

white pigeon paper company

September 29, 2015

The Honorable Fred Upton
Chair, Energy and Commerce Committee
United States House of Representatives
2183 Rayburn House Office Building
Washington, D.C. 20515

Dear Fred:

I know I wrote you last week but I want you to fully understand the depth of my appreciation for understanding and leadership on the paper recycling issue. The changes that have been made to accommodate the concerns of the Democrats were in fact good changes and have made the provisions more clear. It has been a good process.

I hope the process works as well for you tomorrow. You have taken on an ambitious goal. If anyone can do it, you can. Come out to see the mill one day—we have made considerable investments, for a small family owned company, and the mill is doing very well, and the employees are happy. They would love to see you.

Sincerely,

Peter A. Tamegen
CEO
