IN THE HOUSE OF REPRESENTATIVES

A BILL

To amend the Homeland Security Act of 2002 to direct the Secretary of Homeland Security to modernize and implement the national integrated public alert and warning system to disseminate homeland security information and other information, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Integrated Public Alert
5 and Warning System Modernization Act of 2015”.

1 **SEC. 2. FINDINGS.**

2 Congress finds that—

3 (1) numerous proven and tested technologies
4 exist to enable the Federal Government to update
5 and modernize its dissemination of public alerts and
6 warnings;

7 (2) the expected benefits of these enhancements
8 include—

9 (A) greater security, effectiveness, reli-
10 ability, integration, flexibility, comprehensiveness,
11 and redundancy of the Federal Govern-
12 ment's alert and warning capabilities;

13 (B) rapid alert dissemination;

14 (C) an improved ability to notify remote lo-
15 cations;

16 (D) an improved ability to notify individ-
17 uals with disabilities; and

18 (E) the ability to geographically target and
19 deliver alerts and warnings through multiple
20 communication modes;

21 (3) there is a need to test the viability of deliv-
22 ering messages through diverse communications
23 modes to effectively alert and warn the public;

24 (4) there is a need to update, modernize, and
25 improve the ability of the Federal Government to

1 provide residents of the United States with timely
2 and effective warnings;

3 (5) although significant Federal integration ef-
4 forts are underway, the aggregation, dissemination,
5 and reporting system necessary for effective public
6 alert and warning will require an integrated national
7 network for flexible, reliable, secure, and authenti-
8 cated dissemination of emergency alerts and warn-
9 ings by Federal, State, local, and tribal entities that
10 are authorized to issue alerts to the public;

11 (6) there is a need to ensure that alerts and
12 warnings are accessible to people with disabilities,
13 particularly with sensory disabilities; and

14 (7) States and urban areas should be allowed to
15 utilize homeland security grants for the purposes of
16 updating and modernizing public alert and warning
17 capabilities.

18 **SEC. 3. NATIONAL INTEGRATED PUBLIC ALERT AND WARN-**
19 **ING SYSTEM MODERNIZATION.**
