Technology Policy (1998, appointed by president Clinton)
- International Forest Conservation Chair (WWF, 1995-2000);
- Northern Spotted Owl recovery team (2006-2008, US Fish Wildlife Service)
- Alaska Coastal Rainforest Center (affiliate scientist, 2011-14)
- North Pacific Landscape Conservation Cooperative (Fish & Wildlife Service; 2012-2014)
- Technical reviewer for IPCC (2016)
- Oregon Global Warming Commission Task Force on Forest Carbon (selected by the governor, 2016-2018); Oregon Forest Carbon Stakeholder Group (selected by the governor, 2018-2019).

NGO Boards and Coalitions

- Geos Institute (2006-2020)
- Society for Conservation Biology (elected board president 2004-2012; two-terms)
- *IntAct*: international action for the world's primary forests (current), Forest Carbon Coalition (national/regional conservation groups, science advisor, current).

Editorial boards

- *Imperiled* (2021; co-chief editor, Elsevier); *Encyclopedia of World's Biomes* (2019; co-chief editor, Elsevier); *Encyclopedia of the Anthropocene* (2018; co-chief editor, Elsevier); *Earth Systems and Environmental Sciences* (2017, Elsevier); *Natural Areas Journal* (2008-present); *Conservation Biology* (2012-16); *Diversity* (2015-present).

Leadership, Training, Fellowships (2000-present)

- *Certified as a conservation leader skilled in organization management, financial tracking, diversity/equity/inclusivity training, fundraising, and board relations.*
- *Conservation Leadership Awards*: Wilburforce Foundation and World Wildlife Fund (twice) for national leadership on roadless areas and new national monuments.
- *Choice Magazine Book Publication Award* – Temperate and boreal rainforests of the world (the only award given to an Island Press that year).
- *Fulbright Specialist*. U.S. State Department academic specialist.
- *Griffith University fellowship (delayed by Covid) and University of Melbourne fellowship (delayed by Covid)* for global research on primary forests and postfire landscapes.
- *Training Resources for the Environmental Community and Management Skills for the New Supervisor including Diversity/Equity/Inclusivity (Padgett Thompson).*
- *Certificates in Wetland Delineation (Wetland Training Institute), and US Fish & Wildlife Service Habitat Evaluation Procedures. Previously a registered bird bander.*

Media and Communications (1993-present)

Solid media relations with extensive press (sometimes weekly), including CNN; MSNBC (debates); BBC; High Country News; LA, NY and Seattle Times; Reuters; Science magazine and Science Digest; National Geographic; National Audubon and National Wildlife; NPR and PBS; Jim Lehrer News Hour; local TV, radio; numerous op-eds, blogs, and even Fox News!

Government and International Relations (1993-present)

Expert witness at congressional and State hearings on climate change, forests, wildfire, endangered species, and scientific integrity; legislative briefings on climate change; President Clinton's historic White House roadless signing ceremony and national monument designations; and several national and state committee appointments. Biodiversity research teams in Australia, Russia, Europe, tropics, North America. Technical reviewer for IPCC. Tribal consultation involving integrating conservation and development, and land acquisitions for conservation purposes.

Science Publications (select 2000-present several prior not shown)

Peer-Reviewed

DellaSala, D.A., H. Keith, T. Sheehan, J. Strittholt, B. Mackey, M. Connolly, J.R. Werner, and A.L. Fredeen. In press. Estimating carbon stocks and stock changes in Interior Wetbelt Forests of British Columbia, Canada. *Ecosphere*.
