

**AMENDMENT TO DRAFT OVERSIGHT PLAN**

**HE #18**

On page 3, after “The Committee will examine the factors contributing to the rising prevalence of chronic disease in the U.S., as well as analyze efforts to treat and prevent chronic disease.”, insert—

“The Committee will examine the effects that cuts to federal Medicaid funding have on access to preventive care and treatment for chronic disease resulting from uninsured and underinsured people delaying and foregoing needed care and widespread provider closures and reductions in services. The Committee will also study the impact of Medicaid cuts on utilization of emergency rooms, and rates of uncompensated care.”
