

**AMENDMENT TO DRAFT OVERSIGHT PLAN**

**CHIPS and Science Staffing**

**CMT #16**

On page 13, under the section entitled “Manufacturing”, after “minimize CCP’s role in these processes and products.” insert –

- (1) “The Committee will conduct oversight on the Administration’s drastic staff cuts at the National Institute of Standards and Technology (NIST) in the Commerce Department and its impact on implementing the bipartisan CHIPS and Science Act, which was passed to promote domestic research and manufacturing of semiconductors. The Committee will also conduct oversight on the staff cut impacts on our global competitiveness with our Chinese adversaries in the semiconductor market.”
