

**AMENDMENT TO DRAFT OVERSIGHT PLAN**

**HE #5**

At the end of the third paragraph on page 2 of the section entitled “Biological Threat Preparedness and Response”, insert the following sentence:

“The Committee will exercise robust oversight of the World Trade Center Health Program administered through the CDC to ensure it has full staffing and the funding mandated by Congress to not delay certifications for treatments of cancers and other conditions, process program claims in a timely manner, fully cover medical care to first responders and survivors of the September 11, 2001, attacks, and support ongoing research that continues to identify new 9/11-related health conditions.”
