

AMENDMENT TO DRAFT OVERSIGHT PLAN

CHIPS and Science Contracts

CMT #15

On page 13, under the section entitled “Manufacturing”, after “minimize CCP’s role in these processes and products.” insert –

- (1) “The Committee will conduct oversight on the Administration’s last-minute changes to the final CHIPS awardee contracts, its legality, and its impact on implementing the bipartisan CHIPS and Science Act, which promotes domestic research and manufacturing of semiconductors. The Committee will also conduct oversight on the impact of these last-minute contract changes and any subsequent delays or project cancellations on our global competitiveness with our Chinese adversaries in the semiconductor market.”
