

AMENDMENT TO DRAFT OVERSIGHT PLAN

OI #2

On page 15, after the section entitled “Government Scientific and Risk Assessment Programs”, insert the following new section:

“SCIENTIFIC INTEGRITY

The Committee recognizes the importance of protecting scientific integrity at federal agencies that are responsible for public health, environmental protection, energy security, technology, and consumer protection. It will work to ensure that scientists and researchers working in federal agencies and federal grantee institutions across the country are able to conduct their work and communicate important information to the public free of political interference.”
