

**AMENDMENT TO DRAFT OVERSIGHT PLAN**

**CMT #20**

**Implementing the AI Bipartisan Task Force Report Recommendation regarding AI use by Federal Agencies**

Insert new paragraph on page 14 under MISCELLANEOUS heading-

The Committee will review current AI uses by agencies under its jurisdiction and cases for future use by such agencies to ensure necessary safeguards are in place to protect the public's privacy, security, civil rights, and civil liberties. The Committee will pay particular attention to whether agencies under its jurisdiction have mature policies in place to leverage AI while safeguarding against the risks presented by algorithmic-based decision-making that inappropriately rely on AI systems without the necessary governance and transparency policies to ensure proper and effective use. The Committee will pay particular attention to whether, as AI is implemented to support agency workflows and inform decision-making, individuals and entities that are substantively and meaningfully affected by a decision or determination by agencies under its jurisdiction are provided the proper notifications of AI involvement and appropriate recourse for appeals and human review.
