

AMENDMENT TO DRAFT OVERSIGHT PLAN

HE #24

At the end of the third paragraph on page 3 in the section entitled “Biological Threat Preparedness and Response”, insert the following sentence after “emerging biological threats and infectious diseases.”:

“In addition, the committee will review CDC’s role in preventing and treating chronic diseases for vulnerable populations, including Tribal and Territorial Health. The Committee will review the impact of the Trump Administration’s meritless decision to fire thousands of CDC public health employees and the impact to states to prevent and manage chronic diseases, such as Diabetes.”
