

**AMENDMENT TO DRAFT OVERSIGHT PLAN  
OFFERED BY M. \_\_\_\_\_**

On page 9, after the section titled “CERCLA (Superfund) and Brownfields”, in a new section titled “Environmental Justice” insert:

“The Committee will review how the billions of dollars of EPA and DOE grants illegally frozen by the Trump Administration are stymying environmental justice, including low-income communities and rural communities’ ability to fund initiatives addressing rural infrastructure, clean water, toxic contamination, and clean air. This oversight will include the targeting of civil servants designated to administer these programs.

“The Committee will also examine how environmental justice staff reductions at the Environmental Protection Agency will impact tribal, rural, and low-income communities across the nation. Specifically, oversight will examine how disbanding the Office of Environmental Justice and External Rights affects the administration of grant programs within its jurisdiction, which includes but is not limited to: Brownfields grants, The Environmental Justice Thriving Communities Grantmaking Program, Superfund grants, Solid Waste Infrastructure for Recycling Infrastructure Grants, Solar for All, Climate Pollution Reduction Grants, Clean School Bus Grants, and Clean Air Act Grants under the Inflation Reduction Act.”
