

**AMENDMENT TO DRAFT OVERSIGHT PLAN
OFFERED BY M. _**

In the section entitled “Energy Efficiency”

- (1) In the first sentence, insert “tailpipe emissions and” before “energy”
- (2) In the second sentence —
 - (a) strike “assess the merit of having two federal agencies operating parallel efficiency programs”, and
 - (b) insert “examine the importance of the wholly independent obligations of EPA to address vehicle emissions, and NHTSA to improve fuel economy. The Committee will assess the Administration’s adherence to this dual statutory scheme, as held by the Supreme Court in *Massachusetts v. EPA*, and affirmed by Congress.”; and
- (3) at the end insert, “and ensure the Administration meets its obligations under the law to protect public health and welfare from air pollution.”
