

AMENDMENT TO DRAFT OVERSIGHT PLAN

Protecting Consumers from Errors, Bias, and Privacy Violations by AI systems

CMT #14

On page 12 under the Heading “Commerce, Manufacturing, and Trade” –

- (1) At the end of the third full paragraph insert, “The Committee will investigate the ways in which companies, including social media companies and other big technology companies, use consumers’ data without their knowledge and consent to train the companies’ algorithmic or artificial intelligence (AI) systems. The Committee will also examine other sources of data used to train large AI systems, and the risk of error and bias created as a result of data sources used to train AI models. The Committee will explore ways to protect consumers from harmful uses of algorithmic-based decision making, paying particular attention to violations of consumers privacy, erroneous results produced by systems using artificial intelligence, and algorithmic bias.”
