Rep. Paul Gosar

- **11/13/2019**, Rep. Gosar hides Twitter message: “Epstein didn’t kill himself”
 - <https://michiganadvance.com/briefs/gop-congressman-hides-twitter-message-epstein-didnt-kill-himself/>
- **11/14/2019**, @RepGosar: We don’t know whether Jeffrey Epstein killed himself, but we do know that Democrats will stop at nothing to impeach President @realDonaldTrump
 - <https://x.com/RepGosar/status/1195156074241953792>
- **04/28/2020**, @RepGosar: Her husband literally flew on Jeffrey Epstein's plane.
 - <https://x.com/RepGosar/status/1255291309356732416>
- **05/27/2020**, @RepGosar: So we have the ability to trace interactions between individuals with COVID-19 but not Jeffrey Epstein's pedophile ring?
 - <https://x.com/RepGosar/status/1265742492823097347>

Rep. Andy Biggs

- **08/11/2022**, @RepAndyBiggsAZ: The FBI has done virtually nothing with the Hunter Biden computer for years, allowed Hillary Clinton to skate when she violated numerous laws, and haven’t pursued Jeffrey Epstein’s associates. The Trump raid is an abuse of power against an important political opponent.
 - <https://x.com/RepAndyBiggsAZ/status/1557833333752709123>
- **12/1/2024**, @RepAndyBiggsAZ: Americans deserve transparency from the corrupt FBI—starting with Epstein’s client list and the Russian collusion hoax. Kash Patel is the man to clean it up. He knows where the bodies are buried.
 - <https://x.com/RepAndyBiggsAZ/status/1863337849107468481>
- **12/23/2024**, @RepAndyBiggsAZ: The probe into @FmrRepMattGaetz relies on the testimony of witnesses even Biden’s corrupt DOJ found to be not credible. But the Swamp still proceeded to waste time and money with this smear campaign. Where is Epstein’s client list?

Rep. Nancy Mace

- **11/30/2024**, in response to a tweet produced by Tim Burchett, @NancyMace tweets out: “Epstein list... let’s go....”
 - <https://x.com/NancyMace/status/1863041640207626694>
- **02/25/2025**, in response to a tweet by @DogRightGirl (“I’m trying to be patient with @AGPamBondi but my patience is growing thin.”), @NancyMace: Release the Epstein files.
 - <https://x.com/NancyMace/status/1894570731918213537>

- **04/01/2025**, @NancyMace: The American people aren't sheep. They're starving for the truth on JFK, Epstein, MLK ... you name it.
 - <https://x.com/NancyMace/status/1907154354206830893>
- **06/06/2025**, @NancyMace: Democrats all of a sudden want to release the Epstein files. Thank you Donald Trump and Elon Musk. Well-played gentlemen. Game. Set. Match.
 - <https://x.com/NancyMace/status/1930971736993923257>
- **07/14/2025**, @NancyMace: I've always been an advocate for women and children. The Jeffrey Epstein case is no different. I want to see arrests. I want to see any one who raped underage girls in handcuffs and behind bars. No more passes for predators. May God bless President Trump - he's never let us down before!
 - <https://x.com/RepNancyMace/status/1944909526215376979>
- **07/14/2025**, @NancyMace: I believe we need answers on Epstein. If 1,000 kids were trafficked, how is there only one accomplice? Did the Biden Administration destroy any evidence? I stand with women, children, the truth and TRUMP.
 - <https://x.com/NancyMace/status/1944942272514285775>
- **07/15/2025**: Representative Nancy Mace, Republican of South Carolina, said in an interview that she has been bombarded by angry voters demanding more transparency from the Trump administration on the case. "It's the only thing we've heard about for the last 100 hours," Ms. Mace said. "It's every social media platform, every phone call into the office. You see that interest on an issue, and you've got to respond." Ms. Mace said she supported the idea of appointing a special counsel to look into whether anyone destroyed evidence and who else might have been involved in trafficking girls and young women. "If the Justice Department can be more transparent on this, it would be best for the country," she said. "People don't trust the government, and we haven't given them much reason to over the past few years."

- **07/15/2025** (Rep. Mace wrote this minutes after voting against the release of the Epstein files) @NancyMace: All child rapists should get the death penalty.
 - <https://x.com/NancyMace/status/1945209117020246510>
- **07/15/2025**, @NancyMace: There was no vote on the Epstein files this afternoon, despite Democrats best efforts to trick the FAKE NEWS and YOU into thinking otherwise. Here's what really happened: Democrats claimed that if the Previous Question (PQ) failed, they'd offer an amendment to force the release of the Epstein files. But a PQ vote isn't about Epstein, or any specific issue. It's a procedural vote to end debate and let the majority control the floor. If it fails, the minority takes over. In today's GOP-led Congress, Democrats have no shot at defeating the PQ. So they played games - knowing it would fail - and then falsely claimed Republicans voted against releasing the Epstein files. Don't fall for it. A TOTAL and COMPLETE LIE. This was a routine, party-line procedural vote. Nothing more. In fact, a PQ hasn't failed since the 1980s.
 - <https://x.com/NancyMace/status/1945254142596768049>

- **07/17/2025**, @NancyMace: Hard to teach an old dog new tricks, so McGovern is up to his second one this week, but for your situational awareness the vote on the previous question tonight is NOT about Epstein contrary to his comments on the floor just now. That's a lie. Furthermore, Dems didn't care one cent about Epstein until this week because they think it will divide MAGA for the midterms next year (it won't).
<https://x.com/NancyMace/status/1946041652377706825>
- **07/17/2025**, @NancyMace: Why didn't the Democrats do it when they were in charge? "So, uh... I don't know" is the most honest thing they've said all year.

Rep. Scott Perry

- **06/06/2022**, @RepScottPerry: So...the J6 Kangaroo Court called in the former ABC News boss (puppeteer) to emcee its sham primetime political theater — the same guy who refused to break the Jeffrey Epstein story. Guess every carnival needs a barker.
<https://x.com/RepScottPerry/status/1533923175364435973>
- **02/27/2025**, @RepScottPerry: JUST IN: @AGPamBondi and @FBIDirectorKash will provide sufficient transparency on the Jeffery Epstein file, I told @Richzeoli on @1210WPHT. "It's in the public's interest to know this stuff."
<https://x.com/RepScottPerry/status/1895260068825923645>
- **02/28/2025**, @RepScottPerry: "If there are holdovers from the previous administrations protecting Epstein and his client list, then they're gonna have to be dealt with," I told @NEWSMAX's @edhenry
<https://x.com/RepScottPerry/status/1895469535337365673>
- **07/18/2025**, @RepScottPerry: Weaponization of the federal government. Epstein. Enough is enough. My request to the Attorney General here:

Rep. Lauren Boebert

- **02/25/2025**, @RepBoebert: Today would be a great day for @AGPamBondi to release the Epstein Files. The truth will set us free!
<https://x.com/RepBoebert/status/1894413950327910414>
- **07/16/2025**: Congresswoman Lauren Boebert, R-Colorado, tells "On Balance" that "someone else needs to take a look" at the Jeffrey Epstein files after outrage of Attorney General Pam Bondi's handling of the case. She is pushing for special counsel, and suggested lawmakers need to hear from Ghislaine Maxwell herself.
<https://youtu.be/fqIkxGLnggc?si=t68ZP8BY-zoKm0lC>
 - QP: What is a special prosecutor going to do that Pam Bondi did not, has not, or has done incorrectly?
 - Boebert: "Well there are certainly some rhetoric we are hearing about frustrations with the information that was let out. Now, I don't want this to become a false idol for Republicans and something that is going to distract

us from the amazing progress that President Trump and his administration have been doing, and so, let there be a special counsel to get the information that the Americans want, if that's something that ends up taking place in Congress, fine. This is something that we need more information on, but just like President Trump is saying, he's really putting this back on the Democrats, and it's so obvious that this isn't something he's trying to cover up because he may or may not be listed in this. If he was on the island, then the Democrats would have already released this [information/files] themselves."

- QP: What powers would the special counsel have? What would Special Counsel do that is different than what Pan Bondi should have/could/would have do?
 - Boebert: "The answers I am looking for is whatever is out there that is not satisfactory to some folks. People want information on this, this is a big deal... and with President Trump, this was not the main thing he ran on. I'd much rather have a secure border than a list from a dead pedophile currently. We do value transparency, and this is something that we thought we could open up phase 1 of a binder and get answers, and there hasn't been a phase 2. But I do trust President Trump and I trust the process. Moving forward with a special counsel allows us to get back to the amazing work that President Trump is doing. His job reports are great, the economy is doing much greater with the BBB, we have secured the southern border. We now have a mass deportation machine on steroids thanks to BBB. I want a Special Counsel to focus on this, so we can get back to the amazing work that President Trump is doing."
- QP: Do you have faith in [Pan Bondi] that she did a good job?
 - Boebert: "I'm saying that I'd like more information to come out from this. I'm not trying to be combative here, I think we're saying the same thing: people are frustrated, and we want to know if there is more information. I don't know exactly what Bondi has seen or what she hasn't seen. I've seen just as much of what has been released as you have. So, I'm saying maybe someone else should take a look at this. We can walk and chew gum at the same time. We can also celebrate our secured border, putting America first, etc. I trust Trump's way of handling this. There's no defense of this Epstein rollout My friends and the MAGA movement are frustrated, but there are other ways to get more information. I trust President Trump and there have been amazing victories from him. We cannot lose sight of these amazing victories."
