

**AMENDMENT TO H.R. \_\_\_\_\_**

**OFFERED BY M\_\_ . \_\_\_\_\_**

Page 7, beginning on line 17, strike “operators of transmission pipeline facilities to install and use automatic or remote-controlled shut-off valves for such pipeline facilities” and insert “operators of newly constructed or entirely replaced transmission pipeline facilities to install and use, based on a risk assessment, automatic or remote-controlled shut-off valves, or equivalent technology, where economically, technically, and operationally feasible, for such pipeline facilities”.
